Hayward Allen

*Hérons*, 1997 Describes the physical characteristics and life cycle of this plant, originally brought to America by English settlers to grow in their gardens.

**The Great Blue Heron** Hayward Allen, 1991 See preceding entry. The publisher describes the present volume as the first book on this species. It's a lovely one that should appeal to a wide audience. The text covers the full life history of the species, while 90 color photographs cover nesting, flying, wading, and fishing. Great shots of young herons in the nest. Annotation copyrighted by Book News, Inc., Portland, OR

**The Status of the Great White Heron (*Ardea Occidentalis* Audubon) and Würdemann's Heron (*Ardea Würdemannii* Baird)** Ernest G. Holt, 1928

**Henry the Impatient Heron** Donna Love, 2009-01-01 Enhanced by facts on heron behavior, presents the story of Henry, the little heron who couldn't stand still and who learns a valuable lesson from the King of Camouflage.

*The Great Blue Heron* Robert William Butler, 1997 With its striking plumage, the great blue heron is one of the most widely recognized wading birds in North America. Riding on kelp beds in the Queen Charlotte Islands, wading in coastal streams along the mainland, poised motionless at the water's edge on a misty morning, or nesting in the limbs of old-growth forests, this stately bird is a familiar sight on the coast of British Columbia. The largest colonies are on the Fraser River delta, an area of great ecological significance to the north Pacific. Despite a growing body of knowledge regarding many aspects of the species' breeding biology and courtship behaviour, the foraging and population ecology of this bird remains something of an enigma. In his beautifully illustrated book, Robert Butler follows the great blue heron through a year on the coast of British Columbia. He draws on more than a decade of work to throw light on the adaptability of this magnificent bird to a temperate climate, its diet and breeding habits, habitat use, and conservation. Although the great blue heron has become a symbol of wetland conservation, in recent years it has had to face new challenges as a consequence of rapid urbanization of its environment. In *The Great Blue Heron* the author also describes the B.C. coast and shares a vision for the conservation of the Strait of Georgia and the Fraser River delta.

*Sapsucker Blues* Anita Schmidt-Kyanka, 2013-10 High above Sapsucker Pond, a male great blue heron returns to his nest for the third year in a row. Together, he and his mate set out on a splendid adventure. In a nest as large as your bed, Mama Heron lays five beautiful blue eggs; people watching the live streaming video call the last one Fiver. But now they face dangers, including a blizzard in April and a hungry owl attack. Mama and Papa Heron work hard to bring their chicks into the world, and Fiver finally hatches. The herons grow too big for the nest and must learn to fly and hunt. After her siblings have learned how to fly, Fiver must leap from the nest fifty feet off the ground. Can she do it? This educational wildlife tale describes the extraordinary lives of a family of great blue herons. Author and teacher Anita Schmidt-Kyanka follows their day-to-day events and challenges. Her original watercolor illustrations immerse children in the beauty of nature.

Blue Heron Avi, 1993-09-01 What is magic really for? As Maggie approaches her thirteenth birthday, she wants to believe that some kind of magic can stop the changes all around her. Her visit with her father and his new family at a lakeside cabin makes her wonder. Will he still love her as much, now that he has a new family, or will he love her baby half-sister more? Her father seems troubled and withdrawn and, while he insists nothing is wrong, she worries. Alone with her own secret thoughts, Maggie finds comfort

in the beautiful blue heron she visits at the lake every morning. With each visit, she grows more attached to the bird, and she becomes aware that someone else is watching, too -- someone who's putting the bird in great danger. Through her determination to protect the bird, Maggie begins to understand the magic of change in her own life, and in the constantly changing world around her.

*A White Heron* Sarah Orne Jewett, 1914

**The Heron Stayed** Jane S. Creason, 2011-04-08 Fifteen-year-old Chap Smith has an unusual life. He lives with his father and his sister, Lori, in a big house in the Indiana woods. Lori is like a mother for him, watching out for him and keeping him safe. Chap likes to read and write; he enjoys the quiet of the woods where he has lived since his birth. And he doesn't mind sharing household chores with Lori; they're a great team. When Lori's job requires her to move to Virginia, however, Chap's quiet, predictable life suddenly changes. For the first time, he is alone with his remote, detached father, a retired military man who spends most of his time in his den, writing a book about war. When his father's unusual behavior becomes difficult to understand, Chap believes his father is playing games with him, as he had when he was a child, challenging him with problems to solve. During the months that follow, Chap must deal with his father's unexplained behavior, his own loneliness, and a conflict at school with his best friend. In the midst of this chaos, he meets a new girl who has beautiful deep-sea, blue-green eyes, a scarred face, and an unusual story of her own.

**The Heron Dance Book of Love and Gratitude** Roderick MacIver, 2011-02-08 In *The Heron Dance Book of Love and Gratitude*, Roderick MacIver uses text and pictures to encourage readers to discover that "all-transcendent meaning" in their daily lives. This wise and comforting book celebrates the open heart and the beauty and mystery that surround us through a wide array of voices and perspectives. MacIver weaves inspirational poetry and prose with his shimmering nature watercolors to create a book that helps readers discover—and honor—love and gratitude. These quotes from men and women span time and geography, but share a sense of hard-won wisdom. Henry Miller finds unexpected late-life solace in embracing the simple quality of trust. Gabriel García Márquez muses, "If I knew that this would be the last time you pass through this door, I'd embrace you, kiss you, and call you back for one more." Helen Keller says, "God is in me as the sun is in the color and fragrance of a flower." This book is equally rewarding when sampled or read cover to cover as a respite from the pressures of modern life.

**The Blue Heron Tree** Edith Thacher Hurd, 1968-03-25

*The Heron* Ibrahim Aslan, 2005 One long winter night and the Cairo neighborhood of Kit Kat stands at a crossroads. Poised like herons fishing on the banks of the Nile, the characters of this novel wait and watch as opportunities swim by past their reach. Some gaze on as their local café is stolen before their eyes. One studies how the nouveaux riches of the Open Door Policy make their money, while others try their own hand at swindle. Still others read the empty rhetoric of state-run newspapers and wonder what it all means. It is long past midnight; some walk, some sit and smoke, and all are trading stories. A young artist waits by himself for a girl, a drink, or a revolution. All are waiting for what the next day might bring. Set on the eve of the January 1977 bread riots against IMF austerity programs and privatization that nearly brought down President Anwar Sadat, *The Heron* catches Egypt in the mid-stream of its modern history. Since it first appeared in 1984, Ibrahim Aslan's *The Heron* has been a classic of modern Arabic literature. It has been

translated into a number of European languages and adapted as the successful film Kit Kat.

*The Great Blue Heron* Howie Minsky, 2019-08-01 Books in the Hello, Everglades! series take young readers on a journey through the Everglades, exploring the flora and fauna of the region. Each book uses the whole language approach to literacy, a combination of sight words and repetition builds recognition and confidence. Bold, colorful photographs correlate directly to text to help guide readers through the book. Books in this series include author biography and teaching guides.

**Night Heron** Adam Brookes, 2014-05-27 Set in China, and ripped from today's headlines, comes a pulse-pounding debut that reinvents the spy thriller for the 21st century. A lone man, Peanut, escapes a labor camp in the dead of night, fleeing across the winter desert of north-west China. Two decades earlier, he was a spy for the British; now Peanut must disappear on Beijing's surveillance-blanketed streets. Desperate and ruthless, he reaches out to his one-time MI6 paymasters via crusading journalist Philip Mangan, offering military secrets in return for extraction. But the secrets prove more valuable than Peanut or Mangan could ever have known... and not only to the British.

**A White Heron and Other Stories** Sarah Orne Jewett, 2012-08-28 Wonderfully descriptive prose from distinguished regionalist writer includes 10 tales dealing with female friendships, poverty, and compassion: The Town Poor, Miss Peck's Promotion, The Passing of Sister Barsett, and seven more.

*A White Heron* Sarah Orne Jewett, 1983 A nine-year-old New England girl has to decide whether or not she will help the ornithologist who is searching for the rare white heron.

Great Blue Heron (Ardea Herodias) R. W. Butler, Robert L. Butler, 1992

The Most Unusual Pet Ever, Henry our Great Blue Heron and his adventures 2nd Edition Sondra Perry, 2014-02-02 A funny and heartwarming story that also happens to be true. It all began with a visit of a Great Blue Heron to the author's backyard. Henry the Heron is a wild bird that has also become a pet, a very unusual pet to be sure. You cannot pet him, or put him on a leash and take him for a walk, or bring him inside the house to sleep next to you at night. But this wonderful bird has brought such joy into the lives of many over the last ten years that he has continued visiting the author's backyard. This is a true story of friendship with nature and reminds us all of the wonders of nature that surround us, we just need to pay attention.
