**How He-Man Mastered the Universe** Brian C. Baer, 2017-03-10 Elaborate cinematic universes and sophisticated marketing tie-ins are commonplace in entertainment today. It's easy to forget that the transmedia

trend began in 1982 with a barbarian action figure. He-Man and the other characters in Mattel's popular Masters of the Universe toy line quickly found their way into comic books, video games, multiple television series and a Hollywood film. The original animated series (1983–1985) was the first based on an action figure, and the cult classic Masters of the Universe (1987) was the first toy-inspired live-action feature film. But it wasn't easy. He-Man faced adversaries more dangerous than Skeletor: entertainment lawyers, Hollywood executives, even the Reagan administration. The heroes and villains of Eternia did more than shape the childhoods of the toy-buying public—they formed the modern entertainment landscape.

**My Year Collecting Toys 2017** Matthew Marchon, It's not an addiction, it's a passion. I love collecting toys. Okay, yeah, fine, maybe a little bit of an addiction. We'll let you decide. Journey with me as we take a trip back to 2017. The year my beloved WWF Hasbro figures returned to the shelves as WWE Retros. The year Mega Construx added Masters Of The Universe to their line of mini figures. The year I bought a collection of the 2011 Thundercats and found a bag of He-Man figures at a thrift store in the mountains of New Hampshire. While traveling New England for my hiking guides, I stopped at every toy store, flea market and thrift store I came across. Not to mention my parents' shed and attic, always good places for old treasures. And of course, good old eBay. The cover says it all, you know what we're hunting down. This isn't superheroes and Star Wars, I'm looking for those forgotten lines. And a few not so forgotten. We're talking Dino-Riders and Super Naturals. Wrestling and MOTU. GI Joes, Turtles, the ninja kind, not the ones you have to brake for in the road, Transformers and even, ugh, I know people hate it but I'm gonna say it anyway, Go-Bots. And Thundercats, everyone loves them. Does that make up for it? It was a good year for toy hunting, but not nearly as good as the years that fell around it. Since this book's a little short, we're going to give it away for free, just pretend it's one of

those mini comics that came with 80's action figures. But don't let your kids read it, some of the humor may be a little inappropriate. They can enjoy the pictures though, just like I did with the actual mini comics that came with my figures when I was a kid. Let's take a look at my year collecting toys in 2017.
