Wi Bill Reed,2020-01-03 Surely you remember Wi, a name especially chosen to fit our attention spans? The world-record kidnappee, nabbee, swipee, snatchee, hoisted so many times even he's lost count? (How about those three times in five minutes effort? That takes rare raw talent, that does.) I mean, if it wasn't for our Wi how many of these yabbers, yarns, shaggy dogs and yank-your-chain whoppers could I trot out for you? Even getting across one's not easy when it's always against the wind from people laughing in your face. No, really, without our Wi, where would all the odd-balls be, drowning their sorrows by ingesting the food in Dominic's Eatery, swallowing whole mouthfuls without a thought for their own safety? Would any plate get the Wi wipe and come out miraculously unscathed from what had been just laid upon it? Without Wi, how many screwballs could have hired him to do all they've always wanted to do? God knows, and the Talls say 'God knows' because, if you take it that God made him in His own image, then maybe you've stumbled across the one time God spoke too soon. Okay, setting that aside, coming to you is a cast of Lankan characters – and you'd cast too -- and barf, and burp – if you had some of Dominic's food inside you, let's not kid ourselves. Not all of us have cast-iron guts and can absorb what could canonize you if you kept it down. And our Wi can't help being White, either. Did he ever ask for the hoists he's had to suffer, or complained about the lack of duty-of-care his kidnapppers have shown him -- their kidnappee, after all? No. All he asked was a hideaway high above the stars so bright. At least he got that. And, though having to watchfully wait, at least he received the epiphs, too. With the epiphs, he could epiphicatedly dream, so I guess he had something going for him. And let's not forget he's Talls recorded as having said, 'Just let me know if I'm breathing too much and I'll stop'. Hey, what kidnappee or country like Australia gets a kidnappee so considerate? Is he a peach of a pooch, or what? ----- Bill Reed is an Australian novelist, playwright and short-story writer with national awards for all three. He now lives in both Australia and Sri Lanka.

Internal Invasion Gean B. Atkinson,2001 Written a full two years before the terrorist attack in September, 2001, *Internal Invasion* is a prophetic, action-filled adventure that gallops at a breakneck pace to a thrill-packed ending. Characters deftly, fine brush strokes, discover themselves caught in a complex situation fraught with peril. Only the gutsy interventions of two advertising executives from Oklahoma save the country from another deadly attack.

Things will Get Better Natasha Brook,2022-12-16 Normal is as normal does – right? Well, my version of normal seemed to be quite unique. Compared to friends I'd always be the one with the hilarious stories. My friends would flock to hear them, tall tales about my misadventures and awkward encounters with men. However, at university, these shenanigans began to take their toll. Euphoric highs and dramatic lows were exhausting and had nearly taken my life. I'm sharing some of these stories which will definitely make you laugh out loud as well as cringe so you can better appreciate that mental health (good or not so good) is normal. Hold on in there – things do get better.

Animal Factory David Kirby, 2010-03-02 Swine flu. Bird flu. Unusual concentrations of cancer and other diseases. Massive fish kills from flesh-eating parasites. Recalls of meats, vegetables, and fruits because of deadly E-coli bacterial contamination. Recent public health crises raise urgent questions about how our animal-derived food is raised and brought to market. In *Animal Factory*, bestselling investigative journalist David Kirby exposes the powerful business and political interests behind large-scale factory farms, and tracks the far-reaching fallout that contaminates our air, land, water, and food. In this thoroughly researched book, Kirby follows three families and communities whose lives are utterly changed by immense neighboring animal farms. These farms (known as Concentrated Animal Feeding Operations, or CAFOs), confine thousands of pigs, dairy cattle, and poultry in small spaces, often under horrifying conditions, and generate enormous volumes of fecal and biological waste as well as other toxins. Weaving science, politics, law, big business, and everyday life, Kirby accompanies these families in their struggles against animal factories. A North Carolina fisherman takes on pig farms upstream to preserve his river, his family's life, and his home. A mother in a small Illinois town pushes back against an outsized dairy

farm and its devastating impact. And a Washington State grandmother becomes an unlikely activist when her home is invaded by foul odors and her water supply is compromised by runoff from leaking lagoons of cattle waste. Animal Factory is an important book about our American food system gone terribly wrong---and the people who are fighting to restore sustainable farming practices and save our limited natural resources.

The Whole Famn Damily Bill Barker,1981

Sprout Mask Replica Robert Rankin,1997 It's all down to the butterfly His great-grandfather died at the Battle of Little Big Horn. He wasn't with Custer though. He was holding a sprout-bake in the field next door and went over to complain about the noise. His grandfather was a preacherman, who wore weighted shoes in the pulpit to avoid any embarrassing levitations during moments of extreme rapture. His father practised body-modification and once shinned up the inside of a drainpipe to win a bet with his mum. And then there was him. And he was the Chosen One. He had THE GIFT. You've heard of the Butterfly of Chaos Theory? The one that flaps its wings in the Andes and causes a thunderstorm in Penge? Well, he could do that. Shift a biro in his top pocket and cause the Tokyo Stock Exchange to rise twenty two points. Put a paperclip on his ear and make England win the World Cup. And with a gift like that, imagine what you could do. You could change this world into paradise. Or you could really screw up. BIG TIME!

Illegal Aliens Nick Pollotta,2008-02 Prof. Rajavur and his First Contact Team has been patiently waiting years for aliens to land on Earth. Suddenly, with starships landing and the world in chaos, Rajavur and his team have to move fast in a desperate plan to rescue the innocent aliens from an evil New York street gang.

J. Habakuk Jephson's Statement Arthur Conan Doyle,2014-03-20 Sir Arthur Ignatius Conan Doyle DL (22 May 1859 - 7 July 1930) was a Scottish physician and writer who is most noted for his fictional stories about the detective Sherlock Holmes, which are generally considered milestones in the field of crime fiction. He is also known for writing the fictional adventures of a second character he invented, Professor Challenger, and for popularising the mystery of the Mary Celeste. He was a prolific writer whose other works include fantasy and science fiction stories, plays, romances, poetry, non-fiction, and historical novels. Sherlock Holmes is a fictional detective created by Scottish author and physician Sir Arthur Conan Doyle, a graduate of the University of Edinburgh Medical School. A London-based consulting detective whose abilities border on the fantastic, Holmes is famous for his astute logical reasoning, his ability to adopt almost any disguise, and his use of forensic science skills to solve difficult cases. Holmes, who first appeared in publication in 1887, was featured in four novels and 56 short stories. The first novel, A Study in Scarlet, appeared in Beeton's Christmas Annual in 1887 and the second, The Sign of the Four, in Lippincott's Monthly Magazine in 1890. The character grew tremendously in popularity with the first series of short stories in The Strand Magazine, beginning with A Scandal in Bohemia in 1891; further series of short stories and two novels published in serial form appeared between then and 1927. The stories cover a period from around 1880 up to 1914. All but four stories are narrated by Holmes's friend and biographer, Dr. John H. Watson; two are narrated by Holmes himself (The Blanched Soldier and The Lion's Mane) and two others are written in the third person (The Mazarin Stone and His Last Bow). In two stories (The Musgrave Ritual and The Gloria Scott), Holmes tells Watson the main story from his memories, while Watson becomes the narrator of the frame story. The first and fourth novels, A Study in Scarlet and The Valley of Fear, each include a long interval of omniscient narration recounting events unknown to either Holmes or Watson.
