Brian Nelson Jones

The Gullwing Odyssey Antonio Simon, Jr.,2013-08-08 A four-time award winning fantasy/comedy. Marco's life as a messenger isn't great, but the work is easy and he gets retirement pay in thirty years. Little does he know his life teeters on the cusp of change. When an unusual assignment sends him overseas, he finds himself stranded in foreign lands. With no way home and no hope of making his delivery, he sees sour prospects for attaining his modest retirement dreams, much less getting out of the whole mess alive. Even that wouldn't be so bad if he weren't constantly outrunning pirates, embroiled in international intrigue, and attacked by a hummingbird with an appetite for human brains – that's just the start of his misadventures. But lurking in the wings is a much greater threat than getting sacked from his job. The fate of an entire civilization may well rest upon his scrawny shoulders. In spite of himself and quite by accident, Marco may yet become the hero he strives not to be.

Mercedes-Benz 300SL Karl Ludvigsen,2005-04-15 In 1952 Mercedes-Benz astonished the racing world with the successes it achieved with its 300SL, exploiting an advanced space-type frame and aerodynamic body with gullwing doors. Already the subject of a Ludvigsen Library Series book, the racing 300SL inspired the creation of a production version, which first took flight in 1954. The 300SL stunned critics and experts alike with its fabulous performance-more than 150 miles per hour-exotic looks and superb build quality. Not just a pretty face, the 300SL was also extremely successful in competition on both sides of the Atlantic. The original coupe was followed by a roadster version in 1957; in all, 3,258 were made. Drawing on his unmatched archive of Mercedes-Benz photos, including coverage by Rudy Mailander and Edward Eves of the 300SL production line, Karl Ludvigsen presents the 300SL in all its glory. He also draws on his own experience as an owner of one of these great cars.

The Gullwing Colony Antonio Simon,2024-01-27 The dragon islands are no place for a human messenger, as Marco

knows only too well. Tensions run high following a recent war with the realms of men. As Princess Dria struggles to calm her subjects, an invasion of a different sort menaces her shores. Human colonists have arrived to strip her land of its natural resources and pepper it with tacky beach resorts. Meanwhile, rebel factions threaten to split her empire asunder from within. Once again, Marco is swept up into a fight for his life as he and his companions strike back on both fronts. With danger on all sides and a safe trip home out of the question, Marco would think himself lucky if everyone kindly refrained from shooting the messenger-him.

Scenes from an Automotive Wonderland Gregory A. Cagle,2018-01-23 Gregory Cagle was a 10-year-old car fanatic when his family moved from New Jersey to Germany in 1956. For the next five years he photographed unusual, rare and sometimes bizarre automobiles throughout Europe. This book features 105 specimens of auto exotica, captured with Cagle's Iloca Rapid-B 35mm camera--not showpieces in museums but daily drivers in their natural habitats. In the background can be glimpsed, here and there, the mood of postwar Europe. The story behind each photo is told, with dates and locations, information and history about the cars and some of their owners, along with Cagle's personal anecdotes.
