And that leaves you the option of having to search and buy from... the internet. And we all know that you can't always believe everything you read on the internet. Well, except Youtube comments. Those are almost always true and insightful. - You can't really try holsters out before you buy. Especially those underwear holsters. Gun store sales staff tend to get a little cranky when you start shedding clothes next to the ammunition aisle. - There are many different styles of concealed carry. Every day, innovative gun folks are inventing new ways to safely and discreetly carry guns. The variety of options is great, but how do you know which style of carry is right for you? The editors at MyGunCulture.com have painstakingly documented all the holsters we've tried over the years and provided helpful commentary about pros and cons of different holster styles. In other words, we've tried just about everything. We've had great successes. We've experienced colossal failures. We've listened to so many gun show huckster sales pitches that the late Billy Mays would be impressed. And the result? The Practical Guide to Gun Holsters for Concealed Carry. Topics Include: - A brief and entertaining history of holsters. - Weighing concealment versus accessibility - Open or concealed carry? How to start an enthusiastic argument. - Ladies only holster solutions. - Belt carry holsters - inside, outside and underneath? - Body carry solutions. Undershirts, belly bands, and harnesses. - Ankle holsters. You think your ankles were swollen before? - Pocket holsters. Why some work and others don't. - You too can carry a gun in your underwear! - Stashing guns in your clothing. Pants, shirts, and jackets. - Off premises parking. Ways to carry a gun not attached to your body. - Home, office and car holster options. - Magazine carriers and pouches. Ways to easily carry spare ammunition. Loaded with pictures and the occasional comedic illustration, this book will tell you just about everything you need to know regarding styles of carry and the pros and cons of dozens and dozens of holsters from numerous manufacturers. Holsters are expensive. And important! This book will help you make the right choice for your needs and lifestyle without breaking the bank. Enjoy!

*How To Make Holsters* Al Stohlman, 1962 HOLSTERS have played, and are still playing, a very important part in the history of man. And, since the making and manufacture of the first hand guns, methods for concealing, easier handling and carrying of these weapons have been devised. Trial and error being the surest way of improvement, holster making has now advanced to fill almost every need and requirement of the pistol user. Today, with the hundreds of Makes, Models, and barrel lengths of hand guns, it would be virtually impossible to reproduce holster patterns for each and every one into book form. The Holster Patterns presented in this book are a cross-section of a few of the most popular Makes and Models of the guns in use today; with alternate designs and added barrel lengths as space permits. Most of the Carving Designs presented can be altered for shorter, longer, or odd barrel lengths by adding or omitting a leaf, scroll, etc. The designs can also be used on similar holster patterns for other guns by "stretching" or "squeezing" the flowers, leaves, etc., to fit the confines of the border lines. With a little Imagination and Ingenuity, the Carving

Designs in this book can be used on hundreds of holster patterns. Remember... the patterns shown will also fit many other similar makes and models of guns ... too numerous to mention. The purpose of this book is to assist and instruct the craftsman in various methods of Holster Construction and Holster Pattern Making. Each phase is shown with clearly defined step-by-step photos and drawings. It is hoped that this book will aid the Self Taught Student, Instructor, and Professional Craftsman alike to further their knowledge of "How To Make Holsters" for Profit, Personal Satisfaction and Fun! A "special" thanks to my wife, Terry, who has devoted countless hours and painstaking effort to produce all of the photographs appearing in this book. Many thanks to Ralph Tiner . . . Sporting Goods Center, Hemet, Calif. ... for his willing cooperation in supplying guns and information. Thanks to Lee Kelly, U. S. Forestry Service, and many other friends who have given unselfishly of their time and assistance. To the Leathercraftsman: Thanks for your patience in awaiting the first publication of "How To Make Holsters" .. . Many Happy Hours! Sincerely, Al Stohlman

**The Insanely Practical Guide to Gun Holsters** Tom McHale, 2013-03-01 Holsters actually pre-date guns. Do you really think bands of wooly mammoth hunters carried spears and rocks in their hands? **When Law Was in the Holster** John Boessenecker,2012-09-28 One of the great lawmen of the Old West, Bob Paul (1830-1901) cast a giant shadow across the frontiers of California and Arizona Territory for nearly fifty years. Today he is remembered mainly for his friendship with Wyatt Earp and his involvement in the stirring events surrounding the famous 1881 gunfight near the OK Corral in Tombstone, Arizona. This long-overdue biography fills crucial gaps in Paul's story and recounts a life of almost constant adventure. As told by veteran western historian John Boessenecker, this story is more than just a western shoot-'em-up, and it reveals Paul to be far more than a blood-and-thunder gunfighter. Beginning with Paul's boyhood adventures as a whaler in the South Pacific, the author traces his journey to Gold Rush California, where he served respectively as constable, deputy sheriff, and sheriff in Calaveras County, and as Wells Fargo shotgun messenger and detective. Then, in the turbulent 1880s, Paul became sheriff of Pima County, Arizona, and a railroad detective for the Southern Pacific. In 1890 President Benjamin Harrison appointed him U.S. marshal of Arizona Territory. Transcending local history, Paul's story provides an inside look into the rough-and-tumble world of frontier politics, electoral corruption, Mexican-U.S. relations, border security, vigilantism, and western justice. Moreover, issues that were important in Paul's career—illegal immigration, smuggling on the Mexican border, youth gangs, racial discrimination, ethnic violence, and police-minority relations—are as relevant today as they were during his lifetime.

**Holstory** Red Nichols,John Witty,2021-10-14 Dear reader: this is an unabashed picture book about gunleather. In particular, it is about the innovative holsters that were created by American men and women during the 20th century; specifically, during the saeculum 1905 to 1985 because

that's when all the heavy lifting was done. And it's about their linkages . . . 'A Texas Ranger, born 1844, married a woman who, after she was widowed then married a Texas saddler 1908. 'That saddler in Austin employed a clerk who in 1912 began building unique holsters for the Texas Rangers. 'And that clerk, born 1872, bore a son in 1896 whose daughter married the Governor of Texas in 1940. 'That bride escaped the bullets fired at the President's car as she rode with him in November 1963. 'They were the McNellys, the Wroes, the Brills and the Kennedys.' 'Holstory' - a term the authors coined so they wouldn't be typing 'holster history' over and over again - is filled with just these kinds of linkages amongst real gunfighting lawmen like Capt. Leander McNelly and officer Tom Threepersons of Texas; D.A. 'Jelly' Bryce and J.C. 'Doc' White of the F.B.I.; and the gunleather makers like Sam D. Myres of Texas and Hermann H. Heiser of Colorado who supplied them. It's a tale that's never been told in quite this way. It is thoroughly researched and heavily footnoted so that you can delve deeper if you like. There are lots of full-color pictures of gunleather collectibles. This is the Book of Holstory that you've been waiting for.

**If You Can't Come In, Smile as You Go By** Cindy Rice Holster,2010-05-18 Seeking to characterize and to vitalize life in a small, rural Texas community as it existed during the Depression, Cindy Holster has introduced in ten short stories a number of characters whose lives reflect not only the hard times they experienced but the various ways in which they dealt with them. While the stories touch on a number of issues that might be considered contemporary or even timelessracism, mental illness, infidelity, ignorance, and intolerancethey also emphasize Christian values and morality. Many of the characters are recurring within the stories, and some emerge as leaders. Walter and Ora Mae Cooper and their son Benjamin are identifiable by their character and compassion, and the Cooper Grocery is revisited again and again as the heart of the community. The Coopers repeatedly reach out to the members of their community and are sought out for counsel, solace, and friendship. The characters are colorful, even eccentric, and all have surprising and sometimes unsettling aspects to their lives.

**The Least of These** Cindy Rice Holster, 2013-11 New Lexington, Texas, is a great place to work and raise a family in the 1950's. Friends and neighbors get together to barbecue or play canasta; kids play outdoors with no fear; the churches are filled on Sundays. In this serene world, however, an incident occurs so horrible in its scope, so devastating in its consequences, that it shakes the community to its very foundations. A child is murdered, in fact, the only child of the local police chief. After the reality of the heinous act sinks in, the locals want answers, especially the parents of the murdered child. Suspicions arise concerning a member of the black community in the town, thus causing tensions to rise between the races, tensions that were always present, just below the surface. As the story unfolds, old friends become estranged, gossip and conjecture prevail, and racism is exposed in all its ugliness.

*The Tied-Down Holster* Hugh Martin, 2019-07 Men tend to disappear around Blue Mesa, New Mexico. Dick Young, ostensibly an easy-going artist, vanishes close to a deep chasm in this locality ruled by powerful rancher Walt Guisewell, who sees the land he has tamed as his kingdom. Bob Young, brother of the missing man, arrives and proves to be very different from Dick. Sometime soldier, sometime convict and sometime lawman, he wears the holster of his Colt revolver tied down by a rawhide thong - the mark of a gunfighter with a reputation, and not one to be trifled with...
