It's only going to get worse: after both parties are stripped of their funding on grounds of abominable misbehavior, Nate enrolls the club's robot in a battlebot competition in a desperate bid for prize money. The instigator of this war is the Colony, a race of intelligent ants who, for thousands of years, have been silently building an army that would forever eradicate the destructive, oppressive humans. As a final step in the war effort, the Colony uses its strange technology to transform the surface animals into high-functioning two-legged beings who rise up to kill their masters. Former housecat turned war hero, Mort(e) is famous for taking on the most dangerous missions and fighting the dreaded human bio-weapon EMSAH. But the true motivation behind his recklessness is his ongoing search for a pre-transformation friend—a dog named Sheba.
