All that stands between her and these choices are the pride of a thwarted assassin, the designs of a would-be empress wielding the Inquisition like a knife, and the vengeance of the empire's richest lord. As the world narrows around her, and her enemies attack her through the system she is sworn to, Nona must find her own path despite the competing pulls of friendship, revenge, ambition, and loyalty. And in all this only one thing is certain: there will be blood.

Rated Melissa Grey,2019-09-03 The ratings are real. One number, 0 to 100, determines your place in society. Earn a high rating, and the world is yours for the taking. But fall to zero, and you may as well cease to exist. Societies thrive on order, and the Rating System is the ultimate symbol of organized social mobility. The higher it soars, the more valued you are. The lower it plummets, the harder you must work to improve yourself. For the students at the prestigious Maplethorpe Academy, every single thing they do is reflected in their ratings, updated daily and available for all to see. But when an act of vandalism sullies the front doors of the school, it sets off a chain reaction that will shake the lives of six special students -- and the world beyond.

Arden Grey Ray Stoeve,2022-04-26 An insightful, raw YA novel about a young photographer navigating toxic relationships and how they influence her identity Sixteen-year-old Arden Grey is struggling. Her mother has left their family, her father and her younger brother won't talk about it, and a classmate, Tanner, keeps harassing her about her sexuality—which isn't even public. (She knows she likes girls romantically, but she thinks she might be asexual.) At least she's got her love of film photography and her best and only friend, Jamie, to help her cope. Then Jamie, who is trans, starts dating Caroline, and suddenly he isn't so reliable. Arden's insecurity about their friendship grows. She starts to wonder if she's jealous or if Jamie's relationship with Caroline is somehow unhealthy—and it makes her reconsider how much of her relationship with her absent mom wasn't okay, too. Filled with big emotions, first loves, and characters navigating toxic relationships, Ray Stoeve's honest and nuanced novel is about finding your place in the world and seeking out the love and community that you deserve.

The Grey Album Kevin Young,2012-03-13 *Finalist for the 2012 National Book Critics Circle Award for Criticism* *A Publishers Weekly Top 10 Literary Criticism and Essays Pick for Spring 2012* The Grey Album, the first work of prose by the brilliant poet Kevin Young, winner of the Graywolf Press Nonfiction Prize Taking its title from

Danger Mouse's pioneering mashup of Jay-Z's *The Black Album* and the Beatles' *The White Album*, Kevin Young's encyclopedic book combines essay, cultural criticism, and lyrical choruses to illustrate the African American tradition of lying-storytelling, telling tales, fibbing, improvising, jazzing. What emerges is a persuasive argument for the many ways that African American culture is American culture, and for the centrality of art—and artfulness—to our daily life. Moving from gospel to soul, funk to freestyle, Young sifts through the shadows, the bootleg, the remix, the grey areas of our history, literature, and music.

Black, White, and The Grey Mashama Bailey, John O. Morisano, 2021-01-12 A story about the trials and triumphs of a Black chef from Queens, New York, and a White media entrepreneur from Staten Island who built a relationship and a restaurant in the Deep South, hoping to bridge biases and get people talking about race, gender, class, and culture. NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY GARDEN & GUN • “Black, White, and The Grey blew me away.”—David Chang In this dual memoir, Mashama Bailey and John O. Morisano take turns telling how they went from tentative business partners to dear friends while turning a dilapidated formerly segregated Greyhound bus station into The Grey, now one of the most celebrated restaurants in the country. Recounting the trying process of building their restaurant business, they examine their most painful and joyous times, revealing how they came to understand their differences, recognize their biases, and continuously challenge themselves and each other to be better. Through it all, Bailey and Morisano display the uncommon vulnerability, humor, and humanity that anchor their relationship, showing how two citizens commit to playing their own small part in advancing equality against a backdrop of racism.

Grey Game Theory and Its Applications in Economic Decision-Making Zhigeng Fang, Sifeng Liu, Hongxing Shi, Yi Lin, 2016-04-19 To make the best decisions, you need the best information. However, because most issues in game theory are grey, nearly all recent research has been carried out using a simplified method that considers grey systems as white ones. This often results in a forecasting function that is far from satisfactory when applied to many real situations. *Grey Game Theory and Its Applications in Economic Decision Making* introduces classic game theory into the realm of grey system theory with limited knowledge. The book resolves three theoretical issues: A game equilibrium of grey game A reasonable explanation for the equilibrium of a grey matrix of static nonmatrix game issues based on incomplete information The Centipede Game paradox, which has puzzled theory circles for a long time and greatly enriched and developed the core methods of subgame Nash perfect equilibrium analysis as a result The book establishes a grey matrix game model based on pure and mixed strategies. The author proposes the concepts of grey saddle points, grey mixed strategy solutions, and their corresponding structures and also puts forward the models and methods of risk measurement and evaluation of optimal grey strategies. He raises and solves the problems of grey matrix games. The book includes definitions of the test rules of information distortion experienced during calculation, the design of tokens based on new interval grey numbers, and new arithmetic laws to manipulate grey numbers. These features combine to provide a practical and efficient tool for forecasting real-life economic problems.

I Stand Before You S.R. Grey, 2013-09-04 A story of love, a story of hope. How can you move forward when you're anchored to the past? When it comes to tattooed bad boys, Chase Gartner was the real deal. Partying, engaging in meaningless sex, getting into fights---Chase indulged in it all during his late teen years, thus firmly solidifying his status as a heartbreakingly gorgeous but way-too-dangerous-to-trust guy in his hometown of Harmony Creek, Ohio. Then, following one fateful night of reckless decisions, Chase's actions finally caught up to him and landed him in prison. Now, four years have passed and Chase finds himself a free man. He returns to Harmony Creek, ready to pick up the pieces and start rebuilding his shattered life. Things are off to a promising start when he meets Kay Stanton, a young woman with a tragic past of her own. Despite a powerful attraction, Chase and Kay are naturally hesitant to become involved. That's why friendship feels like the safest option. But when passions ignite and love blossoms, a relationship that is destined and meant to be can only be resisted for so long. When Chase and Kay finally succumb to their feelings they realize being together feels more right and true than anything they have ever experienced. But their love is soon tested. Chase's wild past still haunts and tempts him, and Kay is keeping a secret that could tear them apart. *I Stand Before You* is a journey of hope and forgiveness, coming to terms with the past and moving forward. But mostly it's a story of two damaged people who take a chance, open their hearts, and find true love. New Adult/Contemporary Romance genres. First in a series.

Ask the Grey Sisters Elizabeth Iles, 1998-06 *Ask the Grey Sisters: Sault Ste. Marie and the General Hospital, 1898-1998* tells the story of the creation and one-hundred-year history of the Sault Ste. Marie General Hospital. At a time when Canada's healthcare system is at a crossroads and we are asked to make crucial decisions for its future, it is intriguing and enlightening to look at the colourful past of a typical community hospital. Throughout the 1890s, Sault Ste. Marie was a town in search of a hospital. Its glory days at the centre of the fur-trade route were long gone and the Sault was in the process of becoming a modern industrial community. Such a community needed a hospital as a centrepiece to attract investors and as a necessary social institution to care for the hundreds of workers who were flocking to town without family support. The General Hospital was established in 1898 after the town committee charged with developing a hospital had been refused funding by both the federal and provincial governments. In desperation, the committee met with the provincial Inspector of Asylums and Prisons (the only provincial official with hospitals in his mandate). If you wish a hospital of which the work is serious and lasting, he is reported to have advised them, ask the Grey Sisters. And so began a fruitful association between the community of Sault Ste. Marie and two orders of Grey Sisters who have operated the hospital through its one-hundred-year history. Based in part on the extensive archival collections of both orders of nuns, this

history includes material from the sisters' Chronicles and their personal reminiscences. The result is an intimate and detailed portrait of a community hospital, placed in the context of an emerging provincial system of health care.

Hold Fast: A Novel (Vol. Book 1) (A Thomas Grey Novel) J. H. Gelernter,2021-05-04 A desperate sea battle; a fortune risked on the turn of a card; a duel at dawn with the loser...Patrick O'Brian meets James Bond. It's 1803. The Napoleonic Wars are raging, Britain is on her heels, and His Majesty's Secret Service has just lost its best agent, Thomas Grey. Deeply depressed by his wife's untimely death, Grey resigns from the service and accepts an offer to join a lumber firm in Boston. But when a sea battle with a privateer forces the ship carrying him west to make port in neutral Portugal, Grey is approached with a counteroffer: become a wealthy man by selling out Britain's spy network to France. The French take Grey for a disgruntled ex-naval officer, blithely unaware that Grey had lost his wife to an unlucky shot from a French cannon. Now, after many years serving King and Country, Grey seizes the opportunity to fight a covert war of his own. He travels to Paris, and—playing the part of the invaluable turncoat the French believe him to be—proceeds to infiltrate the highest levels of Napoleon's government. If he can outwit his handlers, outmatch his French counterparts, and outrun Napoleon's secret police, Grey may just avenge his wife's death and turn the tide of war in England's favor. Bursting with action and intrigue, Hold Fast sends readers headlong into an unrelenting spy thriller.

A New Grey Approach for Using SWARA and PIPRECIA Methods in a Group Decision-Making Environment Dragisa Stanujkic,Darjan Karabasevic,Gabrijela Popovic,Predrag S. Stanimirovic,Muzafer Saracevic,Florentin Smarandache,Vasilios N. Katsikis,Alptekin Ulutas,2021-07-01 The environment in which the decision-making process takes place is often characterized by uncertainty and vagueness and, because of that, sometimes it is very hard to express the criteria weights with crisp numbers. Therefore, the application of the Grey System Theory, i.e., grey numbers, in this case, is very convenient when it comes to determination of the criteria weights with partially known information. Besides, the criteria weights have a significant role in the multiple criteria decision-making process. Many ordinary multiple criteria decision-making methods are adapted for using grey numbers, and this is the case in this article as well. A new grey extension of the certain multiple criteria decision-making methods for the determination of the criteria weights is proposed. Therefore, the article aims to propose a new extension of the Step-wiseWeight Assessment Ratio Analysis (SWARA) and Pivot Pairwise Relative Criteria Importance Assessment (PIPRECIA) methods adapted for group decision-making.
