The Glaive Cary Osborne,2015-03-01 The non-stop action of the epic legend of Iroshi, the ultimate woman-warrior, continues when she finds herself stranded on a man-eating planet.

Glaive Michael Guadiz,2018-08-31 You can live forever in the world of Zem'Alam... depending on who you kill. Glaive Grimstone was ready to quit the cycle and embrace his own death until he found something, or rather someone, to live for again.

The Glaive [eBook - Biblioboard] Cary Osborne,2015 The non-stop action of the epic legend of Iroshi, the ultimate woman-warrior, continues when she finds herself stranded on a man-eating planet.

Glaive Michael Guadiz,2019-09-16 Zem'Alam is a violent world. Around eighteen years old, the power which sustains life matures within a person. It is called the e'lan, and when it runs out, the person dies. One may extend their life by killing another person and stealing their e'lan.The Keen Blade Chronicle follows the adventures of Glaive Grimstone: mercenary, friend, father. After Book 1 (Blade of a Flower), Glaive had thought his troubles were over.He had settled into a humdrum normal life at Cleaver's Tavern. It was a place that Glaive had twice revived with sweat and blood. A place where drinks flowed, music played, stories were told, and laughs were frequently heard and had. A place he thought he could finally live comfortably.Everything is turned upside down when he receives a letter that sends him on a journey across open seas and into foreign lands.He encounters monsters, both of man and beast, and discovers that the world of Zem'Alam is vastly different than what he had believed his entire life.He'll have to adapt quickly to these new truths to save his friends, his family, his country, and maybe even the entire world.

Warrior's Glaive Alexandra Gardner,2023-02-23 When Fates Divine Thou shalt die and curse us all, I shall die and trek so far, He shall die and know great pain. One to deceive, one to revive, I shall remain. Forced to rise to destiny, Phoenix enters the Dead World. It's not the hellscape he imagined, but the world's beauty doesn't detract from the dangers he faces-dangers dredged up from ancient prophecies that altered his past and even now threaten his future. All because a sun spirit dragged him into the war between gods. But the spirit isn't as he appears-he's the fallen son of Ra, and Ramses needs Phoenix's help retrieving the warrior godling's glaive. To collect the godblade, Phoenix will have to make a deal with the Devil-rather, Hades. In exchange for the surly god's protection, Phoenix must journey across Hades, retrieve the four godstones, and liberate the Forsaken. But that's easier said than done, considering an ancient monster stands in his way. Is confronting Tartarus and bartering his soul worth the reward?

The Baltic Pilgrimage Marc C Watson, 2021-12-01 In AD 1103, in the central lands of the Rus and the Siberian plains, the earth quaked as it was rent and torn asunder for hundreds of miles southward. Spilling forth from this deep abyss, chasm, was a deluge of enchanted energies and a series of interlocking deities who, having been trapped within the forming of the Earth, now ascended up, residing upon Luna, overlooking the world below. The dark and light energies of magic leaking into the atmosphere, encasing Earth and altering the civilizations upon her forever. Having learned to incorporate these new magical energies into restricted priesthoods, the militaries and daily life of all Europeans and Asians had, by AD 1337, changed wildly. And yet it was also at this time that Europe began to face a new and wholly daunting threat of a unified Lithuania, being the largest landmass kingdom in all of Europe, which was ruled over by the quasi-immortal Undeath Aristocracy. The Teutonic Order, having been invited by the Polish crown into the Baltic for their protection, was now Europe's, and, even more dire, Christianity's, last bulwark and defensive line against the encroaching corruption and vile taint of nature that was wrought by the undeath and their monstrous legions of Norr, the rank-and-file infantry who enforced the dark and enslaving rule of the undeath. The coming events and the newly arrived Teutonic member, Ludwig, would change, with steel, anger, and magical spells, not just the course and shape of events in the Baltic, but the very face and future of not just Christianity but humanity as a whole.
