THE GP'S SECRET Abigail Gordon, 2014-12-18

How to be a Good Enough GP Gerhard Wilke, Simon Freeman, 2018-04-19 The upheavals of the NHS reforms have caused a great deal of stress and uncertainty in primary care, and professional development and support for general practitioners needs to take account of this. This book offers a group supervision model which can be used to develop the core competencies needed for GPs to make the new primary care organisations work. The book analyses how primary care professionals have dealt with the various reforms of the past decade, and picks apart the paralysing culture of politeness, conflict avoidance and rivalry for power, to reveal how at the core of reform is the struggle for each GP to construct a new professional identity which integrates medicine, management and politics. It proposes ways GPs can benefit from these experiences to become equipped with the necessary competencies to be active members or dynamic leaders in the new primary care organisations. The doctor-patient relationship is no longer one-to-one, but located within a group matrix, in the same way that a GP is now required to work within a group framework. This book enables GPs to develop the essential group skills they now need, and on which the success of the healthcare reforms ultimately depends.

The Life Monaco Grand Prix Stuart Codling,2019-04-09 Go behind the scenes to explore the history, racing, celebrity fans, and after hours of racing's most glamorous and prestigious round in the F1

championship with The Life Monaco Grand Prix. Monaco sponsored its first race in 1929 and the circuit has been part of the Formula 1 series since 1950. Conducted with the patronage of Monaco's royal family, its beautiful street-circuit has made Monaco the most glamorous setting of any F1 race. But the classic architecture and high-profile spectators belie a course notorious for its complexity and challenges. With no safety barriers until 1969, drivers have twice plunged into the harbor among the spectating yachts. Off the circuit, Monaco is a 24-hour spectacle of expensive boats, high-profile parties, celebrity F1 fans, penthouse spectating, and high-roller lifestyle. From the Monte Carlo casino (integral to numerous James Bond films) to top clubs like Amber Lounge, Jimmy's, and The Black Lounge to F1 racers' luxury homes to the takeoffs and landings of countless private jets, Monaco represents the epitome of the jet-setting lifestyle long associated with the F1 circus. From the first Grand Prix in 1929 to today's star-studded event, The Life Monaco Grand Prix takes the reader on a full lap of this prestigious race.

GP Wellbeing Adam Staten, Euan Lawson, 2017-10-30
This is the first book to explore the impact of 'burnout' on the current NHS GP workforce and how this can be addressed, from an insider GP perspective. Adam Staten, recently qualified GP, and Euan Lawson, Fellow of the RCGP with over 20 years experience, discuss in engaging, accessible chapters how burnout manifests psychologically, the complex reasons why GPs burn out and the individual and broader impact this can have. Most importantly, the book offers practical advice on how to avoid burning out and combat the negative effects of an increasingly high-pressure role, exploring how GPs can develop resilience and work in a way that builds a healthier work-life balance. A section is dedicated to the array of GP job options, with

testimonies from practitioners working in diverse areas from education and academia to military and humanitarian settings. This book explores the challenges of working in general practice today, but it also demonstrates the potential for every GP to experience a personally and professionally satisfying career. Providing practical, workable advice and links to resources for help and support, the book enables readers to find opportunity within the perceived 'crisis'. By reading this book, you will find the means to improve not just your own working life but also to enhance the way you deliver care to your patients.

Gp Partnership Certificates Corporate Starter Kit
Platinum Black Services, Llc, 2017-08-18 Starting a GP (General Partnership)? Started a GP and need to issue partnership certificates that look professional and are easy to use? If yes, then this book is for you! What is a GP (General Partnership)? A GP is an unincorporated business with two or more individuals who actively co-manage its operation. By law, owners are held personally liable for any legal action filed against the company and are responsible for all of its debt obligations. Owners of a GP are referred to as partners or general partners. What is a GP partnership certificate? A GP partnership certificate is a document that certifies ownership and specifies the number of units or percentage owned by a partner in a GP. While GP partnership certificates aren't required by federal or state law, it is still highly recommended for GPs to use them. Without a GP partnership certificate to show evidence of ownership a partner may have no say or control in how a GP

is structured or operates. GP partnership certificates should be issued during the initial meeting of its partners. A partnership transfer ledger must also be used to accurately record partnership transactions whether it is an initial issuance of units or percentage of ownership or any subsequent transfers during the GP's existence. This book contains 20 blank GP partnership certificates (for the use of any GP established in the state of California), a partnership transfer ledger to record buy-sell transactions of units or percentage of ownership, and bill of sale forms to document the purchase of units or percentage of ownership.
