Gamora and Nebula Mackenzi Lee, 2021-06-01 The second book in the hit series from New York Times best-selling author Mackenzi Lee! This three-book series explores the untapped potential and duality of heroism of popular characters in the Marvel Universe. The first book in the series, *Loki: Where Mischief Lies*, was an instant New York Times best seller and received two starred reviews! Gamora arrives on Torndune—a once-lush planet that has been strip-mined for the power source beneath its surface—with a mission: collect the heart of the planet. What she doesn't know is that her sister, Nebula, is in hot pursuit. Nebula has followed Gamora to Torndune in hopes of claiming the planet's heart first and shaming her sister as vengeance for the part she played in Nebula losing her arm. While Gamora falls in with a group of miners attempting to overthrow the tyrannical mining corporation that controls their lives, Nebula allies herself with the Universal Church of Truth, whose missionaries wait on every street corner to recruit more followers and tithes for

the Matriarch. Both sisters hope their alliance will give them access to one of the massive diggers capable of drilling to the center of the planet. But the closer they get to the heart of the planet—and to each other—the closer they get to uncovering the truth of what brought them there and the role they may unknowingly be playing in a twisted competition with galactic consequences. A competition they can never win . . . unless they learn to trust each other. And trust is the biggest lie in the galaxy.
