Heritage and Religion in East Asia Shu-Li Wang, Michael Rowlands, Yujie Zhu, 2020-12-29 Heritage and Religion in East Asia examines how religious heritage, in a mobile way, plays across national boundaries in East Asia and, in doing so, the book provides new theoretical insights into the articulation of heritage and religion. Drawing on primary, comparative research carried out in four East Asian countries, much of which was undertaken by East Asian scholars, the book shows how the inscription of religious items as Heritage has stimulated cross-border interactions among religious practitioners and boosted tourism along modern pilgrimage routes. Considering how these forces encourage cross-border links in heritage practices and religious movements in China, Taiwan, South Korea, and Japan, the volume also questions what role heritage plays in a region where Buddhism, Taoism, and other various folk religious practices are dominant. Arguing that it is diversity and vibrancy that makes religious discourse in East Asia unique, the contributors explore how this particularity both energizes and is empowered by heritage practices in East Asia. Heritage and Religion in East Asia enriches understanding of the impact of heritage and religious culture in modern society and will be of interest to academics and students working in heritage studies, anthropology, religion, and East Asian studies.

Transcendence and Spirituality in Japanese Cinema Melissa Croteau, 2022-11-14 This book explores significant representations of Shinto and Buddhist sacred space, spiritual symbols, and religious concepts that are embedded in the secular framework of Japanese films aimed at general audiences in Japan and globally. These cinematic masterpieces by directors Akira Kurosawa, Hayao Miyazaki, Hirokazu Kore-eda, and Makoto Shinkai operate as expressions of and, potentially, catalysts for transcendence of various kinds, particularly during the Heisei era (1989–2019), when Japan experienced severe economic hardship and devastating natural disasters. The book's approach to aesthetics and religion employs the multifaceted concepts of ma (structuring intervals, liminal space-time), k \bar{u} (emptiness, sky), mono no aware (compassionate sensibility, resigned sadness), and musubi (generative interconnection), examining the dynamic, evolving nature of these ancient principles that are at once spiritual, aesthetic, and philosophical. Scholars and enthusiasts of Japanese cinema (live action and anime), religion and film, cinematic aesthetics, and the relationship between East Asian religions and the arts will find fresh perspectives on these in this book, which moves beyond conventional notions of transcendental style and essentialized approaches to the multivalent richness of Japanese aesthetics.

Understanding Tourism Mobilities in Japan Hideki Endo, 2020-10-08 The total number of foreign tourists received in countries throughout the world was 530 million in 1995. That number broke through the 1 billion mark for the first time in 2012, at 1,035,000,000. In 2015, it reached 1,180,000,000. According to Anthony Elliott and John Urry, modern society has been characterized as being mobile, and within that we are also living mobile lives. In modern society, flows of people, things, capital, information, ideas and technologies are constantly occurring, and as they are merging like a violently rushing stream, what could be termed a landscape of mobilities has appeared. Social realities are in flux and are transforming to become different than they were before. This volume will expand the inquiry of tourism mobilities comprehensively and clearly from the fields of humanities and social sciences. In particular, tourism mobilities has been actively investigated up to now in the UK, US, Europe and Australia, but even though the Japanese body of literature contains a great many excellent studies of Japanese examples, there are almost no English-language articles presenting their results. Publishing examples of Japanese tourism mobilities will not only foster new and exciting lines of inquiry for existing and future research on tourism mobilities, but will also have implications for humanities and social sciences throughout the world.

Anime Rayna Denison, 2015-10-22 Anime: A Critical Introduction maps the genres that have thrived within Japanese animation culture, and shows how a wide range of commentators have made sense of anime through discussions of its generic landscape. From the battling robots that define the mecha genre through to Studio Ghibli's dominant genre-brand of plucky shojo (young girl) characters, this book charts the rise of anime as a globally significant category of animation. It further thinks through the differences between anime's local and global genres: from the less-considered niches like nichijo-kei (everyday style anime) through to the global popularity of science fiction anime, this book tackles the tensions between the markets and audiences for anime texts. Anime is consequently understood in this book as a complex cultural phenomenon: not simply a "genre," but as an always shifting and changing set of texts. Its inherent changeability makes anime an ideal contender for global dissemination, as it can be easily re-edited, translated and then newly understood as it moves through the world's animation markets. As such, Anime: A Critical Introduction explores anime through a range of debates that have emerged around its key film texts, through discussions of animation and violence, through debates about the cyborg and through the differences between local and global understandings of anime products. Anime: A Critical Introduction uses these debates to frame a different kind of understanding of anime, one rooted in contexts, rather than just texts. In this way, Anime: A Critical Introduction works to create a space in which we can rethink the meanings of anime as it travels around the world.

Atlas of Imagined Places Matt Brown, Rhys B. Davies, 2021-09-28 WINNER, Edward Stanford Travel Writing Awards 2022: Illustrated Travel Book of the Year. HIGHLY COMMENDED, British Cartographic Society Awards 2022. From Stephen King's Salem's Lot to the superhero land of Wakanda, from Lilliput of Gulliver's Travels to Springfield in The Simpsons, this is a wondrous atlas of imagined places around the world. Locations from film, tv, literature, myths, comics and video games are plotted in a series of beautiful vintage-looking maps. The maps feature fictional buildings, towns, cities and countries plus mountains and rivers, oceans and seas. Ever wondered where the Bates Motel was based? Or Bedford Falls in It's a Wonderful Life? The authors have taken years to research the likely geography of thousands of popular culture locations that have become almost real to us. Sometimes these are easy to work out, but other times a bit of detective work is needed and the authors have been those detectives. By looking at the maps, you'll find that the revolution at Animal Farm happened next to Winnie the Pooh's home. Each location has an extended index entry plus coordinates so you can find it on the maps. Illuminating essays accompanying the maps give a great insight into the stories behind the imaginary places, from Harry Potter's wizardry to Stone Age Bedrock in the Flintstones. A stunning map collection of invented geography and topography drawn from the world's imagination. Fascinating and beautiful, this is an essential book for any popular culture fan and map enthusiast.

AniMagazin 77 ,2024-01-24 Boldog 2024-et mindenkinek! Igencsak aktívan zártuk az elmúlt évet animés szempontból. A tavalyi Anilogue alaposan megsimogatta szívünket, hiszen remek filmeket láthattunk mozivásznzon. A Kagami no Kojou-t, a Komadát, a Hi no Torit és persze Miyazaki Hayao legújabb filmjét, A fiú és a szürke gémet, amit egyébként év végéig számtalanszor vetítettek "premier előtt". Ám január 4-től országosan is megtekinthető a Cinema City hálózatában. Mindegyik filmről írtunk egy ajánló cikket ebbe a számba, a Ghibli új művéről pedig spoileres elemzéssel és készítésének részleteivel jelentkeztünk. A forgalmazó ADS Service meghívott minket a sajtóvetítésre is, így a cikk írója, Iskariotes többször is láthatta a művet. A lehetőséget ezúton is köszönjük. Habár a fókuszban most ezek a filmek állnak, a tavalyi sorozatokról sem feledkeztünk meg, hiszen szokásunkhoz híven ismét hoztunk animés évértékelőt, egy-kettőről pedig külön cikket is írtunk, és egy nem várt siker, a Blue Eye Samurai sem kerülte el a figyelmünket. A manga részlegünk is kicsit teltebb lett, a Kagami film mellé becsúszott a manga ismertetője is, de ajánlunk manhua appokat, és Kon Satoshi első mangáját is elolvastuk. Kaptunk egy rendkívüli karácsonyi Fantasy Expót december elejére, és megjártuk a Téli MondoCont is. K-pop rovatunkban pedig Balu értékelte az évet. Szóval volt miről írunk nektek bőven, és még ki is maradt pár dolog, de ez a következő szám története. Így is akad olvasnivaló. Kedves olvasó, kövess minket idén is, és ha bármilyen magazinós véleményed lenne, nyugodtan keress minket a Facebookon, Twitteren, weboldalunkon vagy az info@anipalace.hu címen. Köszönjük, hogy letöltötted ezt a számot, terjeszteni ér, és jó szórakozást kívánunk. A szerkesztőknek és a cikkíróknak is köszönjük a tavalyi munkáját, és már előre az ideit is. Sziasztok!
