**The Development of Jury Service in Japan** Anna Dobrovolskaia, 2016-08-19 This book presents a comprehensive account of past and present efforts to introduce the jury system in Japan. Four legal reforms are documented and assessed: the implementation of the bureaucratic and all-judge special systems in the 1870s, the introduction of the all-layperson jury in the late 1920s, the transplantation of the Anglo-American-style jury system to Okinawa under the U.S. Occupation, and the implementation of the mixed-court lay judge (saiban'in) system in 2009. While being primarily interested in related case studies, the book also discusses the instances when the idea of introducing trial by jury was rejected at different times in Japan's history. Why does legal reform happen? What are the determinants of success and failure of a reform effort? What are the prospects of the saiban'in system to function effectively in Japan? This book offers important insights on the questions that lie at the core of the law and society debate and are highly relevant for understanding contemporary Japan and its recent and distant past.

*Der Schutz der Privatsphäre gegenüber Medien in Deutschland und Japan* Meiko Dillmann, 2012 English summary: The protection of privacy against media in modern communication and media society is a problem all democratic industrial nations have to deal with. Against this background, in her comparative study Meiko Dillmann investigates how the problems connected with this issue are solved in Germany and Japan, that is in two countries with very different cultures. German description: Der rechtliche Schutz der Privatsphäre gegenüber Medien in der modernen Kommunikations- und Mediengesellschaft ist ein Problem, das sich in allen freiheitlich-demokratisch verfassten Industrieländern gleichermassen stellt. Vor diesem Hintergrund untersucht Meiko Dillmann rechtsvergleichend, wie die damit verbundenen Fragestellungen in Deutschland und Japan - und damit in zwei Ländern sehr unterschiedlicher Kulturkreise - gelöst werden. Sie arbeitet heraus, wie Unterschiede in den zivil- und verfassungsrechtlichen Voraussetzungen sowie in den Wert- und Moralvorstellungen der Gesellschaft zu Unterschieden in der Ausgestaltung des Schutzes geführt haben, deckt dabei andererseits aber auch auf, dass über unterschiedliche Wege oftmals das gleiche Ergebnis erzielt wird und die kulturellen Besonderheiten nicht überbewertet werden können. Weiterhin wird gezeigt, wie aus dem japanischen Recht Anregungen für eine Verbesserung des Schutzes im deutschen Recht gewonnen werden können.

*Representing the Other in Modern Japanese Literature* Rachael Hutchinson,Mark Williams,2006-09-27 *Representing the Other in Modern Japanese Literature* looks at the ways in which authors writing in Japanese in the twentieth century constructed a division between the ‘Self’ and the ‘Other’ in their work. Drawing on methodology from Foucault and Lacan, the clearly presented essays seek to show how Japanese writers have responded to the central question of what it means to be ‘Japanese’ and of how best to define their identity. Taking geographical, racial and ethnic identity as a starting point to explore Japan's vision of 'non-Japan', representations of the Other are examined in terms of the experiences of Japanese authors abroad and in the imaginary lands envisioned by authors in Japan. Using a diverse cross-section of writers and texts as case studies, this edited volume brings together contributions from a number of leading international experts in the field and is written at an accessible level, making it essential reading for those working in Japanese studies, colonialism, identity studies and nationalism.
