New World Dutch Studies Roderic H. Blackburn, Nancy A. Kelley, 1987-01-01 The art, archaeology, history, and lifeways of New Netherland come vividly to life in these essays by world experts on both sides of the Atlantic. The wide range of objects used and manufactured by Dutch settlers in the New World reveals much about their social life and times. Of particular interest in this volume are Fort Orange pipe bowls, ceramics, wooden cellars and other perishable structures, cupboards, the town house, farming techniques and equipment, plates, seals, rural architecture, canals, and the evidence of New Netherland life gleaned from paintings and the Knickerbocker works of Washington Irving. A companion to the widely praised *Remembrance of Patria: Dutch Arts and Culture in Colonial America, 1609–1776*, this volume offers in-depth descriptions and analyses of Dutch colonial life and material culture, as assessed by the leading scholars in the Netherlands and the United States. Roderic H. Blackburn is an ethnologist and architectural historian who has held positions as Director of Research at Historic Cherry Hill, Assistant Director of the Albany Institute of History and Art, and Senior Research Fellow at the New York State Museum. He is the author of *Dutch Colonial Homes in America*, *Great Houses of New England*, and (with Ruth Piwonka) *Remembrance of Patria: Dutch Arts and Culture in Colonial America, 1609–1776*. Nancy A. Kelly is an Associate Museum Exhibit Planner at the New York State Museum.

**Remembrance of Patria** Roderic H. Blackburn, Ruth Piwonka, 1988-01-01 How much of the Dutch world in America survived after the English? One hundred years after the English took control of New Netherland in 1664, New York retained many Dutch characteristics. The cultural milieu shifted abruptly, however, with population growth and increased affluence following the termination of the French and Indian Wars in 1760. British customs and tastes that were stylishly attractive to a new generation of moneyed colonists soon put Dutch culture in retreat in all but the most isolated areas. Some elements of the past persisted in ways never dreamed of by the Dutch West India Company officials, who oversaw their nation's colonization in America. These include caucus politics, separation of church and state, neighborly evening visits on the stoop, and Santa Claus. Even more striking is the similarity between principles and practices that emerged in the Dutch Republic four centuries ago and some of the precepts on which the American republic was founded. Much of the Dutch cultural and social history may be interpreted and understood through objects they brought with them and from those objects and structures they created in the New World. This landmark volume, originating in a major exhibit commemorating the tricentennial of the city of Albany, uncovers the range of Dutch colonial experience in America through some 350 objects: paintings, furniture, silver, gold, ceramics, textiles, prints, drawings, and architecture. The result is a rare and remarkable glimpse of New Netherland, a long-ago world that continues to resonate today. Roderic H. Blackburn is an ethnologist and architectural historian who has held positions as Director of Research at Historic Cherry Hill, Assistant Director of the Albany Institute of History and Art, and Senior Research Fellow at the New York State Museum. He is the author of *Dutch Colonial Homes in America* and *Great Houses of New England*. Ruth Piwonka is the author of *A Portrait of Livingston Manor, 1686–1850* and the coauthor (with Roderic H. Blackburn) of *A Visible Heritage: Columbia County, New York: A History in Art and Architecture*.

**Murder & Mayhem in Essex County** Robert Wilhelm, 2011-11-08 “The importance of the area to early America . . . make the book a must-read for anyone interested in the dark side of New England history” (*Early American Crime*). The idea of a criminal record originated in the early seventeenth century when the magistrates of the Massachusetts Bay Colony began recording dates, places, victims and criminals. Despite, or perhaps because of, the strict code of the Puritans, some early settlers earned quite the rap sheet that landed them either in the stocks or at the end of a noose. With biting wit and an eye for the macabre, local author Robert Wilhelm traces the first documented cases of murder and mayhem in Essex County, Massachusetts. Discover the story of Hannah Duston’s revenge on her Abenaki Indian captors, why the witchcraft hysteria hung over Salem and Andover and how Rachel Wall made her living as a pirate. Decide for yourself whether the accused are guilty or if history lends itself to something else entirely. Includes photos!

**Early Organized Crime in Detroit** James Buccellato,2015-11-30 Though detectives denied it, the Italian mafia was operating in Detroit as early as 1900, and the city was forever changed. Bootleggers controlled the Detroit River and created a national distribution network for illegal booze during Prohibition. Gangsters, cops and even celebrities fell victim to the violence. Some politicians and prominent businessmen like Henry Ford's right-hand man, Harry Bennett, collaborated closely with the mafia, while others, such as popular radio host Gerald Buckley, fought back and lost their lives. Social scientist and crime writer James A. Buccellato explores Detroit's struggle with gang violence, public corruption and the politics of vice during the tumultuous first half of the twentieth century.

**The Wilkerson Farm Murders** Greg Wilson, A blizzard, a farmhouse and a family at war. Giles and Marion Wilkerson are celebrating their twenty-fifth wedding anniversary. They have recently moved to France and it seems like the perfect excuse to invite a few friends and family over. When Vicki's brother also arrives uninvited the situation takes a turn for the worse. Giles and Robbie have not spoken for years. Tensions begin to rise; and not just among the family. Some of their old friends also have scores to settle. With the phone lines down, heavy snow on the way and no mobile signal to be had, it looks like they will be staying at the farm for far longer than anyone anticipated. And it won't be long before bad feeling spills over into violence and murder.

**Red Summer** Cameron McWhirter,2011-07-19 A narrative history of America's deadliest episode of race riots and lynchings After World War I, black Americans fervently hoped for a new epoch of peace, prosperity, and equality. Black soldiers believed their participation in the fight to make the world safe for democracy finally earned them rights they had been promised since the close of the Civil War. Instead, an unprecedented wave of anti-black riots and lynchings swept the country for eight months. From April to November of 1919, the racial unrest rolled across the South into the North and the Midwest, even to the nation's capital. Millions of lives were disrupted, and hundreds of lives were lost. Blacks responded by fighting back with an intensity and determination never seen before. Red Summer is the first narrative history written about this epic encounter. Focusing on the worst riots and lynchings—including those in Chicago, Washington, D.C., Charleston, Omaha and Knoxville—Cameron McWhirter chronicles the mayhem, while also exploring the first stirrings of a civil rights movement that would transform American society forty years later.
