

Guest From The Future

György Dalos

The Guest from the Future György Dalos, 2000-09-25 There were tragic consequences, however. The Soviet authorities thought Berlin was a British spy, and Akhmatova, who was never a dissident, became an ideological enemy. Until her death in 1966 the KGB persecuted her and her family. Akhmatova was convinced that her meeting with Berlin had inadvertently started the Cold War, yet she remembered it gratefully and it inspired some of her finest love poems.--Jacket.

The Square and the Tower Niall Ferguson, 2019-01-22 The instant New York Times bestseller. A brilliant recasting of the turning points in world history, including the one we're living through, as a collision between old power hierarchies and new social networks. "Captivating and compelling." -The New York Times Niall Ferguson has again written a brilliant book...In 400 pages you will have restocked your mind. Do it. -The Wall Street Journal "The Square and the Tower, in addition to being provocative history, may prove to be a bellwether work of the Internet Age." -Christian Science Monitor Most history is hierarchical: it's about emperors, presidents, prime ministers and field marshals. It's about states, armies and corporations. It's about orders from on high. Even history from below is often about trade unions and workers' parties. But what if that's simply because hierarchical institutions create the archives that historians rely on? What if we are missing the informal, less well documented social networks that are the true sources of power and drivers of change? The 21st century has been hailed as the Age of Networks. However, in *The Square and the Tower*, Niall Ferguson argues that networks have always been with us, from the structure of the brain to the food chain, from the family tree to freemasonry. Throughout history, hierarchies housed in high towers have claimed to rule, but often real power has resided in the networks in the town square below. For it is networks that tend to innovate. And it is through networks that revolutionary ideas can contagiously spread. Just because conspiracy theorists like to fantasize about such networks doesn't mean they are not real. From the cults of ancient Rome to the dynasties of the Renaissance, from the founding fathers to Facebook, *The Square and the Tower* tells the story of the rise, fall and rise of networks, and shows how network theory--concepts such as clustering, degrees of separation, weak ties, contagions and phase transitions--can transform our understanding of both the past and the present. Just as *The Ascent of Money* put Wall Street into historical perspective, so *The Square and the Tower* does the same for Silicon Valley. And it offers a bold prediction about which hierarchies will withstand this latest wave of network disruption--and which will be toppled.

The Guest from the Future Jon Stallworthy, Anna Andreevna

Akhmatova, 1997-04-01 *The Guest from the Future* is a selection of poetry by one of the Norton college department's most redoubtable editors, Professor Jon Stallworthy of Oxford University.

In Exile Jessica Dubow, 2020-11-12 In *In Exile*, Jessica Dubow situates exile in a new context in which it holds both critical capacity and political potential. She not only outlines the origin of the relationship between geography and philosophy in the Judaic intellectual tradition; but also makes secular claims out of Judaism's theological sources. Analysing key Jewish intellectual figures such as Walter Benjamin, Isaiah Berlin and Hannah Arendt, Dubow presents exile as a form of thought and action and reconsiders attachments of identity, history, time, and territory. In her unique combination of geography, philosophy and some of the key themes in Judaic thought, she has constructed more than a study of interdisciplinary fluidity. She delivers a striking case for understanding the critical imagination in

spatial terms and traces this back to a fundamental – if forgotten – exilic pull at the heart of Judaic thought.

Cold War Cultures Annette Vowinckel, Marcus M. Payk, Thomas Lindenberger, 2012 The Cold War was not only about the imperial ambitions of the super powers, their military strategies, and antagonistic ideologies. It was also about conflicting worldviews and their correlates in the daily life of the societies involved. The term Cold War Culture is often used in a broad sense to describe media influences, social practices, and symbolic representations as they shape, and are shaped by, international relations. Yet, it remains in question whether – or to what extent – the Cold War Culture model can be applied to European societies, both in the East and the West. While every European country had to adapt to the constraints imposed by the Cold War, individual development was affected by specific conditions as detailed in these chapters. This volume offers an important contribution to the international debate on this issue of the Cold War impact on everyday life by providing a better understanding of its history and legacy in Eastern and Western Europe.

Fear and the Muse Kept Watch Andy McSmith, 2015 Can great art be produced in a police state? Josef Stalin ran one of the most oppressive regimes in world history. Nevertheless, Stalinist Russia produced an outpouring of artistic works of immense power. More than a dozen great artists were visible enough for Stalin to take an interest in them – which meant he chose whether they were to live in luxury and be publicly honoured or to be sent to the Lubyanka for torture and execution. Journalist and novelist Andy McSmith brings together the stories of these artists, revealing how they pursued their art, often at great risk.

The Modern Movement John Gross, 1992 Twelve authors, from W.B. Yeats to Franz Kafka, and how the TLS reacted to their work on its first appearance, and something of how it has come to be viewed in retrospect.

A Tribute to Roman Jakobson 1896–1982, 2010–11–22 A Tribute To Roman Jakobson 1896–1982.

The Diaries of Nikolay Punin Nikolay Punin, 2010–07–05 Nikolay Punin (1888–1953) was the most articulate Russian/Soviet art critic of the 1920s. He strongly advocated Constructivism, an avant-garde impulse that favored mechanomorphic abstraction and proclaimed a movement to bring art into the center of popular life. In the United States, he is perhaps best remembered for his love affair with Anna Akhmatova, one of the great poets of the twentieth century. This volume presents the first English translation of ten diary notebooks that Punin wrote between 1915 and 1936, as well as selections from his earlier (1904–1910) and later (1941–1946) diaries and some thirty notes and letters relating to his affair with Anna Akhmatova. These materials offer a rare glimpse into the life of art and artists in Russia. They also present vivid scenes from the 1905 Revolution, World War I, the 1917 Revolutions, World War II, and Stalinist oppression through the reflections of a talented man, who, unlike many of his generation, lived to tell the tale.

Lyric Poetry and Modern Politics Clare Cavanagh, 2009–01–01 This work explores the intersection of poetry, national life, and national identity in Poland and Russia, from 1917 to the present. It also provides a comparative study of modern poetry from the perspective of the Eastern and Western sides of the Iron Curtain.

The Russia Conundrum Mikhail Khodorkovsky, 2022–10–04 An urgent analysis of the battle between Russia and the West and an exposé of Putin's Russia, by a former Kremlin insider. I'm a fairly calm fellow; I don't usually get wound up about things. But I was, let's say, concerned when I tuned into the Moscow Echo radio station and heard that the Kremlin had put a price on my head. The announcement didn't quite say 'dead or alive'. But it came close... –Mikhail Khodorkovsky, March 2021 Mikhail Khodorkovsky has seen behind the mask of Vladimir Putin. Once an oil tycoon and the richest man in Russia,

Khodorkovsky spoke out against the corruption of Putin's regime—and was punished by the Kremlin, stripped of his entire wealth and jailed for over ten years. Now freed, working as a pro-democracy campaigner in enforced exile, Khodorkovsky brings us the insider's battle to save his country's soul. Offering an urgent analysis of what has gone wrong with Putin, *The Russia Conundrum* maps the country's rise and fall against Khodorkovsky's own journey, from Soviet youth to international oil executive, powerful insider to political dissident, and now a high-profile voice seeking to reconcile East and West. With unparalleled insight, written with Sunday Times bestselling author Martin Sixsmith, *The Russia Conundrum* exposes the desires and damning truths of Putin's mafia clan, and provides an answer to the West on how it must challenge the Kremlin—in order to pave the way for a better future.

The Word that Causes Death's Defeat Anna Andreevna Akhmatova, Анна Андреевна Ахматова, 2004-01-01 Anna Akhmatova (1889-1966), one of twentieth-century Russia's greatest poets, was viewed as a dangerous element by post-Revolution authorities. One of the few unrepentant poets to survive the Bolshevik revolution and subsequent Stalinist purges, she set for herself the artistic task of preserving the memory of pre-Revolutionary cultural heritage and of those who had been silenced. This book presents Nancy K. Anderson's superb translations of three of Akhmatova's most important poems: *Requiem*, a commemoration of the victims of Stalin's Terror; *The Way of All the Earth*, a work to which the poet returned repeatedly over the last quarter-century of her life and which combines Old Russian motifs with the modernist search for a lost past; and *Poem Without a Hero*, widely admired as the poet's magnum opus. Each poem is accompanied by extensive commentary. The complex and allusive *Poem Without a Hero* is also provided with an extensive critical commentary that draws on the poet's manuscripts and private notebooks. Anderson offers relevant facts about the poet's life and an overview of the political and cultural forces that shaped her work. The resulting volume enables English-language readers to gain a deeper level of understanding of Akhmatova's poems and how and why they were created.

On Life-Writing Zachary Leader, 2015-10-08 'Life-writing' is a generic term meant to encompass a range of writings about lives or parts of lives, or which provide materials out of which lives or parts of lives are composed. These writings include not only memoir, autobiography, biography, diaries, autobiographical fiction, and biographical fiction, but letters, writs, wills, written anecdotes, depositions, marginalia, lyric poems, scientific and historical writings, and digital forms (including blogs, tweets, Facebook entries). *On Life-Writing* offers a sampling of approaches to the study of life-writing, introducing readers to something of the range of forms the term encompasses, their changing fortunes and features, the notions of 'life,' 'self' and 'story' which help to explain these changing fortunes and features, recent attempts to group forms, the permeability of the boundaries between forms, the moral problems raised by life-writing in all forms, but particularly in fictional forms, and the relations between life-writing and history, life-writing and psychoanalysis, life-writing and philosophy. The essays mostly focus on individual instances rather than fields, whether historical, theoretical or generic. Generalizations are grounded in particulars. For example, the role of the 'life-changing encounter,' a frequent trope in literary life-writing, is pondered by Hermione Lee through an account of a much-storied first meeting between the philosopher Isaiah Berlin and the Russian poet Anna Akhmatova; James Shapiro examines the history of the 'cradle to grave' life-narrative, as well as the potential distortions it breeds, by focusing on Shakespeare biography, in particular attempts to explain Shakespeare's so-called 'lost years'.

Feeding the Future María del Mar Rivas Carmona, María de los Ángeles Ruiz Romero, 2021-02-24 The agri-food sector encompasses an extremely wide range of activities regarding the entire value chain of a product and generates a huge

volume of work for translators. Nevertheless, the sheer proportion has yet to be truly reflected in academic studies and research. This work intends to shed light on the vague, and barely addressed until now, delimitation of the area of activity of the multifaceted and versatile agri-food translator. Through a text typologisation of genres and subgenres, within the margins of hybridity, specialisation and register, this work approaches the characteristics of scientific-technical, medical-health, legal-administrative, humanistic-literary, tourist, advertising and gastronomic and culinary agri-food texts, and assesses the skills required from their translator.

Towards Post-Native-Speakerism Stephanie Ann Houghton, Kayoko Hashimoto, 2017-12-05 This book probes for a post-native-speakerist future. It explores the nature of (English and Japanese) native-speakerism in the Japanese context, and possible grounds on which language teachers could be employed if native-speakerism is rejected (i.e., what are the language teachers of the future expected to do, and be, in practice?). It reveals the problems presented by the native-speaker model in foreign language education by exploring individual teacher-researcher narratives related to workplace experience and language-based inclusion/exclusion, as well as Japanese native-speakerism in the teaching of Japanese as a foreign language. It then seeks solutions to the problems by examining the concept of post-native-speakerism in relation to multilingual perspectives and globalisation generally, with a specific focus on education.

The Zhivago Affair Peter Finn, Petra Couvée, 2015-04-28 The Zhivago Affair is the dramatic, never-before-told story—drawing on newly declassified files—of how a forbidden book became a secret CIA weapon in the ideological battle between East and West. In May 1956, an Italian publishing scout went to a village outside Moscow to visit Russia's greatest living poet, Boris Pasternak. He left carrying the manuscript of Pasternak's only novel, suppressed by Soviet authorities. From there the life of this extraordinary book entered the realm of the spy novel. The CIA published a Russian-language edition of Doctor Zhivago and smuggled it into the Soviet Union. Copies were devoured in Moscow and Leningrad, sold on the black market, and passed from friend to friend. Pasternak's funeral in 1960 was attended by thousands who defied their government to bid him farewell, and his example launched the great tradition of the Soviet writer-dissident. First to obtain CIA files providing proof of the agency's involvement, Peter Finn and Petra Couvée take us back to a remarkable Cold War era when literature had the power to stir the world. (With 8 pages of black-and-white illustrations.)

Icelight Ranjit Hoskote, 2023-02-01 Icelight, Ranjit Hoskote's eighth collection of poems, enacts the experience of standing at the edge-of a life, a landscape, a world assuming new contours or going up in flames. Yet, the protagonists of these poems also stand at the edge of epiphany. In the title poem, we meet the Neolithic cave-dweller who, dazzled by a shapeshifting nature, crafts the first icon. The 'I' of these poems is not a sovereign 'I'. A questing, questioning voice, it locates itself in the web of life, in relation to the cosmos. In 'Tacet', the speaker asks: What if I had/ no skin/ Of what/ am I the barometer? Long committed to the Japanese mono no aware aesthetic, Hoskote embraces talismans, premonitions, fossils: active residues from the previous lives of people and places. Icelight is a book about transitions and departures, eloquent in its acceptance of transience in the face of mortality. Aubade Rumours of wind, banners of cloud. The low earth shakes but the storm has not arrived. You pack for the journey, look up, look through the doors at trees shedding their leaves too soon, a track on which silk shoes would be wasted, a moon still dangling above a boat. Wearing your salt mask, you face the mulberry shadows. The valley into which you're rappelling is you.

Personal Impressions Isaiah Berlin, 2014-05-25 In this collection of remarkable biographical portraits, the great essayist and intellectual

historian Isaiah Berlin brings to life a wide range of prominent twentieth-century thinkers, politicians, and writers. These include Winston Churchill, Franklin D. Roosevelt, Chaim Weizmann, Albert Einstein, Virginia Woolf, Aldous Huxley, Boris Pasternak, and Anna Akhmatova. With the exception of Roosevelt, Berlin met them all, and he knew many of them well. Other figures recalled here include the Zionist Yitzhak Sadeh, the U.S. Supreme Court judge Felix Frankfurter, the classicist and wit Maurice Bowra, the philosopher J. L. Austin, and the literary critic Edmund Wilson. For this edition, ten new pieces have been added, including portraits of David Ben-Gurion, Maynard and Lydia Keynes, and Stephen Spender, as well as Berlin's autobiographical reflections on Jewish Oxford and his Oxford undergraduate years. Rich and enlightening, *Personal Impressions* is a vibrant demonstration of Berlin's belief that ideas truly live only through people.
