Let's Not Do That Again Grant Ginder,2022-04-05 Hilarious, suspenseful, and whip smart. —Cynthia D'Aprix Sweeney Meet the Harrisons! A mother running for Senate, a son running from his problems, and a daughter running straight into trouble... From Grant Ginder, the author of *The People We Hate at the Wedding*, comes a poignant, funny, and slyly beguiling novel which proves that, like democracy, family is a messy and fragile thing—perfect for fans of *Veep*'s biting humor, the family drama of *Succession*, and the joys of Kevin Wilson's *Nothing to See Here*. Nancy Harrison is running for Senate, and she's going to win, goddamnit. Not that that's her slogan, although it could be. She's said all the right things. Passed all the right legislation. Chapped her lips kissing babies. There's just one problem: her grown children. Greta and Nick Harrison are adrift. Nick is floundering in his attempts to write a musical about the life of Joan Didion (called *Hello to All That!*). And then there's his little sister Greta. Smart, pretty, and completely unmotivated, allowing her life to pass her by like the shoppers at the Apple store where she works. One morning the world wakes up not to Nancy making headlines, but her daughter, Greta. She's in Paris. With extremist protestors. Throwing a bottle of champagne through a beloved bistro's front window. In order to save her campaign, not to mention her daughter, Nancy and Nick must find Greta before it's too late. Smart, funny, and surprisingly tender, *Let's Not Do That Again* shows that family, like politics, can hurt like a mother.

House Arrest K. A. Holt,2015-10-06 “Moving . . . Readers will nod their heads in sympathy with this guy who breaks the rules for all of the right reasons.” —The Bulletin of the Center for Children's Books A Bank Street College of Education Best Book of the Year Indiana Too Good to Miss State Reading List 2018 Timothy is on probation. It's a strange word—something that happens to other kids, to delinquents, not to kids like him. And yet, he is under house arrest for the next year. He must check in weekly with a probation officer and a therapist, and keep a journal for an entire year. And mostly, he has to stay out of trouble. But when he must take drastic measures to help his struggling family, staying out of trouble proves more difficult than Timothy ever thought it would be. By turns touching and funny, and always original, *House Arrest* is a middle grade novel in verse about one boy's path to redemption as he navigates life with a sick brother, a grieving mother, and one tough probation officer. “This gripping novel in verse evokes a wide variety of emotional responses, as it is serious and funny, thrilling and touching, sweet and snarky.” —School Library Journal “Touches of humor lighten the mood, and Holt's firsthand knowledge of the subject adds depth to this poignant drama without overwhelming it.” —Publishers Weekly “Readers . . . will appreciate Holt's lessons of compassion and family above all.” —Booklist “House Arrest will hit home with young boys and girls, especially if they have ever dealt with an ill relative. The story is touching, warm, and impressive.” —Kid Lit Reviews

Trust Exercise Susan Choi,2019-04-09 WINNER OF THE 2019 NATIONAL BOOK AWARD FOR FICTION “Electrifying” (People) • “Masterly” (The Guardian) • “Dramatic and memorable” (The New Yorker) • “Magic” (TIME) • “Ingenious” (The Financial Times) • A gonzo literary performance” (Entertainment Weekly) • “Rare and splendid” (The Boston Globe) • “Remarkable” (USA Today) • “Delicious” (The New York Times) • “Book groups, meet your next selection (NPR) In an American suburb in the early 1980s, students at a highly competitive performing arts high school struggle and thrive in a rarified bubble, ambitiously pursuing music, movement, Shakespeare, and, particularly, their acting classes. When within this striving “Brotherhood of the Arts,” two freshmen, David and Sarah, fall headlong into love, their passion does not go unnoticed—or untold by anyone, especially not by their charismatic acting teacher, Mr. Kingsley. The outside world of family life and economic status, of academic pressure and of their future adult lives, fails to penetrate this school's walls—until it does, in a shocking spiral of events that catapults the action forward in time and flips the premise upside-down. What the reader believes to have happened to David and Sarah and their friends is not entirely true—though it's not false, either. It takes until the book's stunning coda for the final piece of the puzzle to fall into place—revealing truths that will resonate long after the final sentence. As captivating and tender as it is surprising, Susan Choi's *Trust Exercise* will incite heated conversations about fiction and truth, and about friendships and loyalties, and will leave readers with wiser understandings of the true capacities of adolescents and of the powers and responsibilities of adults.

Teach Your Own John Holt,1981-07 Examines the advantages and disadvantages of home education, offering advice on legal strategy, dealing with school authorities, home learning, and returning to school at a later time

How Children Learn John Holt,1995-09-04 Explores the natural learning processes of children at the pre-school and primary grade level and describes the ways in which formal education damages and impedes the child's independent ability to learn

In the Dwellings of the Wilderness Charlotte Bryson Taylor,2020-11-12 A group of American archaeologists decide to open an Ancient Egyptian tomb despite various obvious warning. What follows is a discovery of a well-preserved mummy and sinister disappearances of the workers nearby. Is the mummy alive? Who is it? What does it want? Find out in this fast-paced mummy thriller that shaped the entire genre of mummy supernatural fiction!_x000D_ Excerpt:_x000D_ The sun sank below the horizon and swiftly the world grew dark. From the men's camp came a mournful chant, subdued, and heard as from far away, and the measured thump of a drum. At intervals a donkey raised his voice, after the manner of a saw-shrieking its way through wood. With the darkness came the stars, leaping into the black arch of heaven, great and of a number beyond all counting; the night-wind turned the heat of the day to sudden coolness, sweeping softly among the ruins. The mounds of earth, softened in outline by the darkness, loomed vast and shadowlike, melting into the sombre mystery of the night. Mingled with the chant of the natives and the occasional hee-haw of the donkeys was the fretful bleating of goats, destined for the masters' food. Around the jutting earthwork a faint gleam of light shone from the overseer's fire. Over all the night brooded, swallowing sound and motion in its immensity.

Made in Korea #1 (of 6) Jeremy Holt,2021-05-26 A QUICKSTART GUIDE FOR YOUR PROXY STEP 1: Remove box. STEP 2: Power on. STEP 3: Raise your child. Teach Your Own John Holt,Pat Farenga,2021-09-28 The classic guide to teaching children at home for a new generation of homeschooling parents In 2019, there were more than two million children being homeschooled. That number doubled during the pandemic and is now likely to continue increasing as more parents worry that school might not be the best place for their children to learn and grow. Teach Your Own helped launch the homeschooling movement; now, its timeless and revolutionary message of recognizing the ways children come to understand the world has been updated for today's environment. Parents and caregivers will discover how to navigate: Learning in a classroom versus learning in the world The difference between a learning difficulty (which we all experience every time we try to learn anything) and a learning disability. Schedules that achieve the homeschooling-work-life balance that you want as a family The relationship between learning and play Homeschooling and technology And much more. John Holt's warm understanding of children and his passionate belief in every child's ability to learn have made this book an essential resource for over forty years to homeschooling families.

Why Does the World Exist Jim Holt,2012-07-17 In this astonishing and profound work, an irreverent sleuth traces the riddle of existence from the ancient world to modern times.

The Door at the Top of the Stairs Alison Naomi Holt,2012-09-01 Undercover officer Jesse Shaunessy is kidnapped and tortured, then thrown away by her department as damaged goods. Insanity, friendship, and redemption are all possibilities dependent upon one choice, one gamble, and two determined women who must risk everything to save one lost soul.

Bevelations Bevy Smith,2021-01-12 Bevy knows what's what, and she is the kind of woman you want in your corner. If you don't believe me . . . buy the book. —Whoopi Goldberg Funny, wise, well-experienced, empathetic, colorful—Bevy brings the spirit of humanity wherever she goes. —Pharrell Williams From the host of the fabulous and popular show Bevelations on SiriusXM's Radio Andy channel, Bevy Smith's irreverent and inspiring memoir about learning to live a big, authentic, and unapologetic life—and how you can, too Bevy Smith was living what seemed like a glamorous dream as a fashion advertising executive, blazing a lucrative career for herself in the whitewashed magazine world. She jetsetted to Europe for fashion shows, dined and danced at every hot spot, and enjoyed a mighty roster of lovers. So it came as quite a shock to Bevy when one day, after arriving at her luxury hotel in Milan, she collapsed on the Frette bedsheets and sobbed. Years of rolling with the in-crowd had taken its toll. Her satisfaction with work and life had hit rock bottom. But Bevy could not be defeated, and within minutes (okay, days) she grabbed a notepad and started realizing a truer path—one built on self-reflection and, ultimately, clarity. She figured out how to redirect her life toward meaningful creativity and freedom. In her signature lively and infectious voice (there's no one like Bevy!), Bevelations candidly shares how she reclaimed her life's course and shows how we too can manifest our most bodacious dreams. From repossessing her bold childhood nature to becoming her own brand to envisioning her life's next great destination (which will feature natural hair, important charitable giving, and a midcentury house overlooking the Pacific Ocean), Bevy invites readers along on the route of her personal transformation to reveal how each of us can live our best lives with honesty, joy, and, when we're in the mood, a killer pair of shoes.

Rise of the Rocket Girls Nathalia Holt, 2016-04-05 The riveting true story of the women who launched America into space. In the 1940s and 50s, when the newly minted Jet Propulsion Laboratory needed quick-thinking mathematicians to calculate velocities and plot trajectories, they didn't turn to male graduates. Rather, they recruited an elite group of young women who, with only pencil, paper, and mathematical prowess, transformed rocket design, helped bring about the first American satellites, and made the exploration of the solar system possible. For the first time, *Rise of the Rocket Girls* tells the stories of these women -- known as human computers -- who broke the boundaries of both gender and science. Based on extensive research and interviews with all the living members of the team, *Rise of the Rocket Girls* offers a unique perspective on the role of women in science: both where we've been, and the far reaches of space to which we're heading. If *Hidden Figures* has you itching to learn more about the women who worked in the space program, pick up Nathalia Holt's lively, immensely readable history, *Rise of the Rocket Girls*. -- Entertainment Weekly

Expecting Someone Taller Tom Holt, 2012-09-04 All Malcolm Fisher did was run over a badger. Unfortunately the badger turned out to be Ingolf, last of the giants. With his dying breath he reluctantly gave Malcolm two gifts of power and made him ruler of the world.

Golden Heart Parade Joseph Holt, 2021-09-01 Raw, dark, and surprisingly funny...there's so much precision and verve in these stories; I was captivated the entire way through. - Carmen Maria Machado The misfits and mavericks in this award-winning story collection shuffle their feet to a soundtrack of rumble strips and twangy AM radio. Here, the underdog is king and the outsiders are storming the gates. A plucky daughter defends her father by swinging a paint can like a mace, teenage renegades sow terror on the highway by throwing cups of root beer, and an out-of-work lawyer steamrolls his way through a recreational sports league. For these loners and screwballs, the path to redemption is often twisted, heartfelt, and humorous. These stories will take you from the karaoke bar to the natural foods co-op, from a city-league broomball game to a broken-down camper in the woods. In lush and lucid prose, Holt explores emotional landscapes that reflect the vast terrain of America's heartland. Woven throughout is a series of flash-fiction parables, which narrate a journey both exotic and existential. So pull up a seat among this motley crew of barflies, road workers, and art school dropouts, and you might later find yourself retelling their stories as your own.

The Conscience of Dr. Holt Austin Clare, 1908

Black Over White Thomas Holt, 1979 In this prize-winning book Thomas Holt is concerned not only with the identities of the black politicians who gained power in South Carolina during Reconstruction, but also with the question of how they functioned within the political system. Thus, as one reviewer has commented, he penetrates the superficial preoccupations over whether black politicians were venal or gullible to see whether they wielded power and influence and, if they did, how and to what ends and against what obstacles. Well crafted and well written, it not only broadens our knowledge of the period, but also deepens it, something that recent books on Reconstruction have too often failed to do. -- Michael Perman, *American Historical Review*. . . . a valuable study of post-Civil War black leaders in a state where Negro control came closest to realization during Reconstruction. . . . Effectively merging the techniques of quantitative analysis with those of narrative history, Holt shatters a number of myths and misconceptions. . . . It should be on the reading list of all students of Reconstruction and nineteenth-century black history. -- William C. Harris, *Journal of Southern History* Holt presents his work modestly as a state study of reconstruction politics. But this should not obscure a significant intellectual achievement and a contribution of fundamental importance, demonstrating the value of social-class analysis in understanding the politics of the black community. -- Jonathan M. Wiener, *Journal of American History*.

Odds and Gods Tom Holt, 2012-09-04 This is a comedy set in the Sunnyvoyde Residential Home. Wagner got it wrong. The Twilight of the Gods isn't really that cataclysmic. After all, there's a comfy chair, a welcoming fire and three meals a day.

In the Valley of the Kings Terrence Holt, 2010-08-24 Stories that range from outer space to the Egyptian desert.
