Modernism in Kyiv Irene Rima Makaryk, Viriana

Tkacz, 2010-01-01 'Modernism in Kyiv restores the multicultural city of Kyiv to its rightful position as a major player in the dialogue and cross-pollination of ideas occurring between important modernist figures in centres such as Paris, New York, London, and Vienna. Engaging and highly readable, this collection is impressive in its scope, depth, and breadth.' The study of modernism has been largely focused on Western cultural centres such as Paris, Vienna, London, and New York. Extravagantly illustrated with over 300 photos and reproductions, *Modernism in Kyiv* demonstrates that the Ukrainian capital was a major centre of performing and visual arts as well as literary and cultural activity. While arguing that Kyiv's modernist impulse is most prominently displayed in the experimental work of Les Kurbas, one of the masters of the early Soviet stage, the contributors also examine the history of the city and the artistic production of diverse groups including Ukrainians, Russians, Jews, and Poles. Until now a silent presence in Western accounts of the cultural topography of modernism, multicultural Kyiv is here revealed in its historical, intellectual, and artistic complexity. Excerpts taken from the works of artists, writers, and critics as well as the numerous illustrations help give life to the exciting creativity of this period. The first book-length examination of this subject, *Modernism in Kyiv* is a breakthrough accomplishment that will become a standard volume in the field.

Russian Orthodoxy Resurgent John Garrard, Carol

Garrard, 2014-09-22 *Russian Orthodoxy Resurgent* is the first book to

fully explore the expansive and ill-understood role that Russia's ancient Christian faith has played in the fall of Soviet Communism and in the rise of Russian nationalism today. John and Carol Garrard tell the story of how the Orthodox Church's moral weight helped defeat the 1991 coup against Gorbachev launched by Communist Party hardliners. The Soviet Union disintegrated, leaving Russians searching for a usable past. The Garrards reveal how Patriarch Aleksy II--a former KGB officer and the man behind the church's successful defeat of the coup--is reconstituting a new national idea in the church's own image. In the new Russia, the former KGB who run the country--Vladimir Putin among them--proclaim the cross, not the hammer and sickle. Meanwhile, a majority of Russians now embrace the Orthodox faith with unprecedented fervor. The Garrards trace how Aleksy orchestrated this transformation, positioning his church to inherit power once held by the Communist Party and to become the dominant ethos of the military and government. They show how the revived church under Aleksy prevented mass violence during the post-Soviet turmoil, and how Aleksy astutely linked the church with the army and melded Russian patriotism and faith. Russian Orthodox Resurgent argues that the West must come to grips with this complex and contradictory resurgence of the Orthodox faith, because it is the hidden force behind Russia's domestic and foreign policies today.

*Medieval Russian Fortresses AD 862–1480* Konstantin S Nossov,Konstantin Nossov,2012-06-20 According to Russian legend, in

the year AD 862 the Slav tribes of what is now European Russia invited a number of Scandinavian princes to rule over them. However, on the death of these princes, Prince Oleg seized Kiev and united the Northern and Southern Russian territories, building extensive fortifications to protect its borders. The rise of feudalism in the 11th century lead to the development of individual fortified sites and the extended border defenses fell into disrepair. Consequently, Mongol hordes poured over the border introducing the siege warfare techniques of the East, heavily influencing the fortification styles thereafter. Using a wealth of archeological evidence and first-hand sources, Konstantin Nossov charts the history of the medieval Russian fortress from its early beginnings until the 14th century, paying special attention to the development of one of the most iconic fortifications in the world: the Kremlin.

*Azan on the Moon* Till Mostowlansky,2017-06-30 *Azan on the Moon* is an in-depth anthropological study of people's lives along the Pamir Highway in eastern Tajikistan. Constructed in the 1930s in rugged high-altitude terrain, the road fundamentally altered the material and social fabric of this former Soviet outpost on the border with Afghanistan and China. The highway initially brought sentiments of disconnection and hardship, followed by Soviet modernization and development, and ultimately a sense of distinction from bordering countries and urban centers that continues to this day. Based on extensive fieldwork and through an analysis of construction, mobility, technology, media, development, Islam, and the state, Till Mostowlansky shows how ideas of modernity are both challenged and

reinforced in contemporary Tajikistan. In the wake of China's rise in Central Asia, people along the Pamir Highway strive to reconcile a modern future with a modern past. Weaving together the road, a population, and a region, *Azan on the Moon* presents a rich ethnography of global connections.

The Story of Christianity Jean-Pierre Isbouts, 2014 Focuses on the rich social and cultural history of Christianity through the ages, from its roots in Palestine to its development as a global movement.

**Kiev** Michael F. Hamm, 2014-04-03 In a fascinating urban biography, Michael Hamm tells the story of one of Europe's most diverse cities and its distinctive mix of Ukrainian, Polish, Russian, and Jewish inhabitants. A splendid urban center in medieval times, Kiev became a major metropolis in late Imperial Russia, and is now the capital of independent Ukraine. After a concise account of Kiev's early

history, Hamm focuses on the city's dramatic growth in the nineteenth and early twentieth centuries. The first historian to analyze how each of Kiev's ethnic groups contributed to the vitality of the city's culture, he also examines the violent conflicts that developed among them. In vivid detail, he shows why Kiev came to be known for its abundance of revolutionaries and its anti-Semitic violence.

**Travels Here and There** Larry Welch, 2018-08-13 *Travels Here and There* possesses stories from the heart about places far and near. Included in this volume readers are entertained by Larry Welch's recollections of travel to Austria, Bulgaria, Czech Republic, Germany, Hungary, Malawi, Michigan, Nepal, Poland, Romania, Serbia, Ukraine, Vietnam, and Zambia. The final chapter is a personal story that involved a short journey from home to a hospital in Thailand and what transpired. Embedded with the stories are descriptions of geography, history, urban planning, and details on what went into making people famous or infamous as the case might be. Larry likes heroes and that shows through in his descriptions of what made some people great. Strolling through castles, fortresses, markets, museums, palaces, parks, Roman ruins, or dining on street food and riding buses or trains, will leave readers hungry for more and even give them a better appreciation for their own travels. In *Innocents Abroad*, Mark Twain wrote, Travel is fatal to prejudice, bigotry, and narrow-mindedness, and many of our people need it sorely on these accounts. Broad, wholesome, charitable views of men and things cannot be acquired by vegetating in one little corner of the earth all one's lifetime. Amen, Mr. Twain!
