That first TV series has since spawned a franchise that has come to include models and toys in the world marketplace. Gundam Models are those plastic and non-plastic model kits depicting the mechas, vehicles and characters of the fictional Mobile Suit Gundam universe. These kits have become highly popular in many Asian countries since the early 80s. Through this book we'll talk about everything on the topic of Gundam modeling, from market intelligence to the many different facets of practical modeling know-how. Mobile Suit Gundam Thunderbolt, Vol. 3 ,2017-05-16 An epic story of war and survival set in the legendary Gundam universe! In the Universal Century year 0079, the space colony known as Side 3 proclaims independence as the Principality of Zeon and declares war on the Earth Federation. One year later, they are locked in a fierce battle for the Thunderbolt Sector, an area of space scarred by the wreckage of destroyed colonies. The Federation attack on the Zeon fleet in the Thunderbolt sector is a bloody fiasco as Io Fleming leads a squadron of inexperienced young pilots into the teeth of the Zeon defenses. Desperate, the Federation throws even the maintenance crews into the fray.

Casualties mount as the two fleets clash, and Fleming and his Zeon rival, Daryl Lorenz, engage deep in the ruins of one of the space colonies. Shattered and driven by memories of the past and all they've lost, their duel resonates with the fierce emotions of both sides in this deadly conflict.

Gundam Capture Noboru Kimura,2010-03 The novelization of the hit anime series! The year is 2307 A.D. Although fossil fuels have been depleted, humanity has obtained a new source of energy to replace them in the form of a large-scale solar power generation system based on three huge, orbital elevators. However, the benefits of this system are available only to a handful of major powers and their allies. These are the Union, led by the United States of America; the Human Reform League, led by China, Russia, and India; and the AEU, led by Europe. These superpower blocs continue to play a grand zero-sum game for the sake of their own prestige and prosperity. In this world of never-ending conflict, a private armed organization appears, dedicated to the elimination of war through armed force. Its name is Celestial Being, and it is in possession of Gundam mobile suits. With these Gundams, it begins armed intervention into all acts of war.
