The Phoenix Legacy M.K. Wren,2014-09-23 In the thirty-third century, a vast empire teeters on the edge of destruction in the trilogy that “has the sweep and power of Asimov’s Foundation” (Jean M. Auel, author of the Earth’s Children series). A draconian ruling class. A slave rebellion threatening to boil over. A clandestine organization that has limitless power so long as it stays in the shadows. Concord is a hell of a place to die. In M.K. Wren’s mesmerizing trilogy (Sword of the Lamb, Shadow of the Swan, House of the Wolf), a hero defies his birthright to achieve a greater purpose—leading the citizens of Concord to freedom. Doing so may cost the one-time Lord Alexand everything he holds dear, from his love to his own life. With a breathtaking sweep and unforgettable characters, M.K. Wren has penned a series perfect for readers of Divergent.

House of the Wolf M.K. Wren,2013-07-09 Following Shadow of the Swan, the conclusion to the Phoenix Legacy trilogy—the space saga of a doomed civilization and the heroes who fight to save it. In an empire on the brink of implosion, the Society of the Phoenix is the only alternative to catastrophe, yet it is regarded by the rulers of the Concord as treasonable and a greater threat than the ominous rumblings of a Bond uprising. The Phoenix is led by Alex Ransom, formerly known as Alexand, the first born of the House of DeKoven Woolf—but he now lies in an underground infirmary, critically wounded and comatose after a vital foray into Concord territory. Still, the mission of the Phoenix remains steadfast, and a new leader emerges: Jael the Outsider. Meanwhile, one of the original founders of the Phoenix, Dr. Erica Radek, fights for Ransom’s life as hard as she fights for the survival of the Concord. Erica has a third mission: to find Lady Adrien Eliseer, who has vanished without a trace from the Two Systems. Erica knows that Adrien is the key to Alexand’s survival. As war looms, the Concord must face the Phoenix, and only one will rise from the ashes. “A new classic! Has the sweep and power of Asimov’s Foundation Trilogy.” —Jean M. Auel, author of the Earth’s Children series

Yousuf Karsh & John Garo Mehmed Ali,2016-04-19 When President Calvin Coolidge was asked to choose between the artist John Singer Sargent or the photographer John Garo to make his official presidential portrait, Coolidge chose Garo. Although unknown today, in the early years of the twentieth century, Garo was a nationally acclaimed photographer, a leader in the thriving Boston photographic community. Cultured and charming, Garo also painted watercolors, wrote poetry and counted among his friends luminaries in the worlds of music and theater. It was to this humanistic atmosphere of Garo’s sky lit studio that the fledgling photographer, Yousuf Karsh, a survivor of the 1915 Armenian Massacres, was sent by his uncle George Nakash, to be Garo’s apprentice. Garo was a nurturing and encouraging mentor. His three years with Garo transformed young Karsh’s life and influenced his original desire to portray those personalities who made a positive impact on our world. Garo died in 1939, a victim of the Great Depression, ill health and changing photographic taste. Karsh, then still a struggling photographer in Canada, was devastated to discover Garo’s studio ransacked, and many of his portraits missing. Thus began a forty-year odyssey by Karsh to discover his mentor’s portraits, and preserve them for posterity. Drawing on meticulous research and on Karsh’s personal correspondence, Mehmed Ali brings to life this intensely human journey, and the little known story of Garo’s stellar role in the history of photography in New England. Mehmed Ali’s *Yousuf Karsh & John Garo: The Search for a Master’s Legacy* (Benna), illustrated with 100 photographs, most of them by Garo or Karsh, offers an inside look at the early years of celebrity photography. (The Boston Globe) This is also a story of a master and apprentice, a mentor and mentee, with Karsh investing himself in the restoration of Garo’s legacy as one of New England’s notable photographers. Ali’s discovery of Garo while doing research on Armenian political activists in Lowell led him to Karsh’s widow, Estrellita, who encouraged Ali to pursue the story. Ali immersed himself in the subject, revealing the extraordinary accomplishments of both Garo and Karsh. The book is beautifully produced with high quality reproductions, mostly in black and white with a few color images. (The Lowell Sun)

Garos Z. Antreasian Garo Z. Antreasian,2016-01-15 Garo Z. Antreasian (b. 1922) belongs to the great generation of innovators in mid-twentieth-

century American art. While influenced by a variety of European artists in his early years, it was his involvement with Tamarind Lithography Workshop starting in 1960 that transformed his work. As Tamarind's founding technical director, he revolutionized the medium of lithography. He discovered how to manipulate the spontaneous possibilities of lithography in the manner of the Abstract Expressionist painters. In addition to reflecting on his work, he writes movingly about his Armenian heritage and its importance in his art, his teaching, and his love affair with all sorts of artistic media. Illustrating his drawings, paintings, and prints, this book reveals Antreasian as a major American artist. This book was made possible in part by generous contributions from the Frederick Hammersley Foundation and Gerald Peters Gallery.

Accident Ross Hamilton, 2010-10 An accidental glance at a newspaper notice causes Rousseau to collapse under the force of a vision. A car accidentally hits Giacometti, and he experiences an epiphany. Darwin introduces accident to the basic process of life, and Freud looks to accident as the expression of unconscious desire. Accident, Ross Hamilton claims, is the force that makes us modern. Tracing the story of accident from Aristotle to Buster Keaton and beyond, Hamilton's daring book revives the tradition of the grand history of ideas. Accident tells an original history of Western thought from the perspective of Aristotle's remarkably durable categories of accident and substance. Throughout antiquity and the Middle Ages, Aristotle's distinction underwrote an insistence on order and subordination of the inessential. In a groundbreaking innovation, Hamilton argues that after the Reformation, the concept of accident began to change places with that of substance: accident became a life-transforming event and effectively a person's essence. For moderns, it is the accidental, seemingly trivial moments of consciousness that, like Wordsworth's "spots of time," create constellations of meaning in our lives. Touching on a broad array of images and texts - Augustine, Dante, the frescoes of Raphael, Descartes, Jane Austen, the work of the surrealists, and twentieth-century cinema - Hamilton provides a new way to map the mutations of personal identity and subjectivity.

Jacques the Fatalist Denis Diderot, 2006-07-27 Denis Diderot (1713-1784) was among the greatest writers of the Enlightenment, and in Jacques the Fatalist he brilliantly challenged the artificialities of conventional French fiction of his age. Riding through France with his master, the servant Jacques appears to act as though he is truly free in a world of dizzying variety and unpredictability. Characters emerge and disappear as the pair travel across the country, and tales begin and are submerged by greater stories, to reveal a panoramic view of eighteenth-century society. But while Jacques seems to choose his own path, he remains convinced of one philosophical belief: that every decision he makes, however whimsical, is wholly predetermined. Playful, picaresque and comic, Diderot's novel is a compelling exploration of Enlightenment philosophy. Brilliantly original in style, it is

one of the greatest precursors to post-modern literature.

In Search of Greatness Yousuf Karsh, 1962-12-15 In this book Yousuf Karsh, whose great photographic portraits have revealed so vividly the outstanding personalities of our time, writes about his own life and work. It is the story of an Armenian immigrant boy who rose to be the world's finest portrait photographer, whose pictures, reproduced in newspapers, magazines, and books, and shown in museums, art galleries and exhibitions, have been admired by hundreds of thousands of people all over the world. Of his early years in Armenia, Karsh gives a brief but compelling account, writing without bitterness but not sparing the reader the impact on his youthful mind of the brutalities, massacres, and atrocities of that time. The dramatic impression made on him by his first experiences as a young citizen of Sherbrooke, Quebec. His several years of study in Boston with the famous photographer, Garo, show the gradual development of his ideas and skills in portraiture. In 1932, Karsh opened his own studio in Ottawa, capital city of Canada, and there he met Solange Gauthier, the volatile, charming, and practical Frenchwoman whom he married. Together they established his world-wide reputation. Karsh takes the reader with him to his sittings, and shows how he seeks to bring out the essence of the personalities he is portraying. The reader accompanies Karsh and Madam Karsh as they travel to Washington, New York, Hollywood, across Canada and to the Arctic, and on their European tours, photographing and interviewing statesmen, tycoons, artists, actors, musicians, popes, presidents, and kings. At Karsh's side, the reader hears Churchill's lion roar, the wit of Bernard Shaw, the bark of John L. Lewis, the profound accents of Einstein. He observes the grave serenity of Sibelius, and hears the noble 'cello of Casals. He shares in the problems and disappointments of securing adequate reproduction of the portraits in book form, and in the artist's gratification when *Portraits of Greatness*, printed by the finest gravure for the University of Toronto Press, appeared in 1959 and the magnificent volume became an immediate best-seller. Yousuf's profession has led him into the high places of the world, and this book is enriched by his twenty years of observation of the celebrities he has encountered. These are the experiences of a distinguished artist, a gifted raconteur, and a delightful human being.

Master of All Masters Khen F. Chu, 2018-03-14 Martial arts and kung fu movies have been quite popular in the English-speaking world for many years since Bruce Lee and Jackie Chan came to prominence. In recent years, some authors have included kung fu elements in writing action novels. Still, fictional novels about the wuxia (the translation of which is "martial arts and chivalry") genre are rarely seen written in English. As martial arts are about movements and actions, attempts to write books based on martial arts stories can be met with many difficulties. This book is written from the perspective of how the Chinese view the world of martial arts. The Central Kingdom is the first book of the Master of All Masters series.

City of Stone and Silence Django Wexler, 2020-01-07 Django Wexler's *City of Stone and Silence* is the second book in the cinematic fantasy Wells of Sorcery Trilogy featuring a fierce young woman skilled in the art of combat magic on an epic mission to steal a ghost ship. After surviving the Vile Rot, Isoka, Meroe, and the rest of Soliton's crew finally arrive at Soliton's mysterious destination, the Harbor—a city of great stone ziggurats, enshrouded in a ghostly veil of Eddica magic. And they're not alone. Royalty, monks, and madmen live in a precarious balance, and by night take shelter from monstrous living corpses. None know how to leave the Harbor, but if Isoka can't find a way to capture Soliton and return it to the Emperor's spymaster before a year is up, her sister's Tori's life will be forfeit. But there's more to Tori's life back in Kahnzoka than the comfortable luxury Isoka intended for her. By night, she visits the lower wards, risking danger to help run a sanctuary for mage-bloods fleeing the Emperor's iron

fist. When she discovers that Isoka is missing, her search takes her deep in the mires of intrigue and revolution. And she has her own secret—the power of Kindre, the Well of Mind, which can bend others to its will. Though she's spent her life denying this brutal magic, Tori will use whatever means she has to with Isoka's fate on the line... North-East India: Land, People and Economy K.R. Dikshit, Jutta K Dikshit, 2013-10-21 North-East India, comprising the seven contiguous states around Assam, the principal state of the region, is a relatively unknown, yet very fascinating region. The forest clad peripheral mountains, home to indigenous peoples like the Nagas, Mizos and the Khasis, the densely populated Brahmaputra valley with its lush green tea gardens and the golden rice fields, the moderately populated hill regions and plateaus, and the sparsely inhabited Himalayas, form a unique mosaic of natural and cultural landscapes and human interactions, with unparalleled diversity. The book provides a glimpse into the region's past and gives a comprehensive picture of its physical environment, people, resources and its economy. The physical environment takes into account not only the structural base of the region, its physical characteristics and natural vegetation but also offers an impression of the region's biodiversity and the measures undertaken to preserve it. The people of the region, especially the indigenous population, inhabiting contrasting environments and speaking a variety of regional and local dialects, have received special attention, bringing into focus the role of migration that has influenced the traditional societies, for centuries. The book acquaints the readers with spatial distribution, life style and culture of the indigenous people, outlining the unique features of each tribe. The economy of the region, depending originally on primitive farming and cottage industries, like silkworm rearing, but now greatly transformed with the emergence of modern industries, power resources and expanding trade, is reviewed based on authentic data and actual field observations. The epilogue, the last chapter in the book, summarizes the authors' perception of the region and its future.
