It was first published in 1915 and is considered a classic of early 20th-century horror and supernatural fiction. The novel is set in the Jewish ghetto of Prague and is heavily influenced by the legend of the golem, a creature brought to life through mystical means. The story follows the character of Athanasius Pernath, an alchemist and antiquarian who becomes embroiled in the mysteries of the ghetto, including the enigmatic Rabbi Löw and the legend of the golem. The novel weaves elements of mysticism, the occult, and the supernatural into a dark and atmospheric narrative. **The Crane Wife** Patrick Ness,2014-01-21 The extraordinary happens every day . . . George Duncan is an American living and working in London. He is divorced, the owner of a small print shop, and lonelier than he realizes. One night he is woken by an extraordinary sound coming from his garden. A great white crane has tumbled to earth, its wing shot through by a giant arrow. Unexpectedly moved, George pulls out the arrow and frees the crane, and from the moment he watches it fly off, his life is transformed. The very next day, he meets an enigmatic woman, an artist who transforms the lives of everyone around her, including Amanda, George's angry--and very funny--daughter, Amanda's adorable French son and George himself. Wise, romantic, sublime and laugh-out-loud funny, The Crane Wife is hugely entertaining but

also resonates on a deep, dreamlike, mythic level. Above all it's a celebration of the disruptive and redemptive power of love.

**The Ghosts of K2** Mick Conefrey, 2015 At 28,251 feet, K2 might be almost 800 feet shorter than Everest, but it is a far tougher proposition. Unlike Everest, there is no Yak route for commercial clients. It is hard climbing all the way from its base to its summit. K2 will kill you on the way up and kill you on the way down. Mick Conefrey tells the story of three extraordinary expeditions filled with riveting drama and unimaginable tragedy- Fritz Wiessener's controversial attempt of 1939, the disastrous American expedition of 1953, and the huge Italian expedition of 1954 on which K2 was first climbed. He captures the bold and eccentric characters - their friendships and rivalries, their guilt and betrayals. At the center of the narrative is Charlie Houston, who led the failed 1953 expedition, who was forced to give up his ambition of ever reaching the summit, and who was haunted for the rest of his life by the ghosts of the world's most beautiful and lethal mountain.

*From Beyond* H.P. Lovecraft, 2020-01-14 *From Beyond* is a horror short story by American writer H. P. Lovecraft. It was written in 1920 and was first published in *The Fantasy Fan* in June 1934. The story is told from the first-person perspective of an unnamed narrator and details his experiences with a scientist named Crawford Tillinghast. Tillinghast creates an electronic device that emits a resonance wave, which stimulates an affected person's pineal gland, thereby allowing them to perceive planes of existence outside the scope of accepted reality. Sharing the experience with Tillinghast, the narrator becomes cognizant of a translucent, alien environment that overlaps our own recognized reality. From this perspective, he witnesses hordes of strange and horrific creatures that defy description. Tillinghast reveals that he has used his machine to transport his house servants into the overlapping plane of reality. He also reveals that the effect works both ways, and allows the alien creature denizens of the alternate dimension to perceive humans. Tillinghast's servants were attacked and killed by one such alien entity, and Tillinghast informs the narrator that it is right behind him. Terrified beyond measure, the narrator picks up a gun and shoots it at the machine, destroying it. Tillinghast dies immediately thereafter as a result of apoplexy. The police investigate the scene and it is placed on record that Tillinghast murdered the servants in spite of their remains never being found. *Francis of the Filth* George Miller,2017-09-11 The tiers are shifting. The omniverses are under attack. And only one man has the chromosomes to make things right. Or does he?
