*Under the Harvest Moon* Robin Hale,2019-06-21 Laurel Pearson is ready for adventure. The sort of adventure that means finding your people and discovering yourself and – well, it turns out that her adventure mostly looks like a studio apartment in a new city, a job at a quirky little bookshop, and humiliating herself in front of the most gorgeous woman she’s ever seen. Typical. But Laurel can’t shake the feeling that there’s more going on. The bookshop sells silver amulets and dried herbs alongside their truly impressive poetry section, and that gorgeous woman crackles with secrets. And the bookclub? It might be a coven. There’s something coming. Something changing. And Laurel would swear that Rhea Barnes – the gruff, hot gardener with the intriguing scars – is the key to understanding all of it. Can Laurel convince Rhea to take a chance on her and find out what’s pulling them together? Under the Harvest Moon is a complete F/F romance with grumpy gardeners, curious bookshop clerks, magic, and kisses in the moonlight!

**Growing Toward a Higher Purpose: Harvest Moon** Mike Bauer,2015-10-01 In the high desert of northern Nevada, author Mike Bauer, a Gulf War veteran, strives daily to cultivate a strong connection with nature and, through that, deepen his conscious contact with God. Having seen the most brutal side of the human animal, he now infuses his soul with an unwavering positivity that allows him to constantly discover the limitless potential of the human spirit and work that potential into his life. An avid outdoors-man, Mike uses his free time to fish, camp, take photographs, hike with his black Labrador, and meditate in the sun by the river, which helps to spark inspiration for his writings. Growing Toward a Higher Purpose: Harvest Moon is the result of that inspiration. Contained within this volume are the musings of a man who lives what he perceives. For him, insight and action are not two different concepts: they are one and the same. Many of these writings are observations about self - in the sense of persona - and how it often fights against gale force winds of life when it need only turn around in order to find its way back to its true path, propelled by life instead of beaten by it. It is the author's sincere hope that each saying becomes a gentle nudge to the reader, turning her so that the wind is on her back. This book is organized into four chapters, each representing a phase in one's growth toward a higher purpose. Chapter One is about opening oneself up to see which way the winds of life are blowing; Chapter Two is about building upon that openness and awareness; Chapter Three is about using one's new awareness to discover the exact nature of one's higher purpose; and Chapter Four is about sharing these insights with others.

*Indie Games in the Digital Age* M.J. Clarke,Cynthia Wang,2020-04-16 A host of digital affordances, including reduced cost production tools, open distribution platforms, and ubiquitous connectivity, have engendered the

growth of indie games among makers and users, forcing critics to reconsider the question of who makes games and why. Taking seriously this new mode of cultural production compels analysts to reconsider the blurred boundaries and relations of makers, users and texts as well as their respective relationship to cultural power and hierarchy. The contributions to *Indie Games in the Digital Age* consider these questions and examine a series of firms, makers, games and scenes, ranging from giants like Nintendo and Microsoft to grassroots games like *Cards Against Humanity* and *Stardew Valley*, to chart more precisely the productive and instructive disruption that this new site of cultural production offers.

Harvest Moon Robyn Carr, 2015-12-29 Return to Virgin River with the books that started it all...The recipe for happiness: making it up as you go along Rising sous-chef Kelly Matlock's sudden collapse at work is a wake-up call. Disillusioned and burned out, she's retreated to her sister Jillian's house in Virgin River to rest and reevaluate. Puttering in Jill's garden and cooking with her heirloom vegetables is wonderful, but Virgin River is a far cry from San Francisco. Kelly's starting to feel a little too unmotivated...until she meets Lief Holbrook. The handsome widower looks more like a lumberjack than a sophisticated screenwriter—a combination Kelly finds irresistible. But less appealing is Lief's rebellious stepdaughter, Courtney. She's the reason they moved from LA, but Courtney's finding plenty of trouble even in Virgin River. Kelly's never fallen for a guy with such serious baggage, but some things are worth fighting for. Besides, a bratty teenager can't be any worse than a histrionic chef...right?
