How to Use and Upgrade to GM Gen III LS-Series Powertrain Control Systems

Mike Noonan,2013 The General Motors G-Body is one of the manufacturer's most popular chassis, and includes cars such as Chevrolet Malibu, Monte Carlo, and El Camino; the Buick Regal, Grand National, and GNX; the Oldsmobile Cutlass Supreme; the Pontiac Grand Prix, and more. This traditional and affordable front engine/rear-wheel-drive design lends itself to common upgrades and modifications for a wide range of high-performance applications, from drag racing to road racing. Many of the vehicles GM produced using this chassis were powered by V-8 engines, and others had popular turbocharged V-6 configurations. Some of the special-edition vehicles were outfitted with exclusive performance upgrades, which can be easily adapted to other G-Body vehicles. Knowing which vehicles were equipped with which options, and how to best incorporate all the best-possible equipment is thoroughly covered in this book. A solid collection of upgrades including brakes, suspension, and the installation of GMs most popular modern engine-the LS-Series V-8-are all covered in great detail. The aftermarket support for this chassis is huge, and the interchangeability and affordability are a big reason for its popularity. It's the last mass-produced V-8/rear-drive chassis that enthusiasts can afford and readily modify. There is also great information for use when shopping for a G-Body, including what areas to be aware of or check for possible corrosion, what options to look for and what should be avoided. No other book on the performance aspects of a GM G-Body has been published until now, and this book will serve as the bible to G-Body enthusiasts for years to come.

Gm & Gs Private Investigation Service D. H. Crosby, 2018-10-24 When you hear people on TV are talking about a happily married couple, usually it's about who is separating or who is having an affair. I'd like to challenge the everyday housewife to step it up! If hubby wants his wife to be more amorous, then he has to step it up! Why look elsewhere when she is right in front of you? I want my book to be about real married couples and everyday life with all the hassles. My characters are devoted to their families. Their love life is a partnership! There are men and women out there that will be faithful and true! Don't settle for less than the best! I am promoting sex. Yes, within the family! It is the best!
