The Green Ghost Marion Dane Bauer,2010-04-28

Move over, Christmas Carol--here's a new holiday ghost story! It's Christmas Eve, and Kaye's family is on the way to her grandmother's house in a swirling snowstorm. Suddenly the car hits a patch of ice. It slides across the road and skids into a snow-filled ditch! Through the car window, Kaye spots a light in the woods. Its glow leads her and her parents through the blizzard. They find a warm cabin and a kindly old woman named Elsa. And Kaye finds something else--a green ghost who needs her help! Newbery Honor-winning author Marion Dane Bauer spins a third spooky tale to complement her previous stories, *The Blue Ghost* and *The Red Ghost*.

Green Ghost, Blue Ocean Jennifer Smith,2020-06

Green Ghost, Blue Ocean is a travel memoir about a 40,000 nautical mile adventure that spans seventeen years. Early in their careers, Jennifer and her husband Nik come to realize that the rewards in the corporate world will always be the

same--more money to buy more things, but never time off for self-discovery. When they begin to imagine a life outside the norm, they seize on the idea of long-distance sailing as the perfect way to journey down a road less travelled. *Green Ghost, Blue Ocean* is a story about taking time and taking a risk, about unwittingly losing your identity while simultaneously redefining yourself in ways never imagined. It is a story about the importance of starting and the acceptance of an imperfect plan. It is a tale of the triumph of conviction: if you believe that you'll figure it out when you get there, it's amazing how far you can go.

The Green Ghost Chad Weidner, 2016-03-16 Until now, much scholarly work on Burroughs has focused on the sensational aspects of his life and on his innovative writing. *The Green Ghost*, by Chad Weidner, uncovers the ecological context of literary texts by William Burroughs. By rereading canonical and ignored texts while pushing the boundaries of ecocritical theory and practice, Weidner provides a fresh perspective on Burroughs and suggests new theoretical and methodological approaches to understanding the work of other Beat writers. Using an ecocritical lens, Weidner explores the toxicity in *Naked Lunch* while at the same time teasing out latent ecological questions embedded in Burroughs' later works. The author's analysis of unknown and miniature "cut-ups," texts that have been disassembled and rearranged to create new passages, provides a novel understanding of these cryptic forms. Weidner also examines in detail books by Burroughs that have been virtually ignored by critics, exposing the deep ecology of the Beat writer's vision. In

calling attention to Burroughs's narrative strategies that link him to an environmental political position, *The Green Ghost* demonstrates that the work of the Beat writer is a ripe source for ecocritical dialogue.

Fleeing to the jungle, he becomes a guerrilla fighter in the life-or-death struggle against the government. In desperation, he writes a letter to the Englishman he met in Mandalay. Miraculously reaching its destination, the letter leads to Pascal's rescue and his enrollment in Cambridge University, where he is the first Burmese tribesman ever to attend.
