

# Herod

**Bruce Chilton**

*Herod* Peter Richardson,1996 Peter Richardson's biographical study of Herod (73-4 BCE) offers insight into the personality of the man who served as the most prominent member of the substantial Herodian family and whose rule shaped the world in which the Christian faith arose. Richardson reveals Herod to be far more complex and important than is generally perceived and demonstrates that an understanding of Herod holds great value for comprehending the relationship between Judea and Rome. Setting his study against the crosscurrents of Jewish and Roman culture in the first century, Richardson emphasizes the social and historical context in which Herod's life unfolded and evaluates the family matters, patronage, religious developments, and ethnic issues that shaped his reign. Richardson details Herod's active participation in political events during the making of the Roman Empire and his close association with such prominent figures as Julius Caesar, Mark Antony, Cassius, Octavian (Augustus), Cleopatra, and Marcus Agrippa. In addition to telling Herod's life story, Richardson recounts the legends that grew up around the man - including his responsibility for a massacre of young children in Bethlehem. Richardson's accessible, and relatively positive, assessment of Herod sheds new light on a fascinating but much maligned character.

Herod Peter Richardson,Amy Marie Fisher,2017-08-22 *Herod: King of the Jews and Friend of the Romans* examines the life, work, and influence of this controversial figure, who remains the most highly visible of the Roman client kings under Augustus. Herod's rule shaped the world in which Christianity arose and his influence can still be seen today. In this expanded second edition, additions to the original text include discussion of the archaeological evidence of Herod's activity, his building program, numismatic evidence, and consideration of the roles and activities of other client kings in relation to Herod. This volume includes new maps and numerous photographs, and these coupled with the new additions to the text make this a valuable tool for those interested in the wider Roman world of the late first century BCE at both under- and postgraduate levels. Herod remains the definitive study of the life and activities of the king known traditionally as Herod the Great.

**Herod Antipas** Harold W. Hoehner,1980 A work about Herod Antipas' political career.

**The True Herod** Geza Vermes,2014-05-22 Who was Herod the Great? How did he come to govern one of the most politically tumultuous regions in the world? Was he the heartless baby-killer of Matthew's Gospel, or does this popular tale do Herod a great disservice? Geza Vermes, whose work on the Historical Jesus and the Dead Sea Scrolls has made him one of the most recognisable names in Biblical and Jewish studies, provides a new portrait of Herod. Vermes examines Herod's legacy as a political leader, and a potentate, a man of culture, and an all-round smooth operator. Vermes opens up the fascinating character of Herod, from his sizable and fragile ego to his devastation at the execution of his beloved wife, an execution that Herod ordered himself. Beginning with the key historical sources (notably Josephus) Vermes moves on to consider Herod's greatest legacy and testament - his extensive building works, which include the Temple in Jerusalem, Masada and Herodium. Colour images, combined with Vermes' lively prose make this new picture of Herod an enticing and informative guide to one of Ancient History's most misunderstood figures.

**Herod the Great** Norman Gelb,2013-02-21 Herod the Great, king of ancient Judea, was a brutal, ruthless, vindictive and dangerously high-strung tyrant. He had many of his subjects killed on suspicion of plotting against him and was accused of slaughtering children in Bethlehem when informed that a new king of the Jews had been born there. Among the victims of the murderous paranoia that ultimately drove him to the brink of insanity were his three oldest sons and the wife he loved most. But there

was a crucial aspect to Herod's character that has been largely ignored over the centuries. Norman Gelb explores how Herod transformed his formerly strife-ridden kingdom into a modernizing, economically thriving, orderly state of international significance and repute within the sprawling Roman Empire. This reassessment of Herod as ruler of Judaea introduces a striking contrast between a ruler's infamy and his extraordinary laudable achievements. As this account shows, despite his horrific failings and ultimate mental unbalance, Herod was a fascinatingly complex, dynamic, and largely constructive statesman, a figure of great public accomplishment and one of the most underrated personalities of ancient times. History buffs and those interested in popular ancient history can be introduced to this ruthless tyrant and his victims.

*Herod the Great* Michael Grant, 1971 The Herod of popular tradition is the tyrannical King of Judaea who ordered the Massacre of the Innocents and died a terrible death in 4 BC as the judgment of God. But this biography paints a much more complex picture of this contemporary of Mark Antony, Cleopatra, and the Emperor Augustus. Herod devoted his life to the task of keeping the Jews prosperous and racially intact. To judge by the two disastrous Jewish rebellions that occurred within a hundred and fifty years of his death -- those the Jews called the First and Second Roman Wars -- he was not, in the long run, completely successful. For forty years Herod walked the most precarious of political tightropes. For he had to be enough of a Jew to retain control of his Jewish subjects, and enough of a pro-Roman to preserve the confidence of Rome, within whose territory his kingdom fell. For more than a quarter of a century he was one of the chief bulwarks of Augustus' empire in the east. He made Judaea a large and prosperous country. He founded cities and built public works on a scale never seen before: of these, recently excavated Masada is a spectacular example. And he did all this in spite of a continuous undercurrent of protest and underground resistance. The numerous illustrations presents portraits and coins, buildings and articles of everyday use, landscapes and fortresses, and subsequent generations' interpretations of the more famous events, actual and mythical, of Herod's career.

**The Herods** Bruce Chilton, 2021-08-03 Until his death in 4 BCE, Herod the Great's monarchy included territories that once made up the kingdoms of Judah and Israel. Although he ruled over a rich, strategically crucial land, his royal title did not derive from heredity. His family came from the people of Idumea, ancient antagonists of the Israelites. Yet Herod did not rule as an outsider, but from a family committed to Judaism going back to his grandfather and father. They had served the priestly dynasty of the Maccabees that had subjected Idumea to their rule, including the Maccabean version of what loyalty to the Torah required. Herod's father, Antipater, rose not only to manage affairs on behalf of his priestly masters, but to become a pivotal military leader. He inaugurated a new alignment of power: an alliance with Rome negotiated with Pompey and Julius Caesar. In the crucible of civil war among Romans as the Triumvirate broke up, and of war between Rome and Parthia, Antipater managed to leave his sons with the prospect of a dynasty. Herod inherited the twin pillars of loyalty to Judaism and loyalty to Rome that became the basis of Herodian rule. He elevated Antipater's opportunism to a political art. During Herod's time, Roman power took its imperial form, and Octavian was responsible for making Herod king of Judea. As Octavian ruled, he took the title Augustus, in keeping with his devotion to his adoptive father's cult of the divine Julius. Imperial power was a theocratic assertion as well as a dominant military, economic, and political force. Herod framed a version of theocratic ambition all his own, deliberately crafting a dynastic claim grounded in Roman might and Israelite theocracy. That unlikely hybrid was the key to the Herodians' surprising longevity in power during the most chaotic century in the political history of Judaism.

*The Building Program of Herod the Great* Duane W. Roller, 1998 Herod the Great, King of Judaea from 44 B.C., is known as one of the world's great villains. This notoriety has overshadowed his actual achievements, particularly his role as a client king of Rome during Augustus's reign as emperor. An essential aspect of Herod's responsibilities as king of Judaea was his role as a builder. Remarkably innovative, he created an astonishing record of architectural achievement, not only in Judaea but also throughout Greece and the Roman east. Duane W. Roller systematically presents and discusses all the building projects known to have been initiated by Herod, and locates this material in a broad historical and cultural context. Bringing together previously inaccessible material, Roller enriches our understanding of the enigmatic Herod and provides new insights into Roman architecture. Herod was instrumental in the diffusion of the Augustan architectural revolution into the provinces and was the first to build outside Italy such Italian architectural forms as the basilica, amphitheater, villa, and Italian temple. Herod's legacy provided a groundwork for the architectural Romanization of the east, influencing the construction of the great temple complexes and palaces so familiar from later Roman architecture. Herod, like Augustus himself, was not only interested in architecture but also in diplomatic and financial contacts among cities of the region. In addition to providing a repertorium of the building projects, this study is also an exploration of international relations in the eastern Mediterranean at the beginning of the Roman imperial period.

**Out-heroding Herod** Tamar Landau, 2006 This book discusses the Herod narratives of Josephus in the light of narratology and rhetoric. It offers an innovative interpretation of the rhetorical and dramatic makeup of the parallel accounts of Herod's history and suggests new ways of understanding Josephus' complexity as a historian between two cultures.

**Jewish History and Literature Under the Maccabees and Herod** Bradley Hurt Alford, 1913

**Herod the Fox** John A. Darr, 1998-01-01 In foregrounding the themes of witnessing, 'seeing and hearing', and recognition, Luke urges readers to reflect on their own hearing (= reading) of his story, to become certain kinds of readers and to read in particular ways. So the need for a reader-oriented methodology in interpreting Luke-Acts is evident. But what is the best theory to deploy? Charting a path through the thickets of modern literary theory, Darr develops a new reader-oriented model, insisting that the original 'extratext' (the repertoire of literary and social conventions) of Luke-Acts-and not simply the text itself-should be taken into account in any critical evaluation of how this story works. To demonstrate this new hermeneutical model, Darr undertakes an extensive study of Lukan characterization, and especially his portrayal of Herod the Tetrarch.

**The Splendor of the Temple** Alec Garrard, 2000 A detailed pictorial tour of Herod's temple with full-color illustrations of Alex Garrard's perfectly scaled model. Each area is shown and discussed in detail. An exceptional introduction to the temple and its place in Jewish religious practice.

Herod Stephen Phillips, 1901

**The Rise and Fall of the House of Herod** Sandra Silver, 2014-11-02 THE RISE AND FALL OF THE HOUSE OF HEROD is filled with the murders, perversions and the political machinations and assassinations that were the lives of all these first century BC and first century AD kings and aspiring rulers. The Herods were Arabs appointed by the Romans to rule the Jews from 37 BC to the Destruction of Jerusalem by the Romans in 70 AD. The Arab/Jew conflict was in play long before then as it is now. Herod the Great who attempted to kill the infant Jesus is the Herod most people know. But there were seven rulers in the House of Herod: the founder of the dynasty Antipater; his son Herod the Great; Herod's sons Archelaus, Antipas and Philip; and Herod's grandson Agrippa I and

great-grandson Agrippa II. Silver's book chronicles the muscular rise of the House of Herod and the ultimate fall into weakness and debauchery of the inheritors of the dynasty. For the first time in a single book a reader can follow the Herods as they interact with each other, with the Romans and with the nascent Christian Message that would eclipse them all.

**Herod the Great** Martin Goodman, 2024-03-12 A vivid account of the political triumphs and domestic tragedies of the Jewish king Herod the Great during the turmoil of the Roman revolution Herod the Great (73-4 BCE) was a phenomenally energetic ruler who took advantage of the chaos of the Roman revolution to establish himself as a major figure in a changing Roman world and transform the landscape of Judaea. Both Jews and Christians developed myths about his cruelty and rashness: in Christian tradition he was cast as the tyrant who ordered the Massacre of the Innocents; in the Talmud, despite fond memories of his glorious Temple in Jerusalem, he was recalled as a persecutor of rabbis. The life of Herod is better documented than that of any other Jew from antiquity, and Martin Goodman examines the extensive literary and archaeological evidence to provide a vivid portrait of Herod in his sociopolitical context: his Idumaeian origins, his installation by Rome as king of Judaea and cultivation of leading Romans, his massive architectural projects, and his presentation of himself as a Jew, most strikingly through the rebuilding of the Jerusalem Temple. Goodman argues that later stories depicting Herod as a monster derived from public interest in his execution of three of his sons after dramatic public trials foisted on him by a dynastic policy imposed by the Roman emperor.

*Herod the Great* Robert Green, 1996 Traces the life of the Judean king, who crushed a Jewish rebellion, aligned himself with Rome, and rebuilt the Temple of Jerusalem

*Herod* Yehuda Shulewitz, 2012 Herod: The Man Who Had to be King is the story of the conflict between Herod, Rome and the Jewish people. It is the story of a conflict that takes the reader from the Land of Israel and Jerusalem to the bustle of Rome and the wide, colorful thoroughfares of Alexandria, from Syria to the heart of the Parthian empire, to Babylonia, Idumea and Antioch. It presents a vast panorama of the Mediterranean region of some two thousand years ago, bringing to life the great Sages, the High Priest and the Temple service, Antony and Cleopatra, Cassius and Sextus Caesar, Alexandra, the proud Hasmonean and her children, Aristobulus and Mariamne, and Antigonus, another Hasmonean, contender for the throne of Judea and a bitter enemy of Herod. The peaceful Jewish farmers of Emmaus meanwhile tend their fields, living under the heavy burden of Roman taxation. And Herod is always there the devoted family man of malevolent moods for whom no challenge is too great or bloody to reach his goal: He had to be King.

The Coins of Herod Donald Tzvi Ariel, Jean-Philippe Fontanille, 2011-12-23 A comprehensive reappraisal of Herod the Great's coinage is undertaken. Hoard and archaeological evidence, together with iconographic, epigraphic and numismatic observations, contribute to innovative interpretations of the coins, a new relative chronology, and some historical 'pegs' towards an absolute chronology

Herod the Great, the King of the Jews William Marinus Willett, 1859

*Herod's Judaea* Samuel Rocca, 2015-03-30 Samuel Rocca, born in 1968, earned his PhD in 2006. Since 2000, he worked as a college and high school teacher at The Neri Bloomfield College of Design & Teacher Training, Haifa; at the Talpiot College, Tel Aviv since 2005, and at the Faculty of Architecture at the Judaea and Samaria College, Ariel since 2006.

If you ally dependence such a referred **Herod** ebook that will have enough money you worth, get the definitely best seller from us currently from several preferred authors. If you want to comical books, lots of novels, tale, jokes, and more fictions collections are plus launched, from best seller to one of the most current released.

You may not be perplexed to enjoy all ebook collections Herod that we will entirely offer. It is not with reference to the costs. Its not quite what you habit currently. This Herod, as one of the most functional sellers here will certainly be among the best options to review.
