Proliferation of Weapons- and Dual-Use Technologies Margaret E. Kosal, 2021-07-26 This book explores and analyzes the rapid pace of technological evolution in diplomatic, information, military, and economic sectors, which has contributed to a dynamic international policy environment. Global political stability is greatly influenced by innovations originating from numerous sources, including university labs, the technology sector, and military research. Collectively, these innovations guide the movement of people, ideas, and technology that in turn affect the international balance of power. The objective of this volume is to develop new insights into how the proliferation of innovative ideas, low-cost weapons, and dual-use technologies impact the changing global security landscape. Innovative and dual-use technologies can be used for beneficial purposes or defensive purposes. Alternatively they may be appropriated or employed for nefarious purposes by hostile military powers and non-state actors alike. Such actions can threaten global security and stability. As the complexity of technological innovations continues to increase, existing control mechanisms such as international regulations and security arrangements may be insufficient to stem the tide of proliferation over time. As such, this work seeks to assess and present policy solutions to curtail the threat to global stability posed by the proliferation of weapons and dual-use technology.

Naptime with Joey Laura Izumikawa, 2022-02-22 From viral Instagram sensation, lifestyle photographer, and mommy blogger Laura Izumikawa comes *Naptime with Joey*, a ridiculously delightful photo book of her now internet-famous daughter dressed up in various pop culture costumes—a perfect gift for new parents everywhere. Lights, Camera...Nap! Joey Marie wears many hats (or, rather, wigs): she's dressed up as Inigo Montoya, Britney Spears, Beyoncé, Pikachu, Anna Wintour, Moana, and Barb from *Stranger Things*. She's taken trips to Hawaii, baked croissants, and blasted off to the moon as an astronaut (at least, in her dreams). She's held occupations such as pizza chef, aerobics instructor, and handy-dandy-fixer-upper (figuratively, of course). She's inspired a parenting blog, been the face of her mom Laura Izumikawa's Instagram account—and for the first time, she's taken the leap from the ranks of internet-baby-snoredom to the pages of a book. *Naptime with Joey* is chockablock full of over a hundred deliciously adorable photos of Joey dressed up as various pop culture characters, movie stars, musicians, vacationers, and holiday-goers, making this the most fun, festive, and downright delightful gift under the sun!

Modern Korean Drama Richard Nichols, 2011 Carefully selected and represented, the plays in this collection showcase both the fantastic and the realistic innovations of Korean dramatists during a time of rapid social and historical change. Stretching from 1962 to 2004, these seven works tackle major subjects, such as the close of the Choson dynasty and the aftermath of the Korean War, while delving into trenchant cultural issues, such as the marginalization of students who rebel against mainstream education and the role of traditional values in a

materialistic society. Longtime scholar of Korea and its vibrant, politically acute theater, Richard Nichols opens with a general overview of modern Korean drama since 1910 and concludes with an appendix describing theater production and audience attendance in Seoul. He chooses works that aren't just for Korean audiences. These texts confront universal themes and situations, tackling the problem of ambition, the trouble with fidelity, and the complexity of sexual and interpersonal relationships. Nichols situates each work critically, historically, and culturally, including brief biographies of playwrights and extensive notes. A bibliography also provides alternative readings and the titles of additional plays currently available in English. Primed for production, these skillful translations provide Western directors with exciting new material for the stage. At the same time, they offer students and scholars a sophisticated survey of the modern Korean dramatic tradition.

This work begins with a biography of the man and a look at his place in Hong Kong and world cinema, his influences, and his thematic obsessions. Each major film of his career is then reviewed, production details are provided, and comments from Tsui Hark himself are given.

Visit us online at www.1stWorldLibrary.ORG - - Away, away, ever so far away, near the western shores of the Ocean of Peace, lie the Happy Islands, the Paradise of Children. Some people call this ocean the Pacific and they call the Happy Islands Japan, but the meaning is just the same. Those are only their grown-up names, that you find them by on the map, in the geography. They are truly Happy Islands, for the sun shines there so brightly that all the people go about with pleasant, smiling faces, and the children play out of doors the whole year through without ever quarreling. And they are never, never spanked! Of course, the reason for that is that they are so good they never, never need it! Or maybe their fathers and mothers do not believe in spanking.

City on Fire Lisa Odham Stokes,Michael Hoover,1999 Hong Kong's film industry gained global attention in the 1980s, at the time of negotiations over Great Britain's return of the colony to China. Uncertainty about the post-handover era accelerated Hong Kong's race for economic growth, and found expression in cinema's depictions of a 'city on fire.' In this accessible introduction to the extraordinary cinematic output of the colony, Michael Hoover and Lisa Stokes review the directors and films that have established Hong Kong cinema internationally: John Woo's martial arts flicks, Tsui Hark's wire-worked fantasies, Ann Hui's exile melodramas, Stanley Kwan's limpid romances, and Wong Kar-wai's stylish art films.
