

Germany

Jürgen Lemke

Germany Eric Solsten,1999-08 Reviews Germany's history, and treats in a concise and objective manner its dominant social, political, economic, and military aspects. Sections, written by experts, include: chronology of important events; early history to 1945; history 1945-1990; the society and its environment; social welfare, health care, and educ.; the domestic economy; international economic relations; government and politics; foreign relations; national security; military tradition; strategic concerns and military missions; the armed forces; defense budget; and such military issues as uniforms, ranks, and insignia, defense production and export, foreign military relations, and internal security.

Germany and the Germans John Ardagh,Katharina Ardagh,1995 Captures the diversity and contradicitons of Germany in the mid-1990s.

Germany and the Germans Price Collier,1914

News from Germany Heidi J. S. Tworek,2019-03-11 Winner of the Barclay Book Prize, German Studies Association Winner of the Gomory Prize in Business History, American Historical Association and the Alfred P. Sloan Foundation Winner of the Fraenkel Prize, Wiener Library for the Study of Holocaust and Genocide Honorable Mention, European Studies Book Award, Council for European Studies To control information is to control the world. This innovative history reveals how, across two devastating wars, Germany attempted to build a powerful communication empire—and how the Nazis manipulated the news to rise to dominance in Europe and further their global agenda. Information warfare may seem like a new feature of our contemporary digital world. But it was just as crucial a century ago, when the great powers competed to control and expand their empires. In *News from Germany*, Heidi Tworek uncovers how Germans fought to regulate information at home and used the innovation of wireless technology to magnify their power abroad. Tworek reveals how for nearly fifty years, across three different political regimes, Germany tried to control world communications—and nearly succeeded. From the turn of the twentieth century, German political and business elites worried that their British and French rivals dominated global news networks. Many Germans even blamed foreign media for Germany's defeat in World War I. The key to the British and French advantage was their news agencies—companies whose power over the content and distribution of news was arguably greater than that wielded by Google or Facebook today. Communications networks became a crucial battleground for interwar domestic democracy and international influence everywhere from Latin America to East Asia. Imperial leaders, and their Weimar and Nazi successors, nurtured wireless technology to make news from Germany a major source of information across the globe. The Nazi mastery of global propaganda by the 1930s was built on decades of Germany's obsession with the news. *News from Germany* is not a story about Germany alone. It reveals how news became a form of international power and how communications changed the course of history.

Germany in Transit Deniz Göktürk,David Gramling,Anton Kaes,2007-04-03
Publisher description

Culture and Customs of Germany Eckhard Bernstein,2004-03-30 Encapsulates the new Germany.

A Short History of Germany Ernest Flagg Henderson,1902

Germany Unified and Europe Transformed Philip Zelikow, Condoleezza Rice, 1997
This work provides an analysis of the moves and manoeuvres that brought an end to the Cold War division of Europe. Coverage includes discussion of the opening of the Berlin Wall and a study of the relationship between West German Chancellor Helmut Kohl and reform Communist leader, Hans Modrow.

A History of Germany Charlton Thomas Lewis, 1902

Gay Voices from East Germany Jürgen Lemke, 1991 These interviews are wonderful. Extremely interesting and informative about gay life in East Germany. --John C. Fouts A fascinating book. As far as I know, it is the first time that working class gays have given us an insight into their lives.... A singular contribution. --George L. Mosse Lemke's interviews with 14 gay men, mainly working class, not only encompass a range of gay lifestyles... but reflect almost a century of German history.... Ultimately, love and a steady partnership are upheld as the ideal. --Publishers Weekly These narratives provide helpful insight into daily life in the GDR--a state that highly valued conformity--as lived by a minority rarely acknowledged. --Library Journal ... vividly portray the men's trials, tragedies, and triumphs... these memoirs are engagingly provocative.... will serve as a treasure house for future historians, sociologists, and other researchers. --Lambda Book Report Not just gay men, but anyone with a little humanity will find it rewarding to spend a few hours listening to these men. --Hungry Mind Review ... a rare, intensive glimpse into another community and another culture. --A Different Light Review The 14 compelling interviews... chronicle gay male experience prior to the dramatic events of the last two years. --On the Issues Jürgen Lemke's collection of interviews with East German homosexual men caused a sensation in the East, where it was hailed as a milestone in the history of homosexual men in the GDR. The book presents sustained portraits of fourteen men from different generations and classes, in the closet and out. Together they provide a penetrating view into the lives of gay men in Germany from the time of Hitler until the final year of the separate socialist state.

Germany and the Germans from an American Point of View Collier

Price, 2016-06-23 Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The Regions of Germany Robert E. Dickinson, 1998 First Published in 1998. Routledge is an imprint of Taylor & Francis, an informa company.

Rethinking German History (Routledge Revivals) Richard J. Evans, 2015-08-11
In *Rethinking German History*, first published in 1987, Richard J. Evans argues for a social-historical approach to the German past that pays equal attention to objective social structures and subjective values and experiences. If German history has been seen as an exception to the 'normal' development of Western society, this is not least because historians have until recently largely failed to look beyond the world of high politics,

institutions, organizations and ideologies to broader historical problems of German society and German mentalities. By applying and adapting approaches learned from French and British social history as they have been developed over the last quarter of a century, it is possible to achieve a rethinking of German history which does away with many of the textbook myths that have encrusted the historiography of Germany for so long. This book will be valuable for students of German history and politics, and brings together essays widely used in teaching. Its broad coverage of social history will also be useful to all those interested in contemporary historiography or the comparative study of European history.

The German Predicament Andrei S. Markovits, Simon Reich, 2018-10-18 What does the unification of Germany really mean? In their stimulating exploration of that question, Andrei S. Markovits and Simon Reich sketch diametrically different interpretations than are frequently offered by commentators. One is that Germany, well aware of the Holocaust, has been 'Europeanized' and is now prepared to serve as the capitalist and democratic locomotive that powers Europe. The other is that the proclivities behind Auschwitz have been suppressed rather than obliterated from the German psyche. Germany's liberal democracy was imposed by the allied victors, according to this view, and will one day dissolve, revealing the old expansionist tendencies to try to 'Germanize' all of Europe. Markovits and Reich argue that benign contemporary assessments of Germany's postwar democracy, combined with admiration for the country's economic achievements, contribute to German influence far greater than military might was able to achieve. Yet, at the same time, some Germans have internalized liberal and pacifist principles and now see their nation as powerless, simply a larger Switzerland. As a result, while the Germans have enormous influence and latitude, they have not taken responsibility for leadership. The prime reason for this gap between ideology and structure, Markovits and Reich suggest, lies in the politics of collective memory.

Turkish Culture in German Society Today David Horrocks, Eva Kolinsky, 1996 A literary and cultural study combining social and political analysis along with a close reading of Turkish-born writer Emine Sevgi Ozdamar in order to present the current situation of the Turkish minority living in modern Germany. The ten essays and conclusion include an interview and work sample from Ozdamar's critically acclaimed over, followed.

Germany and the Next War Friedrich von Bernhardi, 1914 Brilliant and bellicose book on the divine nature of warfare and the proper place of Germany in the modern world by a leading Prussian militarist. Bernhardi viewed war as a biological necessity based upon the natural law ... the law of the struggle for existence. Originally published in 1911, the book influenced German military thinking in both World War I and World War II.

The Imperfect Union Peter E. Quint, 2012-09-17 In the mid-summer of 1989 the German Democratic Republic-- known as the GDR or East Germany--was an autocratic state led by an entrenched Communist Party. A loyal member of the Warsaw Pact, it was a counterpart of the Federal Republic of Germany (West Germany), which it confronted with a mixture of hostility and grudging accommodation across the divide created by the Cold War. Over the following year and a half, dramatic changes occurred in the political system of East Germany and culminated in the GDR's accession to the Federal Republic itself. Yet the end of Germany's division evoked its own new and very bitter constitutional problems. The Imperfect Union discusses these issues and shows

that they are at the core of a great event of political, economic, and social history. Part I analyzes the constitutional history of eastern Germany from 1945 through the constitutional changes of 1989-1990 and beyond to the constitutions of the re-created east German states. Part II analyzes the Unification Treaty and the numerous problems arising from it: the fate of expropriated property on unification; the unification of the disparate eastern and western abortion regimes; the transformation of East German institutions, such as the civil service, the universities, and the judiciary; prosecution of former GDR leaders and officials; the rehabilitation and compensation of GDR victims; and the issues raised by the fateful legacy of the files of the East German secret police. Part III examines the external aspects of unification.

Getting the books **Germany** now is not type of inspiring means. You could not abandoned going with book deposit or library or borrowing from your contacts to get into them. This is an very easy means to specifically get lead by on-line. This online notice Germany can be one of the options to accompany you subsequent to having other time.

It will not waste your time. assume me, the e-book will utterly atmosphere you extra business to read. Just invest tiny times to get into this on-line broadcast **Germany** as skillfully as evaluation them wherever you are now.
