Holding Graham Norton,2017-08 The remote Irish village of Duneen has known little drama but when human remains are discovered on an old farm, suspected to be that of Tommy Burke--a former lover of two different inhabitants--the village's dark past begins to unravel. As the frustrated sergeant PJ Collins struggles to solve a genuine case for the first time in his life, he unearths a community's worth of anger and resentments, secrets and regret.--

Holding On Sophia N. Lee,2022-08-30 A young girl in the Philippines uses music to connect with her grandmother as her memory fades in this warm and moving picture book perfect for fans of Pixar's *Coco*. There is always singing in Lola's house. Sammy Davis Jr. in the morning, Dean Martin in the afternoon, and all throughout the evening, old Tagalog love songs from Nora Aunor, Basil Valdez, and more. Lola always says: "If you want to hold on, you gotta sing your songs." Her granddaughter tucks these sounds and Lola's wisdom deep within her heart. And when Lola starts slipping into silence and stillness, she helps Lola hold on, piece by piece, with the joy and music that Lola taught her.

Be Holding Ross Gay,2020-09-08 Winner, 2021 PEN/Jean Stein Award Winner, 2021 Ohioana Book Award in Poetry Winner, 2022 Indiana Author Award in Poetry *Be Holding* is a love song to legendary basketball player Julius Erving—known as Dr. J—who dominated courts in the 1970s and '80s as a small forward for the Philadelphia '76ers. But this book-length poem is more than just an ode to a magnificent athlete. Through a kind of lyric research, or lyric meditation, Ross Gay connects Dr. J's famously impossible move from the 1980 NBA Finals against the Los Angeles Lakers to pick-up basketball and the flying Igbo and the Middle Passage, to photography and surveillance and state violence, to music and personal histories of flight and familial love. *Be Holding* wonders how the imagination, or how our looking, might make us, or bring us, closer to each other. How our looking might make us reach for each other. And might make us be reaching for each other. And how that reaching might be something like joy.

Holding Silvan Monica Wesolowska,2013 Shares a personal story about pain and loss, as Monica Wesolowska gives birth to a healthy-seeming baby boy until the doctors give her son a grim prognosis. The story that follows is not a story of typical maternal heroism. There is no medical miracle here. Instead, we find the strangest of hopes. Certain of her choice, Monica must still ask herself at every step if she is loving Silvan as well as a mother can. The result is a page-turning testimony to the power of love.

Women Holding Things Maira Kalman,2022-10-28 From the critically acclaimed artist, designer, and author of the bestsellers *The Principles of Uncertainty* and *My Favorite Things* comes a wondrous collection of words and paintings that is a moving meditation on the beauty and complexity of women's lives and roles, revealed in the things they hold. "What do women hold? The home and the family. And the children and the food. The friendships. The work. The work of the world. And the work of being human. The memories. And the troubles. And the sorrows and the triumphs. And the love." In the spring of 2021, Maira and Alex Kalman created a small, limited-edition booklet "*Women Holding Things*," which featured select recent paintings by Maira, accompanied by her insightful and deeply personal commentary. The booklet quickly sold out. Now, the Kalmans have expanded that original publication into this extraordinary visual compendium. *Women Holding Things* includes the bright, bold images featured in the booklet as well as an additional sixty-seven new paintings highlighted by thoughtful and intimate anecdotes, recollections,

and ruminations. Most are portraits of women, both ordinary and famous, including Virginia Woolf, Sally Hemings, Hortense Cezanne, Gertrude Stein, as well as Kalman's family members and other real-life people. These women hold a range of objects, from the mundane—balloons, a cup, a whisk, a chicken, a hat—to the abstract—dreams and disappointments, sorrow and regret, joy and love. Kalman considers the many things that fit physically and metaphorically between women's hands: We see a woman hold a book, hold shears, hold children, hold a grudge, hold up, hold her own. In visually telling their stories, Kalman lays bare the essence of women's lives—their tenacity, courage, vulnerability, hope, and pain. Ultimately, she reveals that many of the things we hold dear—as well as those that burden or haunt us—remain constant and connect us from generation to generation. Here, too, are pictures of a few men holding things, such as Rainer Maria Rilke and Anton Chekhov, as well as objects holding other objects that invite us to ponder their intimate relationships to one another. *Women Holding Things* explores the significance of the objects we carry—in our hands, hearts, and minds—and speaks to, and for, all of us. Maira Kalman's unique work is a celebration of life, of the act and the art of living, offering an original way of examining and understanding all that is important in our world—and ultimately within ourselves.

Holding Fast James A. McCann, Michael Jones-Correa, 2020-10-08 The fight over immigration reform and immigrants' rights in the U.S. has been marked by sharp swings in both public sentiment and official enforcement. In 2006, millions of Latino immigrants joined protests for immigration reform. Deferred Action for Childhood Arrivals, a policy granting work permits and protection from deportation to undocumented immigrants who entered the country before age 16, was enacted in 2012, despite a sharp increase in deportations during the Bush and Obama administrations. The 2016 election of Donald J. Trump prompted a surge in anti-immigrant sentiment which threatened DACA and other progressive immigration policies. In *Holding Fast*, political scientists James McCann and Michael Jones-Correa investigate whether and how these recent shifts have affected political attitudes and civic participation among Latino immigrants. *Holding Fast* draws largely from a yearlong survey of Latino immigrants, including both citizens and noncitizens, conducted before and after the 2016 election. The survey gauges immigrants' attitudes about the direction of the country and the emotional underpinnings of their political involvement. While survey respondents expressed pessimism about the direction of the United States following the 2016 election, there was no evidence of their withdrawal from civic life. Instead, immigrants demonstrated remarkable resilience in their political engagement, and their ties to America remained robust. McCann and Jones-Correa examine Latino immigrants' trust in government as well as their economic concerns and fears surrounding possible deportations of family members and friends. They find that Latino immigrants who were concerned about the likelihood of deportation were more likely to express a lack of trust in government. Concerns about personal finances were less salient. Disenchantment with the U.S. government did not differ based on citizenship status, length of stay in America, or residence in immigrant-friendly states. Foreign-born Latinos who are naturalized citizens shared similar sentiments to those with fewer political rights, and immigrants in California, for example, express views similar to those in Texas. Addressing the potential influence immigrant voters may wield in the coming election, the authors point to signs that the turnout rate for naturalized Latino immigrant may be higher than that for Latinos born in the United States. The authors further underscore the importance of the parties' platforms and policies, noting the still-tenuous nature of Latino immigrants' affiliations with the Democratic Party. *Holding Fast* outlines the complex political situation in which Latino immigrants find themselves today. Despite well-founded feelings of anger, fear, and skepticism, in general they maintain an abiding faith in the promise of American democracy. This book provides a comprehensive account of Latino immigrants' political opinions and a nuanced, thoughtful outlook on the future of Latino civic participation. It will be an important contribution to scholarly work on civic engagement and immigrant integration.

Eleven and Holding Mary Penney, 2016-06-07 Macy Hollinquest is eleven years old, and don't

count on her to change that anytime soon. Her birthday is just days away, but she has no intention of turning twelve without her dad by her side. He'd promised to be there for her big day, and yet he's been gone for months—away after his discharge from the army, doing some kind of top secret, "important work." So Macy's staying eleven, no matter what—that is, until she meets Ginger, a nice older lady who is searching for her missing dog. Ginger's dog search is the perfect cover for Macy's attempt to locate her dad. But her hunt puts her on a path to a head-on collision with the truth, where she discovers that knowing can sometimes be a heavy burden. And that change, when finally accepted, comes with an unexpected kind of grace. Mary Penney's earnest, heartfelt story of change, loss, and new beginnings will resonate with young readers on the cusp of new beginnings, and stay in their hearts long after it's done.

Still Holding Bruce Wagner, 2013-03-26 If there's an even darker side to Hollywood than the one America is familiar with, Bruce Wagner has found it. A twenty-first-century Nathanael West, he has been hailed for his powerful prose, his Swiftian satire, and the scalpel-sharp wit that has, in each of his novels, dissected and sometimes disemboweled Hollywood excess. Now, in his most ambitious book to date, *Still Holding*, the third in the Cellular Trilogy that began with *I'm Losing You* and *I'll Let You Go*, Wagner immerses readers in post-September 11 Hollywood, revealing as much rabid ambition, rampant narcissism, and unchecked mental illness as ever. It is a scabrous, epiphanic, sometimes horrifying portrait of an entangled community of legitimate stars, delusional wanna-bes, and psychosociopaths. Wagner infiltrates the gilded life of a superstar actor/sex symbol/practicing Buddhist, the compromised world of a young actress whose big break comes when she's hired to play a corpse on *Six Feet Under*, and the strange parallel universe of look-alikes -- an entire industry in which struggling actors are hired out for parties and conventions to play their famous counterparts. Alternately hilarious and heartfelt, ferocious and empathetic, *Still Holding* is Bruce Wagner's most expertly calibrated work.

Holding the Center Howard Wesley Johnson, 2001-08-24 Memoir of a former MIT President, as well as professor, corporate director, and advisor to American government agencies and to museums and foundations. Howard Wesley Johnson has been associated with MIT for more than forty years and been a major influence on the modernization and expansion of many of its programs. He will be most remembered as a management educator and as MIT's president during the turbulent late 1960s and early 1970s. The title of his memoirs reflects his central, usually lonely position in those days, trying to hold together an institution often torn apart by the turmoil of the times. Johnson was more successful at navigating the minefields on campus than were many other college and university presidents, perhaps because he was always willing to listen to both sides and because his values were in the right place—against the war in Vietnam, in favor of increased participation in the university by women and minorities, and concerned about environmental issues. As a professor and administrator at MIT, a corporate director, and an advisor to American government agencies and to museums and foundations, Johnson consistently sought both to understand and to apply the principles of good management.

Home Stretch Graham Norton, 2021-06-22 In this “compelling, bighearted, emotionally precise page-turner” (Sunday Times), the New York Times bestselling writer and acclaimed television host explores the aftermath of a tragedy on a small-town to illuminate the shame and longing that can flow through generations—and how the secrets of the heart cannot stay buried forever. It is 1987 and a small Irish community is preparing for a wedding. The day before the ceremony, a group of young friends, including the bride and groom, are involved in an accident. Three survive. Three are killed. The lives of the families are shattered and the rifts between them ripple throughout the small town. Connor survived, but living among the angry and the mourning is almost as hard as carrying the shame of having been the driver. He leaves the only place he knows for another life, taking his secrets with him. Travelling first to Liverpool, then London, he eventually makes a home—of sorts—for himself in New York, where he finds shelter and the possibility of forging a new life. But the secrets—the unspoken longings and regrets that have come to haunt those left behind—will not be silenced. Before long, Connor will have to confront his past. A powerful and timely novel of emigration and return, *Home Stretch* demonstrates Norton's keen understanding of the power of stigma and secrecy—and their devastating effect on ordinary lives.

Holding On Tasseli McKay, Megan Comfort, Christine Lindquist, Anupa Bir, 2019-07-30 *Holding On* reveals the results of an unprecedented ten-year study of justice-involved families, rendering visible the lives of a group of American families whose experiences are too often lost in large-scale demographic research. Using new data from the Multi-site Family Study on Incarceration, Parenting, and Partnering—a groundbreaking study of almost two thousand families, incorporating a series of couples-based surveys and qualitative interviews over the course of three years—*Holding On* sheds rich new light on the parenting and intimate relationships of justice-involved men, challenging long-standing boundaries between research on incarceration and on the well-being of low-income families. Boldly proposing that the failure to recognize the centrality of incarcerated men's roles as fathers and partners has helped to justify a system that removes them from their families and hides that system's costs to parents, partners, and children, *Holding On* considers how research that breaks the false dichotomy between offender and parent, inmate and partner, and victim and

perpetrator might help to inform a next generation of public policies that truly support vulnerable families.
