The GR5 Trail Paddy Dillon, 2016-01-19 An essential guidebook for walking the GR5, one of the world's most spectacular long-distance trails. The GR5 makes its way through the Alps from the shores of Lac Léman at Geneva to the Mediterranean at Nice. A route of 674km (420 miles), it can be trekked in a month, or split over a series of summer trips. The GR5 is well within the reach of fit and moderately experienced walkers and backpackers. There is good signposting and waymarking, and accommodation, food and drink are all available at regular intervals. The paths and tracks are generally well graded, while steep climbs are tackled on zigzag paths, so the overall gradient is not so severe. Every summer, thousands of walkers embark on this trek. This guidebook also describes some scenic variant routes, including the stunning GR55 through the Vanoise National Park and the delightful GR52 that crosses the Mercantour National Park. Full descriptions and maps are provided for these alternatives. The book includes daily stages, timings, ascents and descents, full-colour mapping and gradient profiles, alongside information about facilities and services along the route. The result is an ideal companion to planning and completing your trek. Two further Cicerone guidebooks cover the remaining sections of the GR5; 'The GR5 Trail - Vosges and Jura', and 'The GR5 Trail - Benelux and Lorraine' which together cover the route from Lac Léman to the Hoek Van Holland.

The GR5 Trail - Benelux and Lorraine Carroll Dorgan, 2018-08-15 Guidebook to the northernmost section of the GR5 - from Hoek van Holland in the Netherlands, through Belgium and Luxembourg, to Schirmeck in the northeast of France. Described over 49 stages, this 1000 kilometre section of the GR5 is relatively easy and ideal for those who don't want to hike up and down steep mountains - or not just yet. Clear route description is accompanied by 1:100K mapping, together with information

on points of interest passed along the way. Background information on landscape, wildlife and history is included, as is practical information - everything from clothing, equipment, food, drink and waymarking to maps, money and staying in touch - making planning and executing a trip as easy as possible. One of the world's best long distance walking trails, the GR5, in its entirety, covers an impressive 1423 miles (2290km) on its way from the North Sea to the Mediterranean. This northern stretch - before the trail hits the depth of the Vosges. Two further Cicerone guidebooks cover the remaining sections of the GR5; 'The GR5 Trail - Vosges and Jura', and 'The GR5 Trail' which covers the route from Lac Lemman to the Mediterranean.
