A Social History of Iranian Cinema, Volume 2 Hamid Naficy, 2011-09-16 Social history of Iranian cinema that explores cinema's role in creating national identity and contextualizes Iranian cinema within an international arena.

Whi' Boy R. Richard, 2017-09-11 Whi' Boy starts out living in an abandoned factory building in South Central Los Angeles. He roams the alley ways or streets of the South Central, he then roams the highways that lead to Tia Juana and other places, to earn money. He carries a .357 magnum and a Bowie knife. However, the most dangerous weapon that he uses is his brain. To track Whi' Boy, just follow the corpses. Whi Boy careens from an uneasy relationship with the LAPD, to preying on drug dealers, to partnering with drug dealers, against other drug dealers, to operating as a hit man, to consulting with a major importer of China white. It's a wild ride, with peeks into the underworld.

Tenth Marcel Grossmann Meeting, The: On Recent Developments In Theoretical & Experimental General Relativity, Gravitation, & Relativistic Field Theories (In 3 Vols) - Procs Of The Mgio Meeting Held At Brazilian Ctr For Res In Phys (Cbpf) Novello Mario, Bergliaffa Santiago Perez, Ruffini Remo, 2006-02-17 The Marcel Grossmann meetings were conceived to promote theoretical understanding in the fields of physics, mathematics, astronomy and astrophysics and to direct future technological, observational, and experimental efforts. They review recent developments in gravitation and general relativity, with major emphasis on mathematical foundations and physical predictions. Their main objective is to bring together scientists from diverse backgrounds and their range of topics is broad, from more abstract classical theory and quantum gravity and strings to more concrete relativistic astrophysics observations and modeling. This Tenth Marcel Grossmann Meeting was organized by an international committee composed of D Blair, Y Choquet-Bruhat, D Christodoulou, T Damour, J Ehlers, F Everitt, Fang Li Zhi, S Hawking, Y Ne'eman, R Ruffini (chair), H Sato, R Sunyaev, and S Weinberg and backed by an international coordinating committee of about 135 members from scientific institutions representing 54 countries. The scientific program included 29 morning plenary talks during 6 days, and 57 parallel sessions over five afternoons, during which roughly 500 papers were presented. These three volumes of the proceedings of MG10 give a broad view of all aspects of gravitation, from mathematical issues to recent observations and experiments.

Guy Renton Alec Waugh, 2011-09-28 First published in 1952, this is a tale of Austria. February 1925. A date that would always remain special for Guy Renton. There his chance meeting with the young and beautiful, but married, Mrs Renee Burton, precipitated the first crisis in his life. Hitherto he had been sure of himself temperamentally and emotionally: the 1914-18 war over, he had concentrated on his love of rugby, eventually being 'capped' for England, and he knew that one day, when too old to play, he would enter the family wine business. Until that far off day, life should have been carefree. But Renee was to change his plans radically. This story of their love and devotion is set in England between the wars: a time of changing standards when young men were ready to question and were unprepared to accept a way of life just because fathers thought it was their duty. Young women were taking advantage of a new found freedom and greater opportunities, and the young men respected them none the less for it. Guy's own family became representative of the new way of thinking. Peace and war, security and unease, happiness and tragedy are themes that weave themselves through this sensitive and beautifully characterised novel in which Alec Waugh has brilliantly conveyed the atmosphere of serenity and foreboding which characterised English life during this period.

Alice Guy Blaché Alison McMahan, 2014-08-22 Alice Guy Blaché (1873-1968), the world's first woman filmmaker, was one of the key figures in the development of narrative film. From 1896 to 1920 she directed 400 films (including over 100 synchronized sound films),

produced hundreds more, and was the first--and so far the only--woman to own and run her own studio plant (The Solax Studio in Fort Lee, NJ, 1910-1914). However, her role in film history was completely forgotten until her own memoirs were published in 1976. This new book tells her life story and fills in many gaps left by the memoirs. Guy Blacht's life and career mirrored momentous changes in the film industry, and the long time-span and sheer volume of her output makes her films a fertile territory for the application of new theories of cinema history, the development of film narrative, and feminist film theory. The book provides a close analysis of the one hundred Guy Blacht films that survive, and in the process rewrites early cinema history.

Troop 402 Donald Ladew, 2003-03 When a commuter plane crashes in a violent storm in the Canadian Rockies, four unlikely passengers must find a way to survive. Each will be tested in ways they can't imagine. Their chances seem impossible at the outset. A determined, obsessive boy scout, an arrogant 'Mr. America,' an old Italian deli man with a bad heart and a pretty flight attendant are thrown together on a Canadian mountainside. Before they can escape to civilization they must confront bad weather, a wounded grizzly bear, criminal trappers and each other. Their greatest test will be to learn to work together, to become a team, in this case, Troop 402.

The Blue Light Project Timothy Taylor, 2011-04-12 A hostage-taker hides a shocking secret in "a breakneck literary thriller that combines the worlds of conspiracy theory [and] reality TV."—National Post Without warning, a man, armed with explosives, seizes a television studio taking over a hundred terrified hostages. He offers no motive. And he makes just a single curious demand. The only person he'll speak to is Thom Pegg, a once honored investigative journalist turned disgraced tabloid reporter. As surprised as anyone, and pressured to comply by authorities, Pegg reluctantly enters the fray as the chosen confidante. From outside, the enthralling drama is revealed through the eyes of two very different people: Eve, an Olympic gold medalist and local hero; and a mysterious renegade street artist known only as Rabbit. As 24/7 media coverage helps to feed the public's paranoia with reckless rumor, the lives of three strangers are brought inexorably together in an unfathomable and chaotic endgame. In this "unforgettable . . . exhilarating, at-times alarming read" (Atssa York), prize-winning author Timothy Taylor paints a powerful picture of the sinister side of our interconnected world. The result is "an ambitious . . . wonderful novel—a thought-provoking and challenging story that will . . . change the way you look at our celebrity-driven culture" (The Vancouver Sun).

Guy's Girl Emma Noyes, 2023-10-24 The boy who couldn't love and the girl who wouldn't. Ginny Murphy is a total guy's girl. She's always found friendships with boys easier to form and keep drama-free - as long as they don't fall for her, and she doesn't fall for them. She and her best guy friends have stuck to that. But then she meets Adrian Silvas, the only one who's ever made her crave more, and Ginny begins to question her own rules.

Piece by piece, Ginny and Adrian begin to fall into something intoxicating, something dangerous. Ginny threatens to destroy the belief Adrian's held ever since witnessing his own mother's heartbreak: that love isn't worth the risk. For Ginny, the stakes could be even higher. Letting Adrian get close could mean exposing a secret she's long protected: her disordered eating. Ginny isn't looking to be saved by someone. But maybe she and Adrian can help each other – if they don't destroy each other first. Heartfelt and evocative, *Guy's Girl* is a powerful story about true love, self-love, and growing up.

Juvie Jerome McDonough, 1982 *Juvie* depicts the life of kids that are scared, lonely and locked up. Some are drug offenders, some have killed and some are just misfits ... Although the set never changes, the 'juvies' venture out of their cells to tell why and how they were caught.
