Ishiro Honda Steve Ryfle, 2018-04-10 "An appreciation of Japanese fantasy-film history through the eyes of a filmmaker whose name is obscure but populism remains influential." -Chicago Tribune Ishiro Honda, arguably the most internationally successful Japanese director of his generation, made an unmatched succession of science fiction films that were commercial hits worldwide. From the atomic allegory of Godzilla and the beguiling charms of Mothra to the tragic mystery of Matango and the disaster and spectacle of Rodan, The Mysterians, King Kong vs. Godzilla, Honda's films reflected postwar Japan's anxieties and incorporated fantastical special effects, a formula that created an enduring pop culture phenomenon. Now, in the first full account of this overlooked director's life and career, Steve Ryfle and Ed Godziszewski shed new light on Honda's work and the experiences that shaped it—including his days as a reluctant Japanese soldier, witnessing the aftermath of Hiroshima, and his lifelong friendship with Akira Kurosawa. The book features close analysis of Honda's films (including, for the first time, his rarely seen dramas, comedies, and war films) and draws on previously untapped documents and interviews to explore how creative, economic, and industrial factors impacted his career. Fans of Godzilla and tokusatsu (special effects) film, and of Japanese film in general, will welcome this in-depth study of a highly influential director who occupies a uniquely important position in science fiction and fantasy cinema, as well as world cinema. "Provides the reader with a lasting sense of the man—his temperament, values, philosophies, dreams, and disappointments?behind some of cinema's most beloved characters." -Film Comment

Sources of Japanese Tradition Wm. Theodore De Bary, Carol Gluck, Arthur Tiedemann, 2005-04-13 Since it was first published more than forty years ago, *Sources of Japanese Tradition*, Volume 2, has been considered the

authoritative sourcebook for readers and scholars interested in Japan from the eighteenth century to the post-World War II period. Now greatly expanded to include the entire twentieth century, and beginning in 1600, *Sources of Japanese Tradition* presents writings from modern Japan's most important philosophers, religious figures, writers, and political leaders. The volume also offers extensive introductory essays and commentary to assist in understanding the documents' historical setting and significance. Wonderfully varied in its selections, this eagerly anticipated expanded edition has revised many of the texts from the original edition and added a great many not included or translated before. New additions include documents on the postwar era, the importance of education in the process of modernization, and women's issues. Beginning with documents from the founding of the Tokugawa shogunate, the collection's essays, manifestos, religious tracts, political documents, and memoirs reflect major Japanese religious, philosophical, social, and political movements. Subjects covered include the spread of neo-Confucian and Buddhist teachings, Japanese poetry and aesthetics, and the Meiji Restoration. Other documents reflect the major political trends and events of the period: the abolition of feudalism, agrarian reform, the emergence of political parties and liberalism, and the Sino-Japanese and Russo-Japanese wars. The collection also includes Western and Japanese impressions of each other via Western religious missions and commercial and cultural exchanges. These selections underscore Japanese and Western apprehension of and fascination with each other. As Japan entered the twentieth century, new political and social movements-Marxism, anarchism, socialism, feminism, and nationalism-entered the national consciousness. Later readings in the collection look at the buildup to war with the United

States, military defeat, and American occupation. Documents from the postwar period echo Japan's struggle with its own history and its development as a capitalist democracy.

The Samurai Castle Master Chris Glenn, 2023-01-31 When the samurai warlord and respected castle architect Todo Takatora died in 1630, the funeral

attendants responsible for preparing his body were shocked to note that there was not a single part of his body not scarred or disfigured by sword, spear, glaive or matchlock gun wound. Todo Takatora lived a life that unfolds like a drama. Born to a small landholding samurai family, the maverick youth worked his way to the top, becoming one of the most successful of daimyo warlords. He had served on the front lines of some of the most violent of battles, turning points that forged the nation. In a land and time in which loyalty was held dear, he changed his allegiances a record seven times, serving a record ten lords, more than any other samurai in history. Because of this, he has long been held in contempt by the Japanese. Standing 6 feet tall in a time when the average Japanese man stood between 5 and 5 1/2 feet, Todo Takatora was a giant among men. He died aged 74, when the normal life span was around 50. He was also the finest, most innovative of castle architects, responsible for the design and construction of over 30 of the strongest, most innovative Japanese castles and structures, and influencing samurai castle construction across Japan. In explaining his life, his reasons for having served so many lords, his achievements in battle and in castle design, his political and personal ideals and how these attributes were shaped during the course of his adventurous life, this book will reveal the man, and show why Takatora deserves the epithet of National Hero. In this fascinating biography, the first ever published in the English language, Chris Glenn explores Todo Takatora's remarkable, and influential, life, the battles he fought in, the political intrigues he was part of, as well as detailing the magnificent castles he built.

Death and Social Order in Tokugawa Japan Nam-lin Hur, 2020-03-23 Buddhism was a fact of life and death during the Tokugawa period (1600-1868): every household was expected to be affiliated with a Buddhist temple, and every citizen had to be given a Buddhist funeral. The enduring relationship between temples and their affiliated households gave rise to the danka system of funerary patronage. This private custom became a public institution when the Tokugawa shogunate discovered an effective means by which to control the populace and prevent the spread of ideologies potentially dangerous to its power—especially Christianity. Despite its lack of legal status, the danka system was applied to the entire population without exception; it became for the government a potent tool of social order and for the Buddhist establishment a practical way to ensure its survival within the socioeconomic context of early modern Japan. In this study, Nam-lin Hur follows the historical development of the danka system and details the intricate interplay of social forces, political concerns, and religious beliefs that drove this “economy of death” and buttressed the Tokugawa governing system. With meticulous research and careful analysis, Hur demonstrates how Buddhist death left its mark firmly upon the world of the Tokugawa Japanese.

La croix et l'épée Otohiko Kaga, 2016-09-16 Vivre pour le shogun ou mourir pour le Christ ? En 1587, au Japon, le shogun Hideyoshi Toyotomi ordonne l'expulsion des pères jésuites missionnaires. Alors que de nombreux daimyo les seigneurs féodaux japonais font allégeance au shogun et du même coup abjurent le catholicisme, l'un d'eux, Justo Ukon Takayama refuse de renoncer à sa foi. Après la mort de Hiyedoshi, trois édits antichrétiens confirment que le grand roi Ieyasu est également contre cette nouvelle religion. Entre roman historique et méditation, Otohiko Kaga mêle fidélité d'historien et mise en scène de personnages de l'époque pour nous faire revivre les débuts du christianisme au Japon durant la seconde moitié du XVI^e siècle. Suivons ce samouraï chrétien des premiers temps, bientôt béatifié par le pape François, qui contre vents et marées a combattu pour sa foi jusqu'à l'exil. Une grande épopée.
