The Story of Edgar Sawtelle David Wroblewski,2009-03-19 Beautifully written and elegantly paced, The Story of Edgar Sawtelle is a coming-of-age novel about the power of the land and the past to shape our lives. It is a riveting tale of retribution, inhabited by empathic animals, prophetic dreams, second sight, and vengeful ghosts. Born mute, Edgar Sawtelle feels separate from the people around him but is able to establish profound bonds with the animals who share his home and his name: his family raises a fictional breed of exceptionally perceptive and affable dogs. Soon after his father's sudden death, Edgar is stunned to learn that his mother has already moved on as his uncle Claude quickly becomes part of their lives. Reeling from the sudden changes to his quiet existence, Edgar flees into the forests surrounding his Wisconsin home accompanied by three dogs. Soon he is caught in a struggle for survival—the only thing that will prepare him for his return home.

**Anime from Akira to Princess Mononoke** S. Napier,2001-05-03 With the popularity of Pokemon still far from waning, Japanese animation, known as anime to its fans, has a firm hold on American pop culture. However, anime is much more than children's cartoons. It runs the gamut from historical epics to sci-fi sexual thrillers. Often dismissed as fanciful entertainment, anime is actually quite adept at portraying important social and cultural issues like alienation, gender inequality, and teenage angst. This book investigates the ways that anime presents these issues in an in-depth and sophisticated manner, uncovering the identity conflicts, fears over rapid technological advancement, and other key themes present in much of Japanese animation.

*Bloom Into You (Light Novel): Regarding Saeki Sayaka Vol. 1* Hitoma Iruma,2019-12-19 Saeki Sayaka has always been an old soul--serious and reserved, preferring to focus on her studies rather than make friends.

Until, that is, a romantic confession from another girl in middle school turns her carefully ordered world upside down. Though none of her classes have prepared her for this, Saeki must now come to terms with her sexuality in this gentle, coming-of-age novel about grappling with first love, growing up, and relating to other people.

**Myth and Masculinity in the Japanese Cinema** Isolde Standish,2013-11-05 This study argues that in Japanese popular cinema the 'tragic hero' narrative is an archetypal plot-structure upon which male genres, such as the war-retro and yakuza films are based. Two central questions in relation to these post-war Japanese film genres and historical consciousness are addressed: What is the relationship between history, myth and memory? And how are individual subjectivities defined in relation to the past? The book examines the role of the 'tragic hero' narrative as a figurative structure through which the Japanese people could interpret the events of World War II and defeat, offering spectators an avenue of exculpation from a foreign-imposed sense of guilt. Also considered is the fantasy world of the nagare-mono (drifter) or yakuza film. It is suggested that one of the reasons for the great popularity of these films in the 1960s and 1970s lay in their ability to offer men meanings that could help them understand the contradictions between the reality of their everyday experiences and the ideological construction of masculinity.

**The Hunchback of Notre Dame** Victor Hugo,2016-11-08 The gypsy street dancer Esmeralda captures the hearts of many men, including those of Captain Phoebus and Pierre Gringoire, but especially Quasimodo and his guardian Archdeacon Claude Frollo. Frollo is torn between his obsessive lust for Esmeralda and the rules of the Notre Dame Cathedral. His obsessive lust for La Esmerelda has made him renounce God and study alchemy and black magic Esmerelda is falsely accused and sentenced to hang . Frollo visits her in jail and declares his love. He begs her to love him but she calls him a goblin-monk and a murderer. Before her execution, Esmerelda is publicly humiliated in front of Notre Dame. Looking across the square, she suddenly sees Phoebus and calls out his name. Just then, Quasimodo swings down on a rope from Notre Dame and carries her back to the cathedral, crying out Sanctuary! He had fallen in love with her and had been planning her escape all along.

*Black Eggs* Sadako Kurihara,2020-08-01 Kurihara Sadako was born in Hiroshima in 1913, and she was there on August 6, 1945. Already a poet before she experienced the atomic bombing of Hiroshima, she used her poetic talents to describe the blast and its aftermath. In 1946, despite the censorship of the American Occupation, she published Kuroi tamago (Black Eggs), poems from before, during, and immediately after the war. This volume includes a translation of Kuroi tamago from the complete edition of 1983. But August 6, 1945, was not the end point of Kurihara's journey. In the years after Kuroi tamago she has broadened her focus—to Japan as a victimizer rather than victim, to the threat of nuclear war, to antiwar movements around the world, and to inhumanity in its many guises. She treats events in Japan such as politics in Hiroshima, Tokyo's long-term complicity in American policies, and the decision in 1992 to send Japanese troops on U.N. peacekeeping operations. But she also deals with the Vietnam War, Three Mile Island, Kwangju, Greenham Common, and Tiananmen Square. This volume includes a large selection of these later poems. Kurihara sets us all at ground zero, strips us down to our basic humanity, and shows us the world both as it is and as it could be. Her poems are by turns sorrowful and sarcastic, tender and tough. Several of them are famous in Japan today, but even there, few people appreciate the full force and range of her poetry. And few poets in any country—indeed, few artists of any kind—have displayed comparable dedication, consistency, and insight.
