Racing the Enemy Tsuyoshi Hasegawa, 2006-09-30 With startling revelations, Tsuyoshi Hasegawa rewrites the standard history of the end of World War II in the Pacific. By fully integrating the three key actors in the story—the United States, the Soviet Union, and Japan—Hasegawa for the first time puts the last months of the war into international perspective. From April 1945, when Stalin broke the Soviet-Japanese Neutrality Pact and Harry Truman assumed the presidency, to the final Soviet military actions against Japan, Hasegawa brings to light the real reasons Japan surrendered. From Washington to Moscow to Tokyo and back again, he shows us a high-stakes diplomatic game as Truman and Stalin sought to outmaneuver each other in forcing Japan's surrender; as Stalin dangled mediation offers to Japan while secretly preparing to fight in the Pacific; as Tokyo peace advocates desperately tried to stave off a war party determined to mount a last-ditch defense; and as the Americans struggled to balance their competing interests of ending the war with Japan and preventing the Soviets from expanding into the Pacific. Authoritative and engrossing, *Racing the Enemy* puts the final days of World War II into a whole new light.

Italian Tailoring, 2018-10-23 Men's tailoring in Italy is a veritable art tradition, the product of a long legacy of elegance, taste and appreciation. In fact, made-to-measure garments and shoes entail painstaking measuring and a transformation of these measurements into a perfect object, thanks to the skilled craftsmanship of tailors and the use of refined textiles. For those who know how and where to look, each garment speaks to the secrets and history of the place where it was made and customized. *Italian Tailoring* offers an insider's view into the world of Italian tailoring and its key protagonists. Journalist Yoshimi Hasegawa, an expert in European tailoring, presents an extraordinarily stylish travelogue, surveying tailoring across the country. Beginning at the beginning—with the famed Vitale Barberis Canonico fabric mill—this publication profiles 28 historic tailor shops in Italy and the famed names behind them (from Donnadio to Musella; Liverano & Liverano to Sartoria Napoletana; Rubinacci and Attolini to Caraceni, Ciardi and Pirozzi). *Italian Tailoring* leads the reader on a journey through Italy, from north to south, in search of the haute tailoring and the practitioners who have shaped the world-famous Italian style.

The Saburo Hasegawa Reader Matthew Kirsch, 2019-05-21 At publication date, a free ebook version of this title will be available through Luminos, University of California Press's Open Access publishing program. Visit www.luminosoa.org to learn more. The Hasegawa Reader is an open access companion to the bilingual catalogue copublished with The Noguchi Museum to accompany an international touring exhibition, *Changing and Unchanging Things: Noguchi and Hasegawa in Postwar Japan*. The exhibition features the work of two artists who were friends and contemporaries: Isamu Noguchi and Saburo Hasegawa. This volume is intended to give scholars and general readers access to a wealth of archival material and writings by and about Saburo Hasegawa. While Noguchi's reputation as a preeminent American sculptor of the twentieth century only grows stronger, Saburo Hasegawa is less well known, despite being considered the most literate artist in Japan during his lifetime (1906–1957). Hasegawa is credited with introducing abstraction in Japan in the mid 1930s, and he worked as an artist in diverse media including oil and ink painting, photography, and printmaking. He was also a theorist and widely published essayist, curator, teacher, and multilingual conversationalist. This valuable trove of Hasegawa material includes the entire manuscript for a 1957 Hasegawa memorial volume, with its beautiful essays by philosopher Alan Watts, Oakland Museum Director Paul Mills, and Japan Times art writer Elise Grilli, as well as various unpublished writings by Hasegawa. The ebook edition will also include a dozen essays by Hasegawa from the postwar period, and one prewar essay, professionally translated for this publication to give a sense of Hasegawa's voice. This resource will be an invaluable tool for scholars and students interested in midcentury East Asian and American art and tracing the emergence of contemporary issues of hybridity, transnationalism, and notions of a "global Asia."

Japanese Americans in San Diego Susan Hasegawa,2008 For over 100 years, Japanese immigrants and Japanese Americans have called San Diego County home. Attracted to the warm climate and economic opportunities, Issei (first-generation Japanese immigrants) drifted into San Diego in the 1880s and introduced effective new fishing techniques that contributed to the growth of this industry. From the Tijuana River Valley on the border with Mexico to Oceanside in North County, Japanese American families started small truck farms in the first decades of the 20th century, developing techniques to improve crop production. Surviving the heartbreak of evacuation and incarceration during World War II in desert internment camps, San Diegans returned to rebuild a vibrant community after the war.

Itsuko Hasegawa Stephen Dobney,1997 This monograph charts the evolution of Hasegawa's design process from her largely formal work of the late 1970s and early 80s to a more social architecture in recent years. This evolution has allowed her to explore not only the problems of form, as in he

Sadao Hasegawa Sadao Hasegawa,1996 From Japan comes this fabulous collection of gay erotic art. Hasegawa's work really is quite unique - like Tom of Finland, he has given the gay male world more classic iconic images which though thoroughly Japanese have become truly international. His work is both incredibly sexy and an amazing hybrid -- influenced by major world cultures.

Itsuko Hasegawa Itsuko Hasegawa,2000 Itsuko Hasegawa is the most famous woman in Japanese architecture and the most prominent figure in the Shinohara School, and her influence on the architecture of Japan cannot be overstated. Her work often plays with the boundaries between the natural and the artificial: one of her most famous buildings, the Yamanashi Museum of Fruit, is composed of various different but related curvaceous fruitlike forms. *Itsuko Hasegawa: Island Hopping - Crossover Architecture* presents some of her most innovative and provocative recent projects, including the Fukuroi Culture Center, the Shiogama Lifelong Learning Center, the Kurahashi Community Center, the Namekawa Housing Project and her latest project, the winning entry for the Niagara City Performing Arts Center. This monograph provides an essential look at the work of a designer who has earned her place alongside such figures as Rem Koolhaas as one of the most important architects of the past three decades.

Soliloquy in Japanese and English Yoko Hasegawa, 2010 Language is recognized as an instrument of communication and thought. Under the shadow of prevailing investigation of language as a communicative means, its function as a tool for thinking has long been neglected in empirical research, vis-a-vis philosophical discussions. Language manifests itself differently when there is no interlocutor to communicate and interact. How is it similar and how does it differ in these two situations communication and thought? Soliloquy in Japanese and English analyzes experimentally-obtained soliloquy data in Japanese and in English and explores the potential utility of such data for delving into this uncharted territory. It deals with five topics in which elimination from discourse of an addressee is particularly relevant and significant. Four are derived from Japanese: the sentence-final particles *ne* and *yo*, deixis and anaphora, gendered speech, linguistic politeness; the fifth topic is the use of the second person pronoun *you* in soliloquy in English.
