*Roman Mythology. Mars the Roman god of war* David Onditi, 2020-03-24 Essay from the year 2019 in the subject History Europe - Other Countries - Middle Ages, Early Modern Age, grade: A, University of Nairobi, language: English, abstract: In the daily lives of the Romans, religion played an important role. It helped the citizens of Rome to make sense of the bad and good things that happened to them. When a good thing happened such as a good harvest or victory in battle, the Romans believed that was a sign of approval or help from the gods. The Romans

worshiped a council of 12 gods, known as the Dii Consentes; made up of six goddesses and six gods, amongst them god Mars. Roman god of war, Mars, was second in power only to Jupiter, the sun god, in the Roman pantheon. The myth of Mars was mostly borrowed from Ares, the Greek war god. However, Mars was significantly different from Ares due to the unique Roman features that Mars had. Mars was considered to be more level headed as compared to Ares, who has disruptive and impulsive. Mars was also more virtuous as compared to the Ares. The Romans held significant warfare festivals in honor of Mars.

**The Gods of Mars** Edgar Rice Burroughs,2020-12-21 As I stood upon the bluff before my cottage on that clear cold night in the early part of March, 1886, the noble Hudson flowing like the grey and silent spectre of a dead river below me, I felt again the strange, compelling influence of the mighty god of war, my beloved Mars, which for ten long and lonesome years I had implored with

outstretched arms to carry me back to my lost love. Not since that other March night in 1866, when I had stood without that Arizona cave in which my still and lifeless body lay wrapped in the similitude of earthly death had I felt the irresistible attraction of the god of my profession. With arms outstretched toward the red eye of the great star I stood praying for a return of that strange power which twice had drawn me through the immensity of space, praying as I had prayed on a thousand nights before during the long ten years that I had waited and hoped.

**God on Mars** Eileen A. Goodday, 2021-06-24 This is a nonfiction work of God's calling upon the author to make known in this publication material by His appointed plan. The material reflects the author's present recollection of experiences over time, apart from God's keeping to encompass the planet Mars and beyond. The publication is to instill belief towards God, welcoming all believers and nonbelievers, for He sows the seed of knowledge among everyone who searches Him, in part of a whole to be instruments of His peace. Minor changes were made along with recollections and dialogues compressed in the efforts to spread His Messages. Any interpretation other than chosen in the author would not be the work of God. All Glory be to God.

**The God of Mars ( ANNOTATED )** Edgar Rice Burroughs, 2021-01-14 The Gods of Mars is a science fantasy novel by American writer Edgar Rice Burroughs and the second of Burroughs' Barsoom series. It features the characters of John Carter and Carter's wife Dejah Thoris. It was first published in The All-Story as a five-part serial in the issues for January-May 1913. It was later published as a complete novel by A. C. McClurg in September, 1918 and in many editions subsequently. As usual for him, Burroughs begins with a frame story that explains how he (Burroughs) came into possession of the text. At the end of the first book, A Princess of Mars, John Carter was unwillingly transported back to Earth. The story proper begins with his arrival back on Barsoom (Mars) after a ten-year separation with Dejah Thoris, their unborn child, and the Red Martian people of the nation of Helium, whom he has adopted as his own. Unfortunately, Carter materializes in the one place on Barsoom from

which nobody is allowed to depart: the Valley Dor, which is the Barsoomian afterlife. Illustration of a flier battle, by V. Čutta, from the Czech edition of 1928 published by Ladislav Sotek, Prague. After John Carter's arrival, a boat of Green Martians on the River Iss are ambushed by the previously unknown Plant Men. The lone survivor is his friend Tars Tarkas, the Jeddak of Thark, who has taken the pilgrimage to the Valley Dor to find Carter. Having saved their own lives, Carter and Tars Tarkas discover that the Therns, a white-skinned race of self-proclaimed gods, have for eons deceived the Barsoomians elsewhere with the lie that the pilgrimage to the Valley Dor is a journey to paradise. Most arrivals are killed by the beasts who dwell here, and the survivors enslaved or eaten by Therns. Carter and Tars Tarkas rescue Thuvia, a slave girl, and attempt to escape, capitalizes on the confusion caused by an attack by the Black Pirates of Barsoom upon the Therns. During the attack, Tars Tarkas and Thuvia hijack a Black Pirate flier, while Carter fights his way aboard another, killing all but one of the Pirates, and rescuing a captive Thern princess. From the captured Pirate Xodar, Carter learns that the Black Pirates, called the First Born, also think of themselves as gods, and accordingly prey upon the Therns; and additionally identifies the captive Thern as Phaidor, daughter of the Holy Hekkador (high priest) of the Therns. When their flier is recaptured by the First Born and taken to their underground realm of Omean, Carter is taken before Issus, the self-proclaimed goddess of Barsoom, who dictates the Therns through secret

communications which they mistake for divine revelation. Issus takes Phaidor as a handmaiden for one Martian year; whereas Carter is imprisoned, with Xodar as his slave as punishment for being defeated by Carter. Thereafter Carter treats him with honor, and thus gains his friendship. In prison, they encounter a young man later identified as Carter's son Carthoris, with whom Carter is taken to a series of games wherein the previous year's handmaidens are killed and later eaten by Issus and her nobles. Carter leads a revolt of the prisoners, killing many of the First Born; and upon the suppression of their revolt, he and Carthoris escape via tunnels, and give themselves to guards unacquainted with the revolt to be returned to their prison. Upon hearing of the revolt, Xodar rejects Issus' divinity and joins the others in escape. Upon later abandoning their aircraft, they encounter Thuvia, who describes the capture of Tars Tarkas by the green warriors of Warhoon (a clan rival to his own). Carter goes to rescue Tars Tarkas, but is discovered by his enemies. After a chase, Thuvia is sent on alone, mounted, while the men attempt a stand against the Warhoons. They are rescued by the Heliumetic navy but do not find Thuvia. Commanding one of the warships is Carter's friend Kantos Kan but the fleet is commanded by Zat Arras, a Jed (chieftain) of the hostile client state of Zodanga...

**The Gods of Mars "Annotated and Illustrated Book" For Children With Teacher Edition** Edgar Rice Burroughs, 2020-03-25 Burroughs' second book in the classic Barsoom series, The Gods of Mars is a

scientific fiction novel following the adventures of John Carter as he returns to Mars after a ten year hiatus in the hope of being reunited with his wife, child and the Red Martian people. First published as a five-part serial in a pulp magazine in the course of 1913, the novel was later published as a whole in 1918. A tale of audacity, honor, optimism, and perseverance, Burroughs successfully builds on to the previous book allowing a broader view of the Red Planet. The novel begins as John Carter returns to Barsoom after his involuntary absence of ten years and finds himself in the Valley Dor, or the Barsoomian afterlife from which no one is permitted to leave. However, the Valley Dor is anything but a spiritual haven and instead Carter discovers that it is a ruse, forged by the Therns, a race of self-proclaimed gods. For eons they have deceived Barsoomians into believing that the pilgrimage to the Valley Dor is a journey to paradise, although in reality most visitors are either killed or enslaved by the Therns. Accompanied by friend Tars Tarkas, the pair tries to escape from the place, and are aided by the confusion caused by an attack by the Black Pirates of Barsoom upon the Therns. Taking advantage of the present mayhem, Carter and his accomplices are able to hijack a Black Pirate flier, killing most of the Pirates in the process and saving a Thern captive. Carter learns that the Black Pirates or the First Born, also see themselves as gods therefore clarifying their hatred for the Therns
