My Hikari

Hikari Lolah Runda,2015-12-09 Hikari is a Kitsune, member of the mighty demon fox race. He is also a royal, born heir to the powerful nine tail demon fox. His birthright is to rule his people, but instead, Hikari decides to escape his noble burden of leadership and enter the world of humans. There, he discovers excitement but also danger he never could have imagined. He is soon betrayed and captured with no means of escape. His hope is restored by the appearance of a reincarnated priestess. Miyako is a human who stumbled upon Hikari, not knowing of her own past incarnation. They form a close bond, but Hikari still isn't sure if Miyako is enemy or friend, destiny or downfall. The presence of a powerful yokai, or demon, awakens Miyako's dormant powers, but time is running out for Hikari. He must decide to trust Miyako or turn her away, even though she is possibly his only chance at safety. Danger lies in wait as Hikari embraces Miyako, but can their love save the pair from those who would harm them for their noble blood?

Hikari Origin Aigami Hikari,2023-05-04 I was writing this book to everyone to let them know more about me and it's also about the people around. Because the people way of live are different. Everyone way of live is different. But we must stand up and fight for our life to prove it to the world that we're strong to stand by ourselves. Maybe some of the people got a support from the others and some of them not. However, those things maybe will not remain forever. There will be a time that we will be alone and there will be a time that we will be together and that is what did I want to tell people. Moreover, this world is filled with conflicts that we must learn to know people before we accept and follow them. This will bring us to the right side or the Light Side.

At the age of eighteen, Futaba Kazuma is going to college to become a psychologist, and takes a room in a creepy mansion. Among his fellow boarders is a troubled young woman named Emiru, whose psychological problems have eerie physical manifestations: her hair has turned white, her body temperature is well below normal, and her blood pressure is also quite unusual. No psychologists or counselors have been able to help cure her of this problem. Will Kazuma be able to determine the cause of Emiru's despair and save her before it's too late? The key to her recovery, Kazuma believes, may lie in Danish philosopher Soren Kierkegaard's meditation on despair, The Sickness Unto Death.
