**The Politics** Aristotle,2010-02-15 This new translation of one of the fundamental texts of Western political thought combines strict fidelity to Aristotle's Greek with a contemporary English prose style. Lord's intention throughout is to retain Aristotle's distinctive style. The accompanying notes provide literary and historical references, call attention to textual problems, and supply other essential information and interpretation. A glossary supplies working definitions of key terms in Aristotle's philosophical-political vocabulary as well as a guide to linguistic relationships that are not always reflected in equivalent English terms. Lord's extensive Introduction presents a detailed account of Aristotle's life in relation to the political situation and events of his time and then discusses the problematic character and history of Aristotle's writings in general and of the Politics in particular. Lord also outlines Aristotle's conception of political science, tracing its relation to theoretical science on the one hand and to

ethics on the other. In conclusion, he briefly traces the subsequent history and influence of the Politics up to modern times. Lord's translation is clearly the best available.—Claremont Review

**Great River Legs** Laura Madeline Wiseman, 2021-06-07 Great River Legs is a lyric collection of prose poetry, creative nonfiction, and found poetry. This creative response documents my 1,398 mile, 25-day bicycle ride from Muscatine, Iowa, to Baton Rouge, Louisiana, between October 2017-March 2018. The journey took place in legs over breaks during the school year, with two additional back-to-back weekend rides that started the adventure. Wiseman embraces the many parts of herself-cyclist, data collector, meditation practitioner, nature lover, quiet observer-and brings them together in a seamless, profound, and captivating way. - Dawn Mauricio author of Mindfulness Meditation for Beginners Through small bursts of lyric prose, Wiseman explores the ways we can begin again, how we test ourselves on paths that are steep and dangerous while learning to accept that we can never control the day's rotation. - Jehanne Dubrow, author of throughsmoke: an essay in notes

*Rituals of Memory in Contemporary Arab Women's Writing* Brinda Mehta, 2007-04-26 This volume carefully assesses fixed

notions of Arab womanhood by exploring the complexities of Arab women's lives as portrayed in literature. Encompassing women writers and critics from Arab, French, and English traditions, it forges a transnational Arab feminist consciousness. Brinda Mehta examines the significance of memory rituals in women's writings, such as the importance of water and purification rites in Islam and how these play out in the women's space of the hammam (Turkish bath). Mehta shows how sensory experiences connect Arab women to their past. Specific chapters raise awareness of the experiences of Palestinian women in exile and under occupation, Bedouin and desert rituals, and women's views on conflict in Iraq and Lebanon, and the compatibility between Islam and feminism. At once provocative and enlightening, this work is a groundbreaking addition to the timely field of modern Arab women's writing and criticism and Arab literary studies.
