Atari to Zelda Mia Consalvo, 2022-06-07 The cross-cultural interactions of Japanese videogames and the West—from DIY localization by fans to corporate strategies of “Japaneseness.” In the early days of arcades and Nintendo, many players didn't recognize Japanese games as coming from Japan; they were simply new and interesting games to play. But since then, fans, media, and the games industry have thought further about the “Japaneseness” of particular games. Game developers try to decide whether a game's Japaneseness is a selling point or stumbling block; critics try to determine what elements in a game express its Japaneseness—cultural motifs or technical

markers. Games were “localized,” subjected to sociocultural and technical tinkering. In this book, Mia Consalvo looks at what happens when Japanese games travel outside Japan, and how they are played, thought about, and transformed by individuals, companies, and groups in the West. Consalvo begins with players, first exploring North American players’ interest in Japanese games (and Japanese culture in general) and then investigating players’ DIY localization of games, in the form of ROM hacking and fan translating. She analyzes several Japanese games released in North America and looks in detail at the Japanese game company Square Enix. She examines indie and corporate localization work, and the rise of the professional culture broker. Finally, she compares different approaches to Japaneseness in games sold in the West and considers how Japanese games have influenced Western games developers. Her account reveals surprising cross-cultural interactions between Japanese games and Western game developers and players, between Japaneseness and the market.

I Want My Hat Back Jon Klassen, 2016-10-25 A New York Times Best Illustrated Children's Book of 2011! A picture-book delight by a rising talent tells a cumulative tale with a mischievous twist. Features an audio read-along! The bear’s hat is gone, and he wants it back. Patiently and politely, he asks the animals he comes across, one by one, whether they have seen it. Each animal says no, some more elaborately than others. But just as the bear begins to despond, a deer comes by and asks a simple question that sparks the bear’s memory and renews his search with a vengeance. Told completely in dialogue, this delicious take on the classic repetitive tale plays out in sly illustrations laced with visual humor-- and winks at the reader with a wry irreverence that will have kids of all ages thrilled to be in on the joke.

The Hallelujah Flight Phil Bildner, 2010-01-07 The extraordinary story of James Banning, the first African-American pilot to fly across country During the Great Depression, the ace black pilot James Banning decided to fly from coast to coast to serve as an inspiration to people everywhere. So with a little ingenuity and a whole lot of heart, he fixed up the dilapidated OXX6 Eagle Rock plane with his co-pilot and mechanic, Thomas Allen, earning them the derisive nickname, "The Flying Hobos." But with the help of friends and family along the way who signed their names on the wings of the plane in exchange for food, fuel and supplies, Banning and Allen made it through treacherous weather and overcame ruthless prejudice to receive a heroes' welcome upon landing in New York on October 9, 1932. This exceptional story of determination and pride, shown through John Holyfield's energetic flight scenes and sweeping landscapes, will put you in the cockpit right alongside Banning and Allen as they complete the journey of a lifetime.

Gershon's Monster , 2000 When his sins threaten the lives of his beloved twin children, a Jewish man finally repents of his wicked ways.

The Jew of New York Ben Katchor, 2000-12-26 In 1825, Mordecai Noah, a New York politician and amateur playwright possessed of a utopian vision, summoned all the lost tribes of Israel to an island near Buffalo in the hope of establishing a Jewish state. His failed plan, a mere footnote in Jewish-American history, is the starting point for Ben Katchor's brilliantly imagined epic that unfolds on the streets of New York a few years later. A disgraced kosher slaughterer, an importer of religious articles and women's hosiery, a pilgrim peddling soil from the Holy Land, a latter-day Kabbalist, a man with plans to carbonate Lake Erie--these are just some of the characters who move through Katchor's universe, their lives interwoven in a common struggle to settle into the New World even as it erupts into a financial frenzy that could as easily leave them bankrupt as carry them into the future.
