**Who Are You?** Alex Custodio,2020-10-13 The Game Boy Advance platform as computational system and cultural artifact, from its 2001 release through hacks, mods, emulations, homebrew afterlives. In 2002, Nintendo of America launched an international marketing campaign for the Game Boy Advance that revolved around the slogan “Who Are You?”—asking potential buyers which Nintendo character, game, or even device they identified with and attempting to sell a new product by exploiting players' nostalgic connections to earlier ones. Today, nearly two decades after its release, and despite the development of newer and more powerful systems, Nintendo's Game Boy Advance lives on, through a community that continues to hack, modify, emulate, make, break, remake, redesign, trade, use, love, and play with the platform. In this book Alex Custodio traces the network of hardware and software afterlives of the Game Boy Advance platform. Each chapter considers a component of this network—hardware, software, peripheral, or practice—that illuminates the platform's unique features as a computational system and a cultural artifact. Examining the evolution of the design and architecture of Nintendo's handhelds and home consoles, and the constraints imposed on developers and players, for example, Custodio finds that Nintendo essentially embeds nostalgia into its hardware. She explores Nintendo's expansion of the platform through interoperability; physical and affective engagement with the Game Boy Advance; portability, private space, and social interaction; the platformization of nostalgia; fan-generated content including homebrew, hacking, and hardware modding; and e-waste—the final afterlife of consumer electronics. Although the Game Boy Advance is neither the most powerful nor the most popular of Nintendo's handhelds, Custodio argues, it is the platform that most fundamentally embodies Nintendo's reliance on the aesthetics and materiality of nostalgia.

**Bertolt Brecht** Philip Glahn,2014-03-15 A playwright, poet, and activist, Bertolt Brecht (1898–1956) was known for his theory of the epic theater and his attempts to break down the division between high art and popular culture. He was also a committed Marxist who lived through two world wars and a global depression. Looking at Brecht’s life and works through his plays, stories, poems, and political essays, Philip Glahn illustrates how they trace a lifelong attempt to relate to the specific social, economic, and political circumstances of the early twentieth century. Glahn reveals how Brecht upended the language and gestures of philosophers, beggars, bureaucrats, thieves, priests, and workers, using them as weapons in his work. Following Brecht through the Weimar Republic, Nazism, exile, and East German Socialism, Glahn argues that the writer’s own life became a production of history that illuminates an ongoing crisis of modern experience shaped by capitalism, nationalism, and visions of social utopia. Sharp, accessible, and full of pleasures, this concise biography will interest anyone who wishes to know about this pivotal modern dramatist.

**Convergence: English and Nigerian Languages** Ndimele, Ozo-mekuri,2016-02-22 The present volume, which is the 5th in the Nigerian Linguists Festschrift Series, is devoted to Professor Munzali A. Jibril, a celebrated icon in university administration, and an erudite Professor of English Linguistics. The title of this special edition was specifically chosen to crown Professor Jibril’s academic prowess in both English and indigenous Nigerian languages, and to mark and laud his official departure from active university lectureship. 72 assessed papers are included from the many submitted. Papers cover the main theme of the volume, i.e. the interaction between English and indigenous Nigerian languages, and there are a number of papers on other secular areas of linguistics such as: language and history, language planning and policy, language documentation, language engineering, lexicography, translation, gender studies, language acquisition, language teaching and learning, pragmatics, discourse and conversational analysis, and literature in English and African languages. There is also a rich section devoted to the major ‘traditional’ fields of linguistics - phonology, morphology, syntax and semantics.

Diseases of the Gallbladder Jae Bock Chung,Kazuichi Okazaki,2020-09-02 This book provides up-to-date information on all aspects of gallbladder disease. After an introductory section on laboratory findings, pathology, and diagnostic methods, it focuses on specific conditions and their management, covering gallbladder stones, acalculous cholecystitis, gallbladder lesions associated with IgG4-related disease and with anomalous pancreaticobiliary ductal union, and dyskinesia of the gallbladder. Moreover, it discusses incidental gallbladder carcinoma in detail, including epidemiology, risk factors, gene mutations, diagnostic imaging methods and treatment modalities. The book also features a section exploring important current issues, such as the diagnosis and therapy of polypoid lesions and gallbladder wall thickening, and the role of prophylactic cholecystectomy in patients with concomitant gallstones following removal of common bile duct stones by ERCP. It also compares endoscopic gallbladder drainage with percutaneous transhepatic gallbladder drainage. Lastly, the book offers stimulating future perspectives.

*Doople* Alphonse Tierou,2013-01-11 The African dancer requires complete technical mastery and must respect the precise rules handed down by the society of the Masques de Sagesse. Alphonse Tirou is from the Ouenon people of the Ivory Coast. His major study is the first written record of this oral tradition and it explains the movements, codes and meanings of the traditional African dance. It is extremely valuable reading for all those studying or interested in Africa, as dance is such an essential part of this continent's cultural heritage.A former student of the National Institute of Arts at Abidjan, Alphonse Tirou has been a senior dignitary in the Kman of the Masques de Sagesse for over twenty years. He is currently teaching at the Bloa Nam (Movements) dance school in Nmes, which he founded in 1979 and which is still the only school worldwide to research African dance.

Transcultural Theater Günther Heeg,2023-03-31 Transcultural Theater outlines the idea of a transcultural theater as enabling an approximation to and an interaction with the foreign and the alien. In consideration of the allure of fundamentalist and populist movements that promote the development and practices of xenophobia worldwide, this book makes a powerful plea for the art of theater as a medium of conviviality with (the) foreign(er) that should not be underestimated. This study contributes to transcultural experience, artistic practice, and education in the medium of theater. The book’s investigation extends far into space and time and pays particular attention to the relationship between aesthetic experience, artistic practice, and academic representation. This book is for scholars and students as well as for all those working in the cultural field, especially in the field of cultural transfer.
