Professional Heckler Terry Mosher,2022-03-30 Duncan Macpherson (1924-1993) was one of the greatest of Canadian cartoonists. He began his career as an illustrator for the Montreal Standard and Weekend Magazine, then joined the ranks of Maclean's and finally the Toronto Star. Holding the Center Richard Strozzi-Heckler, 2011-06-21 As in all his books, Heckler draws from personal experience: training his horse, cultivating presence in aikido dojos, consulting with business executives, raising children. A masterful and encompassing book, *Holding the Center* develops from the fulcrum of the self in the natural world. Many of Heckler's lessons arise from his life as a householder and father. Community is a larger family—we make alliances to “take care of what matters to us.” But, as Heckler teaches, that takes listening to others with an open heart, and learning what the needs of others are. The world can be a sanctuary, if we find a balance between instinct and choice. Richard Strozzi Heckler sounds an important call about the interplay between power and generosity in these subtle and luminous essays.

The Leadership Dojo Richard Strozzi-Heckler, 2011-03-22 A pioneering book on a new kind of leadership—one that draws on body awareness, ancient wisdom, and real-life corporate examples to empower the modern leader to “do well and do good at the same time (James N. Baron, Yale School of Management). History is filled with accounts of great leaders, but how did they become so? Written for emergent leaders in any endeavor, this new work from renowned consultant Richard Strozzi-Heckler offers a new approach to leadership. The first book of its kind to base business and management strength on integral body awareness, the book presents key principles such as shugyo, or self-cultivation, as crucial in developing the individual responsibility, social commitment, and moral and spiritual vision required to lead with authority and efficacy. The Leadership Dojo is based on three questions: What does a leader do? What are the character values most essential to exemplary leadership? How do you teach these values? Drawing on the wisdom of ages from Plato to the Bhagavad-Gita, from Thucydides to the Abidharma, the book asserts that understanding and answering these questions holds the key to superior leadership skills. Strozzi-Heckler teaches with real-world examples based on his wide experience training decision-makers at companies like AT&T and Microsoft. The book's multifaceted approach helps readers establish a powerful Leadership Presence, a platform from which they can take ethical action with compassion and pragmatic wisdom. “I would not dream of leading a team without relying on the teachings of Richard Strozzi-Heckler. It would be like skiing without the snow.” —Nancy J. Hutson, Senior Vice President, Pfizer Research & Development

An Accidental Journalist Cheryl Heckler, 2007 When an idealistic American named Edmund Stevens arrived in Moscow in 1934, his only goal was to do his part for the advancement of international Communism. His job writing propaganda led to a reporting career and an eventual Pulitzer Prize in 1950 for his uncensored descriptions of Stalin's purges. This book tells how Stevens became an accidental journalist-and the dean of the Moscow press corps. The longest-serving American-born correspondent working from within the Soviet Union, Stevens was passionate about influencing the way his stateside readers thought about Russia's citizens, government, and social policy. Cheryl Heckler now traces a career that spanned half a century and four continents, focusing on Stevens's professional work and life from 1934 to 1945 to tell how he set the standards for reporting on Soviet affairs for the Christian Science Monitor. Stevens was a keen observer and thoughtful commentator, and his analytical mind was just what the Monitor was looking for in a foreign correspondent. He began his journalism career reporting on the Russo-Finnish War in 1939 and was the Monitor's first man in the field to cover fighting in World War II. He reported on the Italian invasion of Greece, participated in Churchill's Moscow meeting with Stalin as a staff translator, and distinguished himself as a correspondent with the British army in North Africa. Drawing on Stevens's memoirs-to which she had exclusive access-as well as his articles and correspondence and the unpublished memoirs of his wife, Nina, Heckler traces his growth as a frontline correspondent and interpreter of Russian culture. She paints a picture of a man hardened by experience, who witnessed the brutal crushing of the Iron Guard in 1941 Bucharest and the Kharkov hangings yet who was a failure on his own home front and who left his wife during a difficult pregnancy in order to return to the war zone. Heckler places his memoirs and dispatches within the larger context of events to shed new light on both the public and the private Stevens,

portraying a reporter adapting to new roles and circumstances with a skill that journalists today could well emulate. By exposing the many facets of Stevens's life and experience, Heckler gives readers a clear understanding of how this accidental journalist was destined to distinguish himself as a war reporter, analyst, and cultural interpreter. *An Accidental Journalist* is an important contribution to the history of war reporting and international journalism, introducing readers to a man whose inside knowledge of Stalinist Russia was beyond compare as it provides new insight into the Soviet era.

In Search of the Warrior Spirit, Fourth Edition Richard Strozzi-Heckler, 2011-06-14 The war in Iraq has heightened interest in the military mindset and raised questions about whether it's possible to be a mindful, moral fighter at a time when impersonal, technology based warfare reigns. *In Search of the Warrior Spirit* confronts this thorny issue with Richard Strozzi-Heckler's trademark personal, sympathetic style. In a top-secret U.S. military experiment, the author was asked to teach Eastern awareness disciplines ranging from aikido to meditation to a group of twenty-five Green Berets. This account chronicles his experiences in the training program and his attempts to revive traditional warriorship in a technological society. *In Search of the Warrior Spirit* explores the nature of war, the meaning of masculinity, and the need for moral values in the military. The book includes Heckler's response to 9/11, his experiences with the Pentagon and U.S. soldiers in Afghanistan, and his poignant reflections on the movie *Black Hawk Down*, which depicts the deaths of two of his trainees. In this revised edition, the author talks movingly of his visits to Afghanistan with NATO and about the Trojan Warrior Project and Marine Warrior Project, relating the tragic events in a war zone and revelatory conversations with both ordinary soldiers and such leaders as the Supreme Allied Commander of Europe.

Waking Up, Alive Richard A. Heckler, 1996 Sometimes I feel like crying, but the tears just don't come.... I had no idea there was a state of mind like this. Everything turned black.... It was a zombie place where I just couldn't be a part of anything.... These are the words of survivors who have lived through one of the most insidious conditions of our time: the desire to die. Five million Americans have attempted suicide. Every seventeen minutes, one of them succeeds. And the numbers continue to grow. Through fifty startling interviews with suicide survivors of all ages and backgrounds, psychologist Richard A. Heckler takes us into the very heart of despair, documenting the varied paths that lead to that crucial place where one's world seems to stretch, tear, and then break apart. In these intimate accounts we begin to understand the determination and clarity of that fatal choice. But after the failed attempt, healing is possible. For the first time, with great care and penetrating insight, Heckler traces the heroic patterns of recovery. By offering clear, profound portraits of hope, this extraordinary and unprecedented book attests to the resilience of the human spirit, by bearing witness to those who stood at death's door, and found the courage to live. It's hard to imagine a hopeful or inspiring book on suicide until you begin reading the astonishing *Waking Up, Alive*. --San Francisco Chronicle In this sensitive book, Richard Heckler brings compassionate light to a shadowy corner of our psyche. --Ram Dass Author of *Journey of Awakening* These moving accounts, written with a great heart of compassion, have a deeply healing effect on the ocean of human tears. This is a wise and ultimately life-affirming work! --Jack Kornfield, Ph.D. Author of *A Path With Heart*

Give Over the Heckler and Everyone Gets Hurt Jason Tandon,2009 Tandon's keen eye and idiosyncratic ear - he picks up shards of language and refashions them, making new wholes from fragments of everyday speech - combine to create a poetry with its own quiet urgency. There is a music that plays beautifully from poem to poem, as the language in subtle ways probes the underlying beauties of casual syntax. I look forward to Tandon's future work with considerable anticipation, although glad to have what he has given us already. - Jay Parini, author of 'Why Poetry Matters' Jason Tandon is the author of one other collection of poetry, 'Wee Hour Martyrdom' (Sunnyoutside, 2008), and his poems and book reviews have appeared in 'Columbia Poetry Review, New York Quarterly, Notre Dame Review, Pleiades', and on 'Verse Daily'. He teaches at Boston University.
