Van Halen Rising Greg Renoff,2015-10-01 A vivid and energetic history of Van Halen's legendary early years After years of playing gigs everywhere from suburban backyards to dive bars, Van Halen — led by frontman extraordinaire David Lee Roth and guitar virtuoso Edward Van Halen — had the songs, the swagger, and the talent to turn the rock world on its ear. The quartet's classic 1978 debut, Van Halen, sold more than a million copies within months of release and rocketed the band to the stratosphere of rock success. On tour, Van Halen's high-energy show wowed audiences and prompted headlining acts like Black Sabbath to concede that they'd been blown off the stage. By the year's end, Van Halen had established themselves as superstars and reinvigorated heavy metal in the process. Based on more than 230 original interviews — including with former Van Halen bassist Michael Anthony and power players like Pete Angelus, Marshall Berle, Donn Landee, Ted Templeman, and Neil Zlozower — Van Halen Rising reveals the untold story of how these rock legends made the unlikely journey from Pasadena, California, to the worldwide stage.

Cog Greg van Eekhout,2019-10-01 Five robots. One unforgettable journey. Their programming will never be the same. Wall-E meets The Wild Robot in this middle grade instant classic about five robots on a mission to rescue their inventor from the corporation that controls them all. Cog looks like a normal twelve-year-old boy. But his name is short for “cognitive development,” and he was built to learn. But after an accident leaves him damaged, Cog wakes up in an unknown lab—and Gina, the scientist who created and cared for him, is nowhere to be found. Surrounded by scientists who want to study him and remove his brain, Cog recruits four robot accomplices for a mission to find her. Cog, ADA, Proto, Trashbot, and Car’s journey will likely involve much cognitive development in the form of mistakes, but Cog is willing to risk everything to find his way back to Gina. In this charming stand-alone adventure, Greg van Eekhout breathes life and wisdom into an unforgettable character and crafts a story sure to earn its place among beloved classics like Katherine Applegate’s The One and Only Ivan.

Weird Kid Greg van Eekhout,2021-07-27 From the author of Cog and Voyage of the Dogs, Weird Kid is a hilarious and heartfelt homage to everyone who feels like they don’t belong. Perfect for fans of Gordon Korman and Stuart Gibbs. Jake Wind is trying to stay under the radar. Whose radar? Anyone who might be too interested in the fact that he has shapeshifting abilities he can’t control. Or that his parents found him as a ball of goo when he was a baby. Keeping his powers in check is crucial, though, if he wants to live a normal life and go to middle school instead of being homeschooled (and if he wants to avoid being kidnapped and experimented on, of course). Things feel like they’re going his way when he survives his first day of school without transforming and makes a new friend. But when mysterious sinkholes start popping up around town—sinkholes filled with the same extraterrestrial substance as Jake—and his neighbors, classmates, and even his family start acting a little, well, weird, Jake will have to learn to use his powers in order to save his town. The short page count, humor, and action make this a good choice for reluctant readers. A solid purchase for school and public libraries. —School Library Journal

Norse Code Greg Van Eekhout,2009-05-19 Is this Ragnarok, or just California? The NorseCODE genome project was designed to identify descendants of Odin. What it found was Kathy Castillo, a murdered MBA student brought back from the dead to serve as a valkyrie in the Norse god’s army. Given a sword and a new name, Mist’s job is to recruit soldiers for the war between the gods at the end of the world—and to kill those who refuse to fight. But as the twilight of the gods descends, Mist makes other plans. Journeying across a chaotic American landscape already degenerating into violence and madness, Mist hopes to find her way to Helheim, the land of the dead, to rescue her murdered sister from death’s clutches. To do so, she’ll need the help of Hermod, a Norse god bumming around Los Angeles with troubles of his own. Together they find themselves drafted into a higher cause, trying to do what fate long ago deemed could not be done: save the world of man. For even if myths aren’t made to be broken, it can’t hurt to go down fighting...can it?

Obleo Greg Van Doren,2010-09 Meet my little friend, Obleo, An animated character, who first came to life in a dream I had many years ago. The book is a story of betrayal, rejection and unmet expectations, similar To The challenges I faced as a child. Not only did it expose my struggles, but gave me the tools necessary to grow as well. Little did I know that one day, this little character would come to life and mirror the struggles that we have all faced at one time or another. Dealing with peer pressure and acceptance can be a very painful experience as you will see in the following pages. Come! Join Obleo and his unique little friends as they begin the journey of a life changing experience.

Ted Templeman Templeman Ted,Greg Renoff,2020-04-21 Crafting smash hits with Van Halen, The Doobie Brothers, Nicolette Larson, and Van Morrison, legendary music producer Ted Templeman changed the course of rock history This autobiography (as told to Greg Renoff) recounts Templeman’s remarkable life from child jazz phenom in Santa Cruz, California, in the 1950s to Grammy-winning music executive during the ’70s and ’80s. Along the way, Ted details his late ’60s stint as an unlikely star with the sunshine pop outfit Harpers Bizarre and his grind-it-out days as a Warner Bros. tape listener, including the life-altering moment that launched his

career as a producer: his discovery of the Doobie Brothers. Ted Templeman: A Platinum Producer's Life in Music takes us into the studio sessions of No. 1 hits like "Black Water" by the Doobie Brothers and "Jump" by Van Halen, as Ted recounts memories and the behind-the-scene dramas that engulfed both massively successful acts. Throughout, Ted also reveals the inner workings of his professional and personal relationships with some of the most talented and successful recording artists in history, including Steven Tyler and Joe Perry of Aerosmith, Eric Clapton, Lowell George, Sammy Hagar, Linda Ronstadt, David Lee Roth, and Carly Simon.

Kid vs. Squid Greg van Eekhout,2011-04-10 Thatcher Hill is bored stiff of his summer job dusting the fake mermaids and shrunken heads at his uncle's seaside Museum of Curiosities. But when a mysterious girl steals an artifact from the museum, Thatcher's summer becomes an adventure that takes him from the top of the ferris wheel to the depths of the sea. Following the thief, he learns that she is a princess of the lost Atlantis. Her people have been cursed by an evil witch to drift at sea all winter and wash up on shore each summer to an even more terrible fate-working the midway games and food stands on the boardwalk. Can Thatcher help save them before he, too, succumbs to the witch's curse? With sharp, witty writing that reads like a middle-grade Douglas Adams' Hitchhiker's Guide to the Galaxy, Greg van Eekhout's first book for young readers is a wild ride packed with as many laughs as it has thrills.

The Ghost Job Greg van Eekhout,2023-09-26 Ghosts make the best thieves in this pitch-perfect middle grade adventure from the acclaimed author of Weird Kid. Perfect for fans of Gordon Korman and John David Anderson--and anyone looking for an Ocean's 11-style heist! Zenith and her friends may be dead--but lucky for them, even getting ghosted wasn't enough to tear them apart. The four of them were thick as thieves long before an unfortunate lab accident sent them careening into the afterlife. So when they hear about a machine that could return them to the land of the living, they are determined to steal it. Unfortunately, the magical device belongs to a dangerous necromancer who's out for their ectoplasm. Fortunately, they're great at heists. Because pulling off the score of their deathtimes is no job for an amateur.

Voyage of the Dogs Greg van Eekhout,2018-09-04 Dogs in space! Share this book with middle graders who enjoy stories about dogs, space adventures, or action adventure stories--or all three! Perfect for fans of Homeward Bound and Woof. Lopside is a Barkonaut, a specially trained dog who assists human astronauts on missions in space. He and the crew aboard the spaceship Laika are en route to set up an outpost on a distant planet. When the mission takes a disastrous turn, the Barkonauts on board suddenly find themselves completely alone on their severely damaged ship. Survival seems impossible. But these dogs are Barkonauts--and Barkonauts always complete their mission. SOS. Ship damaged. Human crew missing. We are the dogs. We are alone.

The Boy at the End of the World Greg van Eekhout,2011-06-21 Born half-grown in a world that is being destroyed, Fisher has instinctive knowledge of many things, including that he must avoid the robot that knows his name.

California Bones Greg van Eekhout,2014-06-10 When Daniel Blackland was six, he ingested his first bone fragment, a bit of kraken spine plucked out of the sand during a visit with his demanding, brilliant, and powerful magician father, Sebastian. When Daniel was twelve, he watched Sebastian die at the hands of the Hierarch of Southern California, devoured for the heightened magic layered deep within his bones. Now, years later, Daniel is a petty thief with a forged identity. Hiding amid the crowds in Los Angeles--the capital of the Kingdom of Southern California--Daniel is trying to go straight. But his crime-boss uncle has a heist he wants Daniel to perform: break into the Hierarch's storehouse of magical artifacts and retrieve Sebastian's sword, an object of untold power. For this dangerous mission, Daniel will need a team he can rely on, so he brings in his closest friends from his years in the criminal world. There's Moth, who can take a bullet and heal in mere minutes. Jo Alverado, illusionist. The multitalented Cassandra, Daniel's ex. And, new to them all, the enigmatic, knowledgeable Emma, with her British accent and her own grudge against the powers-that-be. The stakes are high, and the stage is set for a showdown that might just break the magic that protects a long-corrupt regime. Extravagant and yet moving, Greg van Eekhout's California Bones is an epic adventure set in a city of canals and secrets and casual brutality--different from the world we know, yet familiar and true. Rethinking InfoSec Greg van der Gaast,2020-03-18 As one review on cybersecurity-professionals.com sums up:If you are ready to make a fundamental change to the way you operate, that will save you money yet allow you to achieve so much more, this book is a must read!Information Security spending is skyrocketing, both in absolute terms and as a percentage of IT spending. It seems the only thing increasing faster is the frequency and impact of breaches. It doesn't seem like the current approach is working very well, does it? Interestingly, the bulk of large breaches is caused by simple issues for which we've had the answers for decades, yet no one

spotted. The answer, according to the nearly \$250bn Information Security industry, is to spend more on technologies and services. Is it perhaps time to take a step back, shed our indoctrination, and have a fresh look at things? Greg van der Gaast started as one of the most notorious hackers of the late 1990's. He is now the Head of Information Security for the University of Salford, Managing Director of InfoSec Strategy consultancy CMCG, and a university lecturer and private trainer in Information Security leadership. He also is a frequent speaker on making security more human, accountable, and proactive. A candid critic of the security status quo, he is considered a nutter by many in the field. Conversely, he's lost count of how many management teams have told him he was the first security guy to ever make sense to them. Who's crazy? You decide. Rethinking InfoSec presents views on what causes many of today's issues and costs and thoughts on how we can create a lot more assurance with far, far less. Some of the topics covered: -Strategically implement effective InfoSec programmes. -Boost business alignment, collaboration, and buy-in. -Simplify and achieve assurance and compliance. -Ensure holistic coverage. -Avoid costly reactive approaches. -Reduce issues through proactivity. -Establish brand and influence. -Structure teams for maximum effectiveness. -Leverage human potential. Reduce information security pressure, stress, and spending, all while increasing assurance and reward. We can do better, lets.

Pacific Fire Greg van Eekhout, 2015-01-27 *Pacific Fire*: Another thrilling ride through Greg van Eekhout's wildly imaginative world of California Bones, featuring entertaining new characters and a dangerous magical plot unfolding in Los Angeles. I'm Sam. I'm just this guy. Okay, yeah, I'm a golem created from the substance of his own magic by the late Hierarch of Southern California. With a lot of work, I might be able to wield magic myself. I kind of doubt it, though. Not like Daniel Blackland can. Daniel's the reason the Hierarch's gone and I'm still alive. He's also the reason I've lived my entire life on the run. Ten years of never, ever going back to Los Angeles. Daniel's determined to protect me. To teach me. But it gets old. I've got nobody but Daniel. I'll never do anything normal. Like attend school. Or date a girl. Now it's worse. Because things are happening back in LA. Very bad people are building a Pacific firedrake, a kind of ultimate weapon of mass magical destruction. Daniel seemed to think only he could stop them. Now Daniel's been hurt. I managed to get us to the place run by the Emmas. (Many of them. All named Emma. It's a long story.) They seem to be healing him, but he isn't going anywhere soon. Do I even have a reason for existing, if it isn't to prevent this firedrake from happening? I'm good at escaping from things. Now I've escaped from Daniel and the Emmas, and I'm on my way to LA. This may be the worst idea I ever had. Cervantes. When Mott finds a puppy abandoned in a recycling bin, she's ready to do everything she can to protect him. Van Til's Apologetic Greg L. Bahnsen, 1998 In this volume, Bahnsen has gathered the primary passages on apologetics from the vast body of works by Cornelius Van Til, arranged them topically, and added incisive commentary and analysis. Cancer Must Die Greg Van Gorp, 2020-03-15 Pastor Greg Van Gorp gives an account of his extraordinary journey of healing. He describes his vigilance and his refusal to accept anything less than what God's Word states for his body, mind and spirit. God is a healer! Jesus Christ, our great Commander-in-Chief, has already won the battle on our behalf! It's time to walk in His victory. This means all the victory, the power, and the blessing of God is coming toward us all the time and all we have to do is to receive what He has already done. Jesus didn't leave anything undone on the Cross. Numbers 23:19 states, God is not a man, that he should lie; neither the son of man, that he should repent: hath he said, and shall he not do it? or hath he spoken, and shall he not make it good? He's a good God! He's a healing God!
