

George Walker Bush

Matt Donnelly

Decision Points (Enhanced Edition) George W. Bush, 2010-11-09 With more than 200 photographs, videos, letters, and speeches, this Deluxe eBook edition of *Decision Points* brings to life the critical decisions of George W. Bush's presidency. George W. Bush served as president of the United States during eight of the most consequential years in American history. The decisions that reached his desk impacted people around the world and defined the times in which we live. *Decision Points* takes readers inside the Texas governor's mansion on the night of the 2000 election, aboard Air Force One during the harrowing hours after the attacks of September 11, 2001, into the Situation Room moments before the start of the war in Iraq, and behind the scenes at the White House for many other historic presidential decisions on the financial crisis, Hurricane Katrina, Afghanistan, and Iran. In addition, it offers intimate new details on his quitting drinking, his discovery of faith, and his relationship with his family. The Deluxe eBook edition also includes:

- Videos from the defining moments of the presidency, including Bush's inspiring Ground Zero speech to the 9/11 rescue workers, intimate family home movies, and a special introduction to the edition from the president himself
- Full texts of his most important speeches, including his addresses to the nation about 9/11, Afghanistan and Iraq, and his second Inaugural
- Handwritten letters from the president's personal correspondence
- And more than 50 new photos not contained in the print version of *Decision Points*

A groundbreaking first in bringing multimedia to presidential memoir, the Deluxe eBook edition of *Decision Points* will captivate supporters, surprise critics, and change perspectives on eight remarkable years in American history—and on the man at the center of events.

George W. Bush Veda Boyd Jones, 2006 - Accounts of the leaders whose ideas and actions have changed the course of history- Examines each person's life in the context of the politics of the time.

Out of Many, One George W. Bush, 2021-04-20 #1 NEW YORK TIMES BESTSELLER • In this powerful new collection of oil paintings and stories, President George W. Bush spotlights the inspiring journeys of America's immigrants and the contributions they make to the life and prosperity of our nation. The issue of immigration stirs intense emotions today, as it has throughout much of American history. But what gets lost in the debates about policy are the stories of immigrants themselves, the people who are drawn to America by its promise of economic opportunity and political and religious freedom—and who strengthen our nation in countless ways. In the tradition of *Portraits of Courage*, President Bush's #1 New York Times bestseller, *Out of Many, One* brings together forty-three full-color portraits of men and women who have immigrated to the United States, alongside stirring stories of the unique ways all of them are pursuing the American Dream. Featuring men and women from thirty-five countries and nearly every region of the world, *Out of Many, One* shows how hard work, strong values, dreams, and determination know no borders or boundaries and how immigrants embody values that are often viewed as distinctly American: optimism and gratitude, a willingness to strive and to risk, a deep sense of patriotism, and a spirit of self-reliance that runs deep in our immigrant heritage. In these pages, we meet a North Korean refugee fighting for human rights, a Dallas-based CEO who crossed the Rio Grande from Mexico at age seventeen, and a NASA engineer who as a girl in Nigeria dreamed of coming to America, along with notable figures from business, the military, sports, and entertainment. President Bush captures their faces and stories in striking detail, bringing depth to our understanding of who immigrants are, the challenges they face on their paths to citizenship, and the lessons they can teach us about our country's character. As the stories unfold in this vibrant book, readers will gain a better appreciation for the humanity behind one of our most pressing policy issues and the countless ways in which America, through its tradition of welcoming newcomers, has been strengthened by those who have come here in search of a better life.

The George W. Bush Presidency Fred I. Greenstein, 2004-12-01 Between his inauguration and September 11, 2001, George W. Bush's presidency appeared to lack focus. The rhetoric of the campaign trail did not readily translate into concrete policies and a closely divided Congress

restrained executive action. The terrorist attacks on New York and Washington, however, changed all of that. In their aftermath, Bush emerged as a strong, decisive leader with a deep sense of purpose and certainty that inspired many Americans, even as it alienated much of the rest of the world. In *The George W. Bush Presidency: An Early Assessment*, noted presidential scholar Fred I. Greenstein brings together a distinguished group of political scientists to consider the first two-and-a-half years of the George W. Bush presidency, from his leadership style and political ethos to his budgetary and foreign policies to his relationship with Congress, the electorate, and the American public. This balanced and timely volume concludes with an invaluable insider's view of the president and his administration by John J. Dilulio, the first Director of the White House Office of Faith-Based and Community Initiatives. Contributors: Richard A. Brody, Ivo Daalder, John J. Dilulio, Jr., John Fortier, Hugh Heclo, Karen M. Hult, Gary Jacobson, Charles O. Jones, James Lindsay, Norman Ornstein, and Allen Schick

Fortunate Son James Hatfield, 2002-01-01 This title provides the truth about George W. Bush: how he dodged the draft, as a mediocre student at Yale, lost a lot of other people's money in boomtimes in the Texas oil market, and was investigated by the SEC for insider trading. It is a life of special favours, cut corners and blurry values.

The Presidency of George W. Bush John Robert Greene, 2021-10-15 The Presidency of George W. Bush is the first balanced academic study to analyze the entirety of his presidency—domestic, social, economic, and national security policies—as well as the administration's response to 9/11 and the subsequent War on Terror. In so doing, John Robert Greene argues persuasively that the judgment of most scholars—that the Bush administration was a complete failure—has been made in haste and without the benefit of primary sources. This book is the first scholarly work to make wide use of the documents at the George W. Bush Presidential Library, many of which have only recently been made available to researchers through the Freedom of Information Act. John Robert Greene offers a balanced assessment and nuanced conclusions supported by documentary evidence. Yet in doing so he does not absolve the Bush administration of its shortcomings. The Presidency of George W. Bush shows that the administration could be vindictive, as demonstrated by the Plame Wilson affair and the firing of the US attorneys. It all too often moved too slowly, as shown by the National Security Council's lethargic handling of terrorism pre-9/11, the failed attempt to revise Social Security, and the sluggish reaction to Hurricane Katrina. It was an administration that accepted, and acted on, the highly suspect theory of the unitary presidency as advocated by Dick Cheney and accepted by the president. On the other side of the balance sheet, however, the evidence also makes it eminently clear that the Bush administration was responsible for many positive achievements: No Child Left Behind set the nation on the road toward affecting serious educational reform. In healthcare reform, the Bush administration both strengthened the Medicare system and extended its benefits for millions of Americans. And Bush did more to combat the worldwide scourge of AIDS, particularly in Africa, than any other president. In sum, the actions of this presidency continue to affect the presidencies of each of his successors as well as the trajectory of world history to the present day.

The Presidencies of George Herbert Walker Bush and George Walker Bush Glenn P. Hastedt, 2008 The Bush Presidencies represent a unique historical challenge for historians and political scientists alike. Not since John Adams and his son John Quincy Adams has the nation been led by father and son presidents. The Bushes are different from the Adamses. John Adams and John Quincy Adams ruled a good twenty-four years apart with John Quincy assuming the presidency in 1824 after a controversial election that was settled by the House of Representatives. Although John Quincy did not receive a majority of popular votes or a majority of elector votes he assumed the presidency due to the influence of the House. He was soundly defeated by Andrew Jackson four years later. In contradistinction to John Quincy Adams, George W. Bush was declared the electoral vote winner in the 2000 presidential election after a bitter contested election settled in large measure by the Supreme Court decision *Bush v. Gore*. Unlike John Quincy, George W. Bush won a second term albeit by the smallest margin in history [1]. George H W Bush was not successful in his re-election quest while John

Adams was in his. Psychological insinuations and theories are more rampant today affecting the analysis of the Bush presidencies unlike the Adams' presidencies. However, the Bush presidencies present opportunities for comparing and contrasting father and son presidencies governing within eight years of each other. In addition, the son governs as the father watches. This new and significant book is dedicated to comparing and contrasting this father and son combination. The response to our call has been quite fruitful. There seems to be a conventional wisdom developing about this father and son relationship. It seems to emphasise differences between the father and son. These differences are largely due to the different approaches that father and son took towards Iraq. Thus it has been observed that the father is a bit disappointed in the son for the path taken in Iraq. George H W Bush is concerned for and worries about his son. Our authors find not only differences but great similarities between both presidents. This is as one might expect given blood lines, environmental upbringing, family ties, education and other variables affecting these individuals. The analysis here both adds to and contradicts the conventional wisdom view of the Bushes'. Our authors present a first attempt at analysing this unique relationship in various policy areas. The authors believe that this relationship will provide future scholars with many research questions concerning the nature of the presidency.

Portraits of Courage George W. Bush, 2017-02-28 #1 NEW YORK TIMES BESTSELLER • A vibrant collection of oil paintings and stories by President George W. Bush honoring the sacrifice and courage of America's military veterans. With Forewords by former First Lady Laura Bush and General Peter Pace, 16th Chairman of the Joint Chiefs of Staff. Growing out of President Bush's own outreach and the ongoing work of the George W. Bush Institute's Military Service Initiative, Portraits of Courage brings together sixty-six full-color portraits and a four-panel mural painted by President Bush of members of the United States military who have served our nation with honor since 9/11—and whom he has come to know personally. Our men and women in uniform have faced down enemies, liberated millions, and in doing so showed the true compassion of our nation. Often, they return home with injuries—both visible and invisible—that intensify the challenges of transitioning into civilian life. In addition to these burdens, research shows a civilian-military divide. Seventy-one percent of Americans say they have little understanding of the issues facing veterans, and veterans agree: eighty-four percent say that the public has little awareness of the issues facing them and their families. Each painting in this meticulously produced hardcover volume is accompanied by the inspiring story of the veteran depicted, written by the President. Readers can see the faces of those who answered the nation's call and learn from their bravery on the battlefield, their journeys to recovery, and the continued leadership and contributions they are making as civilians. It is President Bush's desire that these stories of courage and resilience will honor our men and women in uniform, highlight their family and caregivers who bear the burden of their sacrifice, and help Americans understand how we can support our veterans and empower them to succeed. President Bush will donate his net author proceeds from PORTRAITS OF COURAGE to the George W. Bush Presidential Center, a non-profit organization whose Military Service Initiative works to ensure that post-9/11 veterans and their families make successful transitions to civilian life with a focus on gaining meaningful employment and overcoming the invisible wounds of war.

Dead Certain Robert Draper, 2008-03-25 In the definitive book on the Bush presidency, a gifted reporter and longtime Bush observer with unprecedented access to the White House offers a revealing and balanced look at this most secretive of administrations.

All the Best, George Bush George Bush, 2014-11-04 Updated with new letters and photos--Dust jacket.

George W. Bush BreAnn Rumsch, 2009-01-01 The United States president preserves, protects, and defends the U.S. Constitution. Each president's term influences events in America and around the world for years to come. This biography introduces young readers to the life of George W. Bush beginning with his childhood in New Haven, Connecticut, and Midland, Texas. Information about Bush's education at Yale University and his early career in the oil business and as part owner of the Texas Rangers is discussed. In addition, his family and personal life is highlighted. Easy-to-read text

details Bush's time in the Texas Air National Guard and his political career as governor of Texas. Finally, students will explore key events from Republican president Bush's administration, including the terrorist attacks on September 11, 2001, the creation of the Department of Homeland Security and the passage of the USA Patriot Act, the beginning of the Iraq War, Hurricane Katrina, and the economic crisis. Beautiful graphics showcase the primary source documents and photographs. A timeline, fast facts, and sidebars help put essential information at students' fingertips. In addition, a quick-reference chart provides easy access to facts about every U.S. president. Checkerboard Library is an imprint of ABDO Publishing Company.

The Presidency of George H. W. Bush John Robert Greene, 2015-06-19 After George H. W. Bush lost his re-election bid to Bill Clinton in 1992, John Robert Greene's verdict on the 41st president of the United States was that he brought no discredit to the office and was both patient and prudent. . . mak [ing] few mistakes. In the years since the release of Greene's profile of the senior Bush, deemed by Publishers Weekly, the essential introduction to Bush's abbreviated, but still consequential, tenure in office, a wealth of materials about Bush's presidency has become available, even as distance has sharpened our perspective on the Bush years. In this significantly expanded second edition of *The Presidency of George H. W. Bush*, Greene takes full advantage of newly released documents to revisit Bush's term, to consider his post-presidency accomplishment, and to enhance and clarify our understanding of his place in history. Such milestones as the fall of the Berlin Wall, the reunification of Germany, the fall of the Soviet Union, the savings and loan crisis, and the transition to the Clinton administration receive renewed and far more detailed treatment here, as do the ramifications of George H. W. Bush's positions and policies. Greene also devotes ample attention to Bush's post-presidency, including his relationship with his son, President George W. Bush, as well as the development of his close friendship with Bill Clinton. The elder Bush emerges from this reappraisal as a considerably more activist president, with a more activist administration, than was previously assumed. Greene's concise and readable account drawing on the contents of the bush Library, the papers of James A. Baker III, and personal interviews, shows us the 41st president--and thus an important chapter in American history--in a new and more revealing light.

George W. Bush Matt Donnelly, 2005 Presents a biography of George W. Bush

Front Row Seat Eric Draper, George W. Bush, 2013-04-01 Presents a behind-the-scenes view of the presidency of George W. Bush, from meetings with troops in war zones to relaxed times with his family to important meetings with his inner circle.

The Right Man David Frum, 2003-01-07 *The Right Man* is the first inside account of a historic year in the Bush White House, by the presidential speechwriter credited with the phrase axis of evil. David Frum helped make international headlines when President George W. Bush's 2002 State of the Union address linked international terrorists to Iran, Iraq, and North Korea. But that was only one moment during a crucial time in American history, when a president, an administration, and a country were transformed. Frum worked with President Bush in the Oval Office, traveled with him aboard Air Force One, and studied him closely at meetings and events. He describes how Bush thinks—what this conservative president believes about religion, race, the environment, Jews, Muslims, and America's future. Frum takes us behind the scenes of one of the most secretive administrations in recent history, with revealing portraits of Karl Rove, Karen Hughes, Condoleezza Rice, and many others. Most significant, he tells the story of the transformation of George W. Bush: how a president whose administration began in uncertainty became one of the most decisive, successful, and popular leaders of our time. Before becoming a White House speechwriter, David Frum was a highly regarded author of books and political commentary and an influential voice on the pages of *The Wall Street Journal* and *The Weekly Standard*. His commentary has been described by William F. Buckley as "the most refreshing ideological experience in a generation." Now, in *The Right Man*, we see Frum as a front-row observer and participant. Not since Peggy Noonan's account of her time in the Reagan White House has an insider portrayed a sitting president with such precision, verve, honest admiration, and insight. *The Right Man* will command international attention for its thoughtful account of George W. Bush in the midst of his greatest

challenge. It will be an essential reference for anyone seeking to understand who our president really is and how he is likely to lead us in the future.

The Last Republicans Mark K. Updegrove, 2017-11-14 A groundbreaking look at the lives of George H. W. Bush and George W. Bush, the most consequential father-son pair in American history, often in their own words. In this revealing, often poignant work, presidential historian Mark K. Updegrove tracks the two Bush presidents from their formative years through their post-presidencies and the failed presidential candidacy of Jeb Bush, derailing the Bush presidential dynasty. Drawing extensively on exclusive access and interviews with both Bush presidents, Updegrove reveals for the first time their influences and perspectives on each other's presidencies; their views on family, public service, and America's role in the world; and their unvarnished thoughts on Donald Trump and the radical transformation of the Republican Party he now leads. In 2016 George W. Bush lamented privately that he might be "the last Republican president." Donald Trump's election marked the end not only to the Bushes' hold on the White House, but of a rejection of the Republican principles of civility and international engagement and leadership that the Bushes have long championed. *The Last Republicans* offers illuminating, moving portraits of the forty-first and forty-third presidents, as well as an elegy for the Republican "establishment," which once stood for putting the interests of the nation over those of any single man.

The Presidency of George W. Bush Julian E. Zelizer, 2010-09-13 An in-depth look at Bush's presidency by some of America's top historians The Presidency of George W. Bush brings together some of today's top American historians to offer the first in-depth look at one of the most controversial U.S. presidencies. Emotions surrounding the Bush presidency continue to run high—conservatives steadfastly defend its achievements, liberals call it a disgrace. This book examines the successes as well as the failures, covering every major aspect of Bush's two terms in office. It puts issues in broad historical context to reveal the forces that shaped and constrained Bush's presidency—and the ways his presidency reshaped the nation. The Presidency of George W. Bush features contributions by Mary L. Dudziak, Gary Gerstle, David Greenberg, Meg Jacobs, Michael Kazin, Kevin M. Kruse, Nelson Lichtenstein, Fredrik Logevall, Timothy Naftali, James T. Patterson, and the book's editor, Julian E. Zelizer. Each chapter tackles some important aspect of Bush's administration—such as presidential power, law, the war on terror, the Iraq invasion, economic policy, and religion—and helps readers understand why Bush made the decisions he did. Taking readers behind the headlines of momentous events, the contributors show how the quandaries of the Bush presidency were essentially those of conservatism itself, which was confronted by the hard realities of governance. They demonstrate how in fact Bush frequently disappointed the Right, and how Barack Obama's 2008 election victory cast the very tenets of conservatism in doubt. History will be the ultimate judge of Bush's legacy, and the assessment begins with this book.

George W. Bush Beatrice Gormley, 2015-09-08 Learn about the life of the 43rd President of the United States in this updated biography of George W. Bush, specially written for a younger audience. President George W. Bush once said, "I never dreamed about becoming president. When I was growing up, I wanted to be Willie Mays." George W. was born July 6, 1946, in New Haven, Connecticut. He grew up in Texas but returned to Connecticut to attend Yale University. As a young man he trained as a fighter pilot in the Texas Air National Guard before beginning a career in business. He entered Texas politics and served as the state's governor from 1994 to 2000. In 2001 George W. Bush won one of the closest, and most disputed, presidential elections in United States history. During his first term Bush launched a war against terrorism after the devastating attacks of September 11, 2001. In 2004 he won his second term against John Kerry. Originally published as *President George W. Bush* in 2005, this revised biography of the 43rd President of the United States includes eight pages of photos as well as a timeline and index.

Second-Term Blues John C. Fortier, Norman J. Ornstein, 2007-10-01 American presidents typically spend much of their first term trying to ensure a second term. Yet those four more years! are usually disappointing, replete with scandal, squabbling, plummeting approval, and few accomplishments. Thus far, George W. Bush's second term has largely followed that unfortunate pattern. In *Second-Term Blues*, John Fortier and Norman Ornstein lead a

stellar cast of political analysts illuminating the priorities, governing tendencies, and leadership style of a president trying to steady his ship in rocky seas. While the media obsess over who will be elected, they rarely ask how a candidate would govern if elected. For example, how would the president approach other political institutions? Would foreign policy stress caution and coordination, or will the U.S. go it alone? What would be the tone of public persona and rhetoric? This is the first in-depth analysis of Bush's second go-round from that perspective. The contributors include some of the shrewdest and best known observers of U.S. politics. David Sanger (New York Times) reveals how Bush's foreign policy, particularly on Iraq, defines and restricts his presidency. Dan Balz (Washington Post) dissects America's changing political mood and considers how the president's personal style fits into that milieu. Charles O. Jones, former president of the American Political Science Association, defines Bush's executive style: Seemingly, where narrow-margin politics appears to call for sensitive mastery of Congress, President Bush employs an unrelenting executive style, among the most intense ever. In addition, Carla Robbins of the New York Times and Fred Greenstein of Princeton University make insightful contributions. This important book considers how all of this helps explain what we've seen coming out of Washington since 2001 and what it may portend for the future.

Being Poppy Richard Ben Cramer, 2013-05-07 Originally published in different form in 1992 by Random House as *What it takes*.

Unveiling the Magic of Words: A Overview of "**George Walker Bush**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance.
