Out of Control Thomas Henderson,1988-09 In this harrowing, true account, Henderson lays bare the locker room legends, the wild partying, the rampant addiction and the unwritten rule of the pro sports world that anything goes--as long as you win the game. A tough, brutal, agonizing story . . .--Howard Cosell.P. Putnam.

Have Mercy N. E. Henderson,2022-06 We were high school sweethearts. One day she disappeared after class and didn't come back. She left me high and dry. I was angry. I took it out on her by sleeping with her best friend. Then she showed back up with a story I didn't believe. I was done. I married her best friend after she got pregnant, and now I have a seventeen-year-old son who's stuck in the middle of our divorce. But then I saw my ex again. Feelings arose I thought I buried all those years ago. She's still mine. I proved it against a wall after a heated argument. I found out there's been no one else since me, and now that I've had her again, I'll make sure there is no one else. Then I met her son, and he looks just like me. He's also seventeen and best friends with my son.

One Shadow on the Wall Leah Henderson,2017-06-06 An orphaned boy in contemporary Senegal must decide between doing what is right and what is easy as he struggles to keep a promise he made to his dying father in this “stirring” (School Library Journal) debut novel laced with magical realism. Eleven-year-old Mor was used to hearing his father’s voice, even if no one else could since his father’s death. It was comforting. It was also a reminder that Mor had made a promise to his father before he passed: keep your sisters safe. Keep the family together. But almost as soon as they are orphaned, that promise seems impossible to keep. With an aunt from the big city ready to separate him and his sisters as soon as she arrives, and a gang of boys from a nearby village wanting everything he has—including his spirit—Mor is tested in ways he never imagined. With only the hot summer months to prove himself, Mor must face a choice. Does he listen to his father and keep his heart true, but risk breaking his promise through failure? Or is it easier to just join the Danka Boys, whom despite their maliciousness are at least loyal to their own? *One Shadow on the Wall* is about love and loss, family and friendship, and creating your own future—even when it’s hard to do.

A Day for Rememberin' Leah Henderson,2021-05-11 A moving tribute to the little-known history behind the first Memorial Day, illustrated by Coretta Scott King Award winner Floyd Cooper Today is a special day. Eli knows it’s important if he’s allowed to miss one second of school, his “hard-earned right.” Inspired by true events and told through the eyes of a young boy, this is the deeply moving story about what is regarded as the first Memorial Day on May 1, 1865. Eli dresses up in his best clothes, Mama gathers the mayflowers, Papa straightens his hat, and together they join the crowds filling the streets of Charleston, South Carolina, with bouquets, crosses, and wreaths. Abolitionists, missionaries, teachers, military officers, and a sea of faces Black, Brown, and White, they march as one and sing for all those who gave their lives fighting for freedom during the Civil War. With poignant prose and celebratory, powerful illustrations, *A Day for Rememberin’* shines light on the little-known history of this important holiday and reminds us never to forget the people who put their lives on the line for their country. The book is illustrated by award-winning illustrator Floyd Cooper and includes archival photos in the back matter, as well as an author’s note, bibliography, timeline, and index.

Henderson Susan Sommers Thurman,2008 These vintage picture postcards take readers on a trip through the history of Henderson. Featured are the city's many remarkable parks, businesses, hotels, schools, and homes--some lost to time and some transported into the 21st century. The images and stories in this book will entertain and educate architecture buffs, rail fans, river enthusiasts, historians, and visitors and residents, past and present.

Reimagining Capitalism in a World on Fire Rebecca Henderson,2020-04-28 A renowned Harvard professor debunks prevailing orthodoxy with a new intellectual foundation and a practical pathway forward for a system that has lost its moral and ethical foundation. Free market capitalism is one of humanity's greatest inventions and the greatest source of prosperity the world has ever seen. But this success has been costly. Capitalism is on the verge of destroying the planet and destabilizing society as wealth rushes to the top. The time for action is running short. Rebecca Henderson's rigorous research in economics, psychology, and organizational behavior, as well as her many years of work with companies around the world, give us a path forward. She debunks the worldview that the only purpose of business is to make money and maximize shareholder value. She shows that we have failed to reimagine capitalism so that it is not only an engine of prosperity but also a system that is in harmony with environmental realities, the striving for social justice, and the demands of truly democratic institutions. Henderson's deep understanding of how change takes place, combined with fascinating in-depth stories of companies that have made the first steps towards reimagining capitalism, provide inspiring insight into what capitalism can be. Together with rich discussions of important role of government and how the worlds of finance, governance, and leadership must also evolve, Henderson provides the pragmatic foundation for navigating a world faced with unprecedented challenge, but also with extraordinary opportunity for those who can get it right.

Daddy Speaks Love Leah Henderson,2022-01-04 A moving tribute to the joy and grounding that fathers bring to their children's lives. What does a daddy do? From day one, this daddy speaks love to his little one. And along with that love, his words and actions speak many other things, too: like truth, joy, comfort, and pride. Like many dads, he answers a million questions and tries to make sure that days are full of fun adventures, giggles, and hugs. Dads are good at scaring away imaginary monsters, and honest about how to confront the real ones too. They set an example for the future, speaking out for equality and justice, while sharing lessons from the past. But most of all, daddies encourage their young ones to fight for a better world, with the comfort of knowing their dads are right beside them. *Daddy Speaks Love* speaks to that everlasting bond between children and their fathers and is a perfect gift for special occasions including Father’s Day, Valentine’s Day, birthdays, baby showers, and more!

House of Hunger Alexis Henderson,2022-09-27 WANTED - Bloodmaid of exceptional taste. Must have a keen proclivity for life’s finer pleasures. Girls of weak will need not apply. A young woman is drawn into the upper echelons of a society where blood is power in this dark and enthralling Gothic novel from the author of *The Year of the Witching*. Marion Shaw has been raised in the slums, where want and deprivation are all she know. Despite longing to leave the city and its miseries, she has no real hope of escape until the day she spots a peculiar listing in the newspaper seeking a bloodmaid. Though she knows little about the far north—where wealthy nobles live in luxury and drink the blood of those in their service—Marion applies to the position. In a matter of days, she finds herself the newest bloodmaid at the notorious House of Hunger. There, Marion is swept into a world of dark debauchery. At the center of it all is Countess Lisavet. The countess, who presides over this hedonistic court, is loved and feared in equal measure. She takes a special interest in Marion. Lisavet is magnetic, and Marion is eager to please her new mistress. But when she discovers that the ancient walls of the House of Hunger hide even older secrets, Marion is thrust into a vicious game of cat and mouse. She’ll need to learn the rules of her new home—and fast—or its halls will soon become her grave.

The Book of Barely Imagined Beings Caspar Henderson,2013-05-02 “Caspar Henderson takes us on an eye-opening tour of real animals that no sane human could ever have invented.” —Frans de Waal, New York Times–bestselling author With *The Book of Barely Imagined Beings*, Caspar Henderson offers readers a fascinating, beautifully produced modern-day menagerie. But whereas medieval bestiaries were often based on folklore and myth, the creatures that abound in Henderson’s book—from the axolotl to the zebrafish—are, with one exception, very much with us, albeit sometimes in depleted numbers. *The Book of Barely Imagined Beings* transports readers to a world of real creatures that seem as if they should be made up—that are somehow more astonishing than

anything we might have imagined. The yeti crab, for example, uses its furry claws to farm the bacteria on which it feeds. The waterbear, meanwhile, is among nature's "extreme survivors," able to withstand a week unprotected in outer space. These and other strange and surprising species invite readers to reflect on what we value—or fail to value—and what we might change. A powerful combination of wit, cutting-edge natural history, and philosophical meditation, *The Book of Barely Imagined Beings* is an infectious and inspiring celebration of the sheer ingenuity and variety of life in a time of crisis and change. "The Book of Barely Imagined Beings is one that Pliny would have envied, Darwin applauded, and Borges relished . . . In these days of doom and gloom, I can think of nothing more rejoicing than Caspar Henderson's magical book." —Alberto Manguel, author of *A History of Reading* "Magnificent, bravura, beautiful and astoundingly interesting." —The Sunday Times "Spell-binding, brilliantly executed, extraordinary." —The Guardian

Know What You're FOR Jeff Henderson, 2019-10-01 Your organization - business, church, or nonprofit - will experience unprecedented growth when you close the gap between these two game-changing questions: What are we known for? What do we want to be known for? In *Know What You're FOR*, entrepreneur and thought leader Jeff Henderson makes it clear that if we want to change the world with our products or our mission, then we must shift the focus of our messaging and marketing. Rather than self-promoting, we must transform our organizations to be people-centric. This sounds like a no-brainer, but looking closer shows just how little this is true and how impactful the change would be if it were. Whether you're a business leader, a change advocate, or a movement maker, *Know What You're FOR* will help you - and your organization - thrive. It's what happens when you create an organization focused on who it is FOR. This is the future. Thriving organizations will be more concerned with becoming raving fans of their customers than they are trying to convince customers to become raving fans of the organization. This isn't theory. Jeff Henderson has experienced it. Working with companies like Chick-fil-A and the Atlanta Braves, then serving as a pastor for 15 years at one of the country's largest and most influential churches, North Point, Jeff knows what success looks like for healthy organizations and healthy lives. With fascinating stories from a host of entrepreneurs and Jeff's remarkable career, *Know What You're FOR* equips you with a simple strategy and the tools for extraordinary growth. You'll discover how to: Work FOR your current and future customers with a new, effective method Be FOR your team and help your people reach full potential Create a ripple impact by being FOR your community Live and work your best by caring FOR yourself In a hypercritical, cynical world, one that is often known for what it's against, let's be a group of people known for who and what we're FOR. It's a powerful strategy for business. But more importantly, it is a revolutionary way to live.

Henderson Smokey Mt. Mystery F. Robert Henderson, 2011 F. Robert Henderson has had an improbable life. He was born in Texas in 1933. His parents were both born in Kansas. At the age of eight, his father and mother split up. He grew up under his mother's care. He attended college and received a Master's Degree in Botany and Zoology from Fort Hays Kansas State University. He attended the University of Kansas where in 1960 a book he wrote was published by the Kansas State Biological Survey, entitled *Beaver in Kansas*. From 1961-1968, he worked as a Field Biologist for the state wildlife agency in South Dakota. During that time he wrote several articles in scientific journals, the most important being the results of the first study of Black-footed Ferrets in the wild, this animal is one of the rarest mammals in North America. In a research study he trapped and banded more than 10 thousand sharp-tailed grouse. More grouse that has ever been studied before. And during the study found a new method of determining the sex of these grouse. From June of 1968 until 1996 he was promoted from Assistant Professor to Professor at Kansas State University, where he received many awards for his work as Extension Specialist in helping people cope with conflicts involving wild animals. He became recognized as a national expert in preventing coyote damage to livestock. Many agencies and groups have honored him for his work. Among these awards include: Meritorious Service USDA Award for Outstanding Extension Work; USDA and Kansas State University Awards for Extraordinary Leadership in Kansas, the Great Plains and nationally for the development of educational programs; and the Great Plains Agriculture Council's Outstanding Service Award in 1993. F. Robert Henderson did not accomplish these things without a lot of help and understanding and encouragement. F. Robert is grateful for the exceptional support of Karen, his wife and children, Tammy and Todd as well as numerous farmers, ranchers, hunters, colleagues and research associates. As a diversion from the stress of his work, in 1978, F. Robert Henderson began to study his roots, especially on the Henderson side of his family. At that time his late father, Frank Paul Henderson did not know who his second great grandfather was, or even, much about family history from that time back. Together, F. Robert Henderson and his father worked together to gather facts about their ancestors. This book is a result of that study.

If the victim carried a federal badge or had a security clearance, odds are good Paul and his team see the case file or work the murder. Their lives intersect when Ann arrives to pass a case off her desk and onto his. A car wreck and a suspicious death offer a lead on a hired shooter he is tracking. Paul isn't expecting to meet someone, the kind that goes on the personal side of the ledger, but Ann Silver has his attention. The better he gets to know her, the more Paul realizes her job barely scratches the surface of who she is. She knows spies and soldiers and U.S. Marshals, and has written books about them. She is friends with the former Vice President. People with good reason to be cautious about who they let into their lives deeply trust her. Paul wonders just what secrets Ann is keeping, until she shows him the John Doe Killer case file, and he starts to realize just who this lady he is falling in love with really is...
