Dragons — Guardians of Creative Powers Jaap van Etten,2019-04-22 Do you feel that you often do not get what you desire? The key to changing what no longer satisfies you is to change what no longer works for you. Every thought is an intention that sets a process of energies into motion. That's when the creative process starts. Understanding that we create continuously on small and large levels is the first step in realizing that when something no longer works for us, it is the consequence of a disruption in the creative process and the way we think. This book describes the different types of creative processes. The elemental (fire, water, air, and earth) powers are the basis of all creation. Understanding the different aspects of these creative powers will help you to become a conscious creator. Guardians are connected with every aspect of the elemental powers. They are known as dragons; however, different traditions use different names for them, such as angels or nature spirits. These dragons are not the scary type often depicted in stories. They are among the strongest allies we can ask for. They belong to the subtle realms and therefore are invisible to most people. This book offers information to help you reconnect with these creative powers and their guardian dragons. Through this connection, you will become a conscious creator and change your life in ways that lead to success, joy, happiness, and abundance. Thereby, you will contribute optimally to the creation of a new world. Are you ready for this exhilarating journey?

Valhalla's Forge Richard Gable,2022-05-04 Var-Tog, Kryton, Sondergaard, and Aldora, knights newly graduated from the Dragon's Gauntlet, have found themselves on quest within days after their graduation. Having left the elite training grounds of the Knight Marshals on their way to their first duty station at Fort Holdfast, they encounter a horrendous reptilian creature that seems to be unaffected by sword, ax, or spell. Ignoring all attempts to stop it, the creature seems bent on completing a quest of its own. Now the knights must find the legendary dwarven artifact, the Valhalla's Forge, with only an ancient poem for their clue, and actually make the weapons necessary to defeat the creature before further disaster befalls the countryside.

Ship With No Name J.S. Morin,2020-02-18 You can't own a warship and still think small. With the capture of the Eye of Ra, Esper and her friends discover that small problems have started looking too small. When a plague breaks out on the occupied planet of Meyang, she decides it's time to see what her new ship and crew are capable of. However, the situation is more complicated than they counted on. Not only does the occupying force not want them there, the azrin living on Meyang are none too keen on interference from outsiders. But never let it be said that Esper wasn't willing to help those who refused to be helped. *Ship With No Name* is the ninth mission of *Black Ocean: Mercy for Hire*. Set in the *Black Ocean Universe*, it continues the saga of the galaxy's sweetest bounty hunter and her loyal sidekick (who is NOT a dog!) and introduces a colorful cast for new and returning readers alike. Fans of vigilante justice and heroes who exemplify the word will love this series.

Mercy for Hire Mission Pack 3 J.S. Morin,2020-05-19 When a hero snaps, the galaxy pays. For years, Esper has been holding in her mind the knowledge of ancient demons. Ever since reading that forbidden tome, a darkness has dwelt, gnawing at the edges of her sanity and wheedling to gain control. When a mission to a blockaded planet goes awry, Esper finally can't hold back the darkness any longer. The darkness within gains an annoying conscience and the body of a powerful wizard. Multiple battles ensue. First, Esper must fight alongside her crew without letting on that she's no longer the Esper they once knew. But also there's an internal struggle going on for control, influence, and the fate of everyone Esper cares

about. Who can hold back the darkness when its main enemy takes command of the fight? Mission 9: Ship With No Name On the planet Meyang, a plague breaks out. Earth Navy enforces a strict blockade. No one in; no one out. But that includes medical personnel. With a humanitarian crisis brewing among the rebels being quarantined, Esper and her crew step in. Launching a daring rescue mission, they break the blockade to save lives. Mission 10: No More Mr. Nice Girl Esper isn't playing around anymore. When her ship gets hijacked, it's time to see what a wizard can do when she's not worried about doing the right thing. Mission 11: Magic's Little Helper Tiffany feels like her magical training has fallen off. With Esper preoccupied and the universe no longer listening to her demands, she turns to an illicit, magic-boosting drug for a boost. But the worst time for Esper to discover that her apprentice is blasted on Starlight is when a team of wizard assassins is hot on her trail. Mission 12: Mortanian Rhapsody Something is horribly wrong with Esper. The dark powers she's tapped into have finally collected their due. Overcome by the darkness inside her, she's no longer the Esper everyone knew. To get her back to herself, Tiffany launches a daring mission to find the one person in the galaxy who might know how to help. Bonus Short Story: Our Little Secret Left to their own devices, Wesley and Kubu decide to try all the things that Esper would never have let them do if she were around. Black Ocean: Mercy for Hire follows the exploits of a pair of do-gooder bounty hunters who care more about saving the day than getting a payday. Mercy for Hire builds on the rich Black Ocean universe and introduces a colorful cast for new and returning readers alike. Fans of vigilante justice and heroes who exemplify the word will love this series. Grab your copy and support the cause of justice.
