Trained since infancy in the arts of war, magic, and the secret sects of the rouge, Praz is unwilling to accept a single skill in the magical towers of The Order. Long denied the truth about his unknown past, he seethes with anger, rejecting convention as he leans toward darkness. But

the foul slaying of his life-long mentor and the abduction of his only love have drawn Praz out beyond the citadel's walls for the first time in his life to undertake an epic rescue. Traveling through a world distorted by the Sea of Mist and hounded by a mysterious clark lord, Praz slowly begins to unravel his past. Along the way he's joined by warriors from multiple dimensions, battles demonic brothers, and confronts the most terrible foes of all: two lowly servants who've somehow stumbled upon the power of gods.

Magic and Misrule Km Merritt,2021-04-02 They're only badass by accident... Vola might be new to this whole adventuring thing, but she's pretty sure this isn't how you're supposed to save the day. No one at her academy wanted an orc as a paladin, so they've sent her to the back end of a swamp, hoping she'll never find a quest good enough to earn her shield. Well, screw that. Vola's got divine help, and even a laughingstock of a goddess can do some righteous smiting. Armed with a new mission to find some missing orphans, Vola just needs a team to help her track them down. Beggars can't be choosers but couldn't her goddess have

sent her at least one competent fighter? Now she's stuck with a hyperactive halfling, a klutzy spell caster, and a cloaked mystery who's a little too good with their knives. Can a half-orc paladin keep her new party alive in a swamp that's determined to eat them, or are all the naysayers right and Orcs really can't be heroes?

### Dragons, Heroes, Myths & Magic Chantry Westwell, 2021-09

'Dragons, Heroes, Myths et Magic' presents fifty of the very first adventure stories, set out across seven sections, featuring Heroes and Heroines; Epic Battles; Magical Events and Miracles; Villains, Crime and Murder; Quests or Journeys; Animals; and Love Stories. Ranging from long and complex epics developed around historical figures including Charlemagne, King Arthur and Alexander the Great, to smaller, vibrant tales absorbing local characters on the periphery. Marvellously varied, surprising and enlightening, and featuring both the stories and art behind Merlin, Christine de Pisan, Sir Gawain, Renard the Fox, Dante and Beatrice, the Odyssey, Saint Brendon and Tristan and Isolde, this book provides an

intimate insight into the medieval mind.<sup>0</sup>Chantry Westwell has used her profound knowledge of the British Library's illuminated manuscript collections to explore some of literature's most celebrated stories, together with the deep history of the books and chronicles in which they were first preserved. Presented alongside them in full colour are some of the most exquisite examples of art to survive from the 8th to the 16th centuries: works of supreme beauty inspired by the stories.

**By the Blood of Heroes** Joseph Nassise,2012-05-01 “Joe Nassise has raised the bar for the whole genre.” —Jonathan Maberry, New York Times bestselling author of The Dragon Factory Combine the take-no-prisoners heroic grit of Quentin Tarantino’s *Inglorious Basterds* with the irreverent inventiveness of George A. Romero’s *Dawn of the Dead*, set it on the blood-and-gore-soaked European battlefields of World War One, and you get *By the Blood of Heroes*, a wildly imaginative alternate history zombie novel by acclaimed urban fantasy author Joseph Nassise. When the German high command employs a terrible new chemical

weapon that reanimates the dead, Allied forces must take on the Kaiser's zombie army in order to rescue a downed American flying ace in the first book of Nassise's The Great Undead War saga. By the Blood of Heroes is a deliciously gruesome adventure that horror and alternate history lovers, steampunk aficionados, and fans of such zombie-centric offerings as TV's The Walking Dead, popular literature's World War Z, Pride and Prejudice and Zombies, and Zombie Haiku, and the Resident Evil video game and film series will eagerly devour.

Heroes of the Valley Jonathan Stroud,2010 Halli loves the old stories from when the valley was a wild and dangerous place when the legendary heroes stood together to defeat the ancient enemy, the bloodthirsty Trows. Nowadays heroics seem a thing of the past. But when a practical joke rekindles an old blood feud, Halli spots a chance for a quest of his own.
