Ask a Historian Greg Jenner,2023-01-31 'Brilliantly funny' SHAPARAK KHORSANDI 'Immensely enjoyable' BBC HISTORY MAGAZINE 'Every page contains delights' LINDSEY FITZHARRIS Why is Italy called Italy? How old is curry? How fast was the medieval Chinese post system? How do we know how people sounded in the past? Who invented maths? Responding to fifty genuine questions from the public, Greg Jenner takes you on an entertaining tour through history from the Stone Age to the Swinging Sixties, revealing the best and most surprising stories, facts and historical characters from the past. From ancient joke books, African empires and the invention of meringues, to mummies, mirrors and menstrual pads - Ask A Historian is a deliciously amusing and informative smorgasbord of historical curiosities.

A Million Years in a Day Greg Jenner,2016-06-21 Who invented beds? When did we start cleaning our teeth? How old are wine and beer? Which came first: the toilet seat or toilet paper? What was the first clock? Every day, from the moment our alarm clock wakes us in the morning until our head hits our pillow at night, we all take part in rituals that are millennia old. Structured around one ordinary day, *A Million Years in a Day* reveals the astonishing origins and development of the daily practices we take for granted. In this gloriously entertaining romp through human history, Greg Jenner explores the gradual—and often unexpected—evolution of our daily routines. This is not a story of wars, politics, or great events. Instead, Jenner has scoured Roman rubbish bins, Egyptian tombs, and Victorian sewers to bring us the most intriguing, surprising, and sometimes downright silly historical nuggets from our past. Drawn from across the world, spanning a million years of humanity, this book is a smorgasbord of historical delights. It is a history of all those things you always wondered about—and many you have never considered. It is the story of your life, one million years in the making.

Dead Famous Greg Jenner,2020-03-19 'Fizzes with clever vignettes and juicy tidbits... [a] joyous romp of a book.' Guardian 'A fascinating, rollicking book in search of why, where and how fame strikes. Sit back and enjoy the ride.' Peter Frankopan, author of *The Silk Roads* '[An] engaging and well-researched book... Jenner brings his material to vivid life' Observer Celebrity, with its neon glow and selfie pout, strikes us as hypermodern. But the famous and infamous have been thrilling, titillating, and outraging us for much longer than we might realise. Whether it was the scandalous Lord Byron, whose poetry sent female fans into an erotic frenzy; or the cheetah-owning, coffin-sleeping, one-legged French actress Sarah Bernhardt, who launched a violent feud with her former best friend; or Edmund Kean, the dazzling Shakespearean actor whose monstrous ego and terrible alcoholism saw him nearly murdered by his own audience - the list of stars whose careers burned bright before the Age of Television is extensive and thrillingly varied. In this ambitious history, that spans the Bronze Age to the coming of Hollywood's Golden Age, Greg Jenner assembles a vibrant cast of over 125 actors, singers, dancers, sportspeople, freaks, demigods, ruffians, and more, in search of celebrity's historical roots. He reveals why celebrity burst into life in the early eighteenth century, how it differs to ancient ideas of fame, the techniques through which it was acquired, how it was maintained, the effect it had on public tastes, and the psychological burden stardom could place on those in the glaring limelight. *DEAD FAMOUS* is a surprising, funny, and fascinating exploration of both a bygone age and how we came to inhabit our modern, fame obsessed society.

Planet X and the Kolbrin Bible Connection Greg Jenner,2008-05 This book proves the return of the Destroyer as the ancient Hebrews and Egyptians called it in both the. We also know it by many different names such as: Nibiru, Hercolubus, Red Planet, Frightener and so on. Author and Planet X historian Greg Jenner spent decades connecting the dots for this book so that you can master this content in a single day. In this book, he reveals startling connections between the Holy Bible, The Kolbrin Bible and other folklore, wisdom texts and predictions. He outlines the return of the Destroyer by arguing its cyclical nature. To prove the cyclical nature of the destroyer, he includes three epic sagas gleaned from the Kolbrin Bible, including the sinking of Atlantis, the Deluge (Noah's Flood) and Exodus. As you will discover later, the Destroyer caused or contributed to all three of these events. If you are amongst those who have experienced life-changing dreams, visions, premonitions and epiphanies of catastrophic events to come, you'll love this book. As an essential companion book to The Kolbrin Bible, it is also a related title to include Planet X Forecast and 2012 Survival Guide and Crossing the Cusp: Surviving the Edgar Cayce Pole Shift by Marshall Masters.

Rebels: City of Indra Kendall Jenner,Kylie Jenner,2014-06-03 Kendall and Kylie Jenner, stars on the hit reality show *Keeping Up with the Kardashians*, present their debut novel—a thrilling dystopian story about two super-powered girls who embark on a journey together. In a world of the far future, the great City of Indra has two faces: a beautiful paradise floating high in the sky, and a nightmare world of poverty carved beneath the surface of the Earth. Lex grew up in an orphanage deep in the dark. But even as a child, she instinctively rebelled against her fate—the time when she would be judged either useful to Society or forced to live among the mutations in Rock Bottom, the lowest level. When she is chosen to become an elite cadet of the Population Control Forces, only her fellow cadet Kane truly understands her longing for freedom. Unknown to her, one girl secretly shares her defiance. Livia Cosmo, the Orphan Airess, may live on a sky island surrounded by wealth and privilege, but she is just as restricted as Lex. Rigid discipline governs her every movement, as she learns the art of becoming a Proper Young Woman, the belle of the Emergence Ball, ready to be picked for “cohabitation” by the finest of the Proper Young Men. Her future is assured, until an intriguing encounter with a young man named Kane changes everything. For that is when Lex's and Livia's destinies collide.... Approached by an old enemy to help save Kane from mortal danger, Lex sacrifices her Special Ops career to find him in the Islands among the clouds. Her search, high above in the beautiful spires of the City of Indra, brings her instead to the airgirl Livia. Lex and Livia should have nothing in common, and yet they share a kindred yearning for escape from the strict rules that bind them...and a mystifying identical mark. Brought together by danger, they set out to find Kane, but what they discover is even stranger than either dreams.

Summary of Greg Jenner's Ask A Historian Everest Media,2022-07-17T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The real woman behind the myths of Anne Boleyn is surprisingly elusive. She was neither accused of witchcraft nor of having a third nipple. She was a Catholic exile in Rome, Madrid, and Ireland who launched rebellions and undermined Elizabeth's monarchical integrity. #2 The sixth finger is a staple fact in many modern novels and websites, but it seems to have come from a comment made by George Wyatt, several decades after Anne's death. He wrote that there was some show of a nail on the side of Anne's nail, which was so small that it was often hidden by her other fingers. #3 The idea that Anne Boleyn had a third nipple is a product of the 1920s, when anthropologist Margaret Murray argued that Anne and other historical figures had belonged to an ancient, secret pagan cult. But in a trial that was a political witch-hunt, Anne was not tried for witchcraft. #4 The story of Anne Boleyn is one of the most gossiped-about in history. She didn't have three nipples, six fingers, or five lovers, and her story is already interesting enough. But writers are always looking for a fresh angle.

Ripped Greg Kot,2010-05-11 Tells the story of how the laptop generation created a new grassroots music industry, with the fans and bands rather than the corporations in charge.

And The Ocean Was Our Sky Patrick Ness,2018-09-04 From the #1 New York Times bestselling author of *A Monster Calls* comes a richly illustrated and lyrical tale, one that asks harrowing questions about power, loyalty, obsession, and the monsters we make of others. With harpoons strapped to their backs, the proud whales of Bathsheba's pod live for the hunt, fighting in the ongoing war against the world of men. When they attack a ship bobbing on the surface of the Abyss, they expect to find easy prey. Instead, they find the trail of a myth, a monster, perhaps the devil himself... As their relentless Captain leads the chase, they embark on a final, vengeful hunt, one that will forever change the worlds of both whales and men. With the lush, atmospheric art of Rovina Cai woven in throughout, this remarkable work by Patrick Ness turns the familiar tale of *Moby Dick* upside down and tells a story all its own with epic triumph and devastating fate.

Madame Badobedah Sophie Dahl,2020-04-07 Who is Madame Badobedah? Mabel sets out to prove that an eccentric new hotel guest is really a supervillain in this witty storybook about an intergenerational friendship. There's a strange new guest at the Mermaid Hotel — a very old lady with a growly voice, bags stuffed with jewelry and coins and curiosities, and a beady-eyed pet tortoise. Mabel, whose parents run the hotel, is suspicious. Who is this “Madame Badobedah” (it rhymes with Oo la la) who has come to stay indefinitely and never has any visitors? To find out, Mabel puts on her spy costume and observes the new guest. Conclusion? She must be a secret supervillain hiding out from the law. The grown-ups think Madame Badobedah is a bit rude — and sad — but when she invites “dahlink” Mabel for a cup of forbidden tea and a game of pirates, the two begin a series of imaginary adventures together, and Mabel realizes that first impressions can sometimes be very wrong. Conjurings two quirky heroines that young readers will love, Sophie Dahl adds her talented voice to a grand tradition of books that celebrate the alliance of the old and young in the face of humdrum adults, while Lauren O'Hara's illustrations are as packed with intriguing details as Madame Badobedah's suitcases.

Psychology as Ethics Giovanni Colacicchi,2020-09-28 Through his clinical work and extensive engagement with major figures of the philosophical tradition, Jung developed an original and pluralistic psycho-ethical model based on the cooperation of consciousness with the unconscious mind. By drawing on direct quotations from Jung's collected works, *The Red Book*, and his interviews and seminars – as well as from seminal texts by Kant, Nietzsche, Aristotle and Augustine – Giovanni Colacicchi provides a philosophically grounded analysis of the ethical relevance of Jung's analytical psychology and of the concept of individuation which is at its core. The author argues that Jung transforms Kant's consciousness of duty into the duty to be conscious while also endorsing Nietzsche's project of an individual ethics beyond collective morality. Colacicchi shows that Jung is concerned, like Aristotle, with the human need to acquire a balance between reason and emotions; and that Jung puts forward, with his understanding of the shadow, a moral psychology of the Christian notion of evil. Jung's psycho-ethical paradigm is thus capable of integrating ethical theories which are often read as mutually exclusive. *Psychology as Ethics* will be of interest to researchers in the history of ideas and the philosophy of the unconscious, as well as to therapists and counsellors who wish to place their psychodynamic work in its philosophical context. It will also be a key reference for undergraduate and postgraduate courses and seminars in Jungian and Post-Jungian studies, philosophy, psychoanalytic studies, psychology, religious studies and the social sciences.

Loki: A Bad God's Guide to Being Good Louie Stowell,2022-05-24 Packed with doodles and cartoons, here is the diary of Loki as he's trapped on earth as a petulant eleven-year-old—and even worse, annoying thunder god Thor is there, too. After one prank too many, trickster god Loki has been banished to live as a kid on earth. If he can show moral improvement within one month, he can return to Asgard. If he can't? Eternity in a pit of angry snakes. Rude! To keep track of Loki's progress, king Odin (a bossy poo-poo head) gives him this magical diary in which Loki is forced to confess the truth, even when that truth is as ugly as a naked mole rat. To make matters worse, Loki has to put up with an eleven-year-old Thor tagging along and making him look bad. Loki is not even allowed to use his awesome godly powers! As Loki suffers the misery of school lunch, discovers the magic of internet videos, and keeps watch for frost giant spies, will he finally learn to tell good from bad, trust from tricks, and friends from enemies? Louie Stowell's witty text and hysterical drawings will keep readers in stitches from start to finish.

Reel History Alex von Tunzelmann,2015-10-01 From ancient Egypt to the Tudors to the Nazis, the film industry has often defined how we think of the past. But how much of what you see on the screen is true? And does it really matter if filmmakers just make it all up? Picking her way through Hollywood's version of events, acclaimed historian Alex von Tunzelmann sorts the fact from the fiction. Along the way, we meet all our favourite historical characters, on screen and in real life: from Cleopatra to Elizabeth I, from Spartacus to Abraham Lincoln, and from Attila the Hun to Nelson Mandela. Based on the long-running column in the Guardian, *Reel History* takes a comic look at the history of the world as told through the movies - the good, the bad, and the very, very ugly.

The Price Guide to the Occult Leslye Walton,2018-03-13 From the author of *The Strange and Beautiful Sorrows of Ava Lavender* comes a haunting maelstrom of magic and murder in the lush, moody Pacific Northwest. When Rona Blackburn landed on Anathema Island more than a century ago, her otherworldly skills might have benefited friendlier neighbors. Guilt and fear instead led the island's original eight settlers to burn “the witch” out of her home. So Rona cursed them. Fast-forward one hundred-some years: All Nor Blackburn wants is to live an unremarkable teenage life. She has reason to hope: First, her supernatural powers, if they can be called that, are unexceptional. Second, her love life is nonexistent, which means she might escape the other perverse side effect of the matriarch's backfiring curse, too. But then a mysterious book comes out, promising to cast any spell for the right price. Nor senses a storm coming and is pretty sure she'll be smack in the eye of it. In her second novel, Leslye Walton spins a dark, mesmerizing tale of a girl stumbling along the path toward self-acceptance and first love, even as the Price Guide's malevolent author — Nor's own mother — looms and threatens to strangle any hope for happiness.

Mistakes Were Made ,2013-08-27 Resolving to earn so much money that his mother will no longer stress out over the bills, eleven-year-old Timmy Failure launches a detective business with a lazy polar bear partner named Total but finds their enterprise Total Failure, Inc. challenged by a college-bound spy and a four-foot-tall girl whom Timmy refuses to acknowledge.

The Year I Stopped to Notice Miranda Keeling,2022-03-17 'This book is a delight ... the world is full of little surprises, momentary little fountains of pleasure and beauty, that could be visible to all of us if we learned to stop and notice as Miranda Keeling does.' Philip Pullman 'An odd, beautiful book ... Buy an extra copy to give to someone you love.' Neil Gaiman January: A man walking along Caledonian Road falls over onto the huge roll of bubble wrap he is hugging, perhaps for just this sort of situation. Inspired by her popular Twitter account, *The Year I Stopped to Notice* brings together Miranda Keeling's observations of the magic, humour, strangeness and beauty in ordinary life. Through the changing seasons, on city streets and on buses, in parks and cafes, Miranda notices things: moments between friends, the interactions of strangers, children delighting in the world around them, the quiet melancholy of lost items on the pavement. Accompanied by stunning watercolour illustrations from Luci Power, Miranda's poetic vignettes take us on journeys of discovery and share with us the joy of stopping to notice. September: On a sweltering, packed rush-hour train, my arm suddenly feels lovely and cool, and I look down to see a shopping bag held by the woman beside me - full of just-bought cartons of milk.

Mummies, Cannibals and Vampires Richard Sugg,2012-04-27 *Mummies, Cannibals and Vampires* charts in vivid detail the largely forgotten history of European corpse medicine, when kings, ladies, gentlemen, priests and scientists prescribed, swallowed or wore human blood, flesh, bone, fat, brains and skin against epilepsy, bruising, wounds, sores, plague, cancer, gout and depression. One thing we are rarely taught at school is this: James I refused corpse medicine; Charles II made his own corpse medicine; and Charles I was made into corpse medicine. Ranging from the execution scaffolds of Germany and Scandinavia, through the courts and laboratories of Italy, France and Britain, to the battlefields of Holland and Ireland, and on to the tribal man-eating of the Americas, *Mummies, Cannibals and Vampires* argues that the real cannibals were in fact the Europeans. Medicinal cannibalism utilised the formidable weight of European science, publishing, trade networks and educated theory. For many, it was also an emphatically Christian phenomenon. And, whilst corpse medicine has sometimes been presented as a medieval therapy, it was at its height during the social and scientific revolutions of early-modern Britain. It survived well into the eighteenth century, and amongst the poor it lingered stubbornly on into the time of Queen Victoria. This innovative book brings to life a little known and often disturbing part of human history.

Fleeting Agencies Arunima Datta,2021-09-30 Critically examines the agency and history of long-silenced coolie women and their role in colonial economy and transnational movements.

The Cat and The City Nick Bradley,2020-06-04 A BBC Radio 2 Book Club Pick 'Ingenious ... touching, surprising and sometimes heartbreaking.' Guardian 'If you're itching to read a new novel by David Mitchell ... try this.' The Times _____ In Tokyo - one of the world's largest megacities - a stray cat is wending her way through the back alleys. And, with each detour, she brushes up against the seemingly disparate lives of the city-dwellers, connecting them in unexpected ways. But the city is changing. As it does, it pushes her to the margins where she chances upon a series of apparent strangers - from a homeless man squatting in an abandoned hotel, to a shut-in hermit afraid to leave his house, to a convenience store worker searching for love. The cat orbits Tokyo's denizens, drawing them ever closer. 'Masterfully weaves together seemingly disparate threads to conjure up a vivid tapestry of Tokyo; its glory, its shame, its characters, and a calico cat.' David Peace, author of *THE TOKYO TRILOGY* One of the

Independent's best debuts

A Writer's Guide to Ancient Rome Carey Fleiner,2020-02-09 'A really fun idea for a book - and full of great stuff.' Greg Jenner, Public HistorianThis is the perfect guide for any writer who wants to recreate the Roman world accurately in their fiction. It will aid any novelist, screenwriter, games designer or re-enactor in populating their story with authentic characters and scenes, costumes and locations. Written from a historian's perspective, this guide pulls back the curtain to show the reader what life in Ancient Rome was really like: what they wore, what they ate, and how they spent their time at work, at home, at war, and at play. Individual chapters focus on different aspects of Romans' lives, to give you specific knowledge of what they looked like and how they behaved, as well as a broad appreciation of what held their civilisation together, from religion, to the economy, to law and order. You may wish to work your way through the book from cover to cover, or focus specifically on individual chapters as you hone your creative writing skills. Covering the period between 200 BCE and 200 CE, A writer's guide to Ancient Rome surveys the vast amount of sources and scholarship on the Classical world so you don't have to! It outlines current scholarly debates and changing interpretations, suggests further reading, and recommends particular resources to mine for each topic. It gives you plenty to consider while you construct your own Roman world.

Greg Jenner Introduction

In todays digital age, the availability of Greg Jenner books and manuals

for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Greg Jenner books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Greg Jenner books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Greg Jenner versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Greg Jenner books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Greg Jenner books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Greg Jenner books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Greg Jenner books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Greg Jenner books and manuals for download and embark on your journey of knowledge?

FAQs About Greg Jenner Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone.
