

# Hong Kong

Bruce Herschensohn

Hong Kong Michael Anthony Ingham,2007 Explores the culture and history of Hong Kong.

Hong Kong Ching Kwan Lee,2022-09-08 How did Hong Kong transform itself from a 'shoppers' and capitalists' paradise' into a 'city of protests' at the frontline of a global anti-China backlash? CK Lee situates the post-1997 China–Hong Kong contestation in the broader context of 'global China.' Beijing deploys a bundle of power mechanisms – economic statecraft, patron-clientelism, and symbolic domination – around the world, including Hong Kong. This Chinese power project triggers a variety of countermovements from Asia to Africa, ranging from acquiescence and adaptation to appropriation and resistance. In Hong Kong, reactions against the totality of Chinese power have taken the form of eventful protests, which, over two decades, have broadened into a momentous decolonization struggle. More than an ideological conflict between a liberal capitalist democratizing city and its Communist authoritarian sovereign, the Hong Kong story, stunning and singular in its many peculiarities, offers lessons about China as a global force. This title is also available as Open Access on Cambridge Core.

**A Borrowed Place** Frank Welsh,1993 About the history of Hong Kong from ancient times until 1993.

**The Government and Politics of Hong Kong** Norman Miners,1995 This work describes the Hong Kong government and its underlying politics. It will be of interest to students of Asian studies, history, political science, law and public administration

*A Modern History of Hong Kong* Steve Tsang,2003-12-31 This major history of Hong Kong tells the remarkable story of how a cluster of remote fishing villages grew into an icon of capitalism. The story began in 1842 with the founding of the Crown Colony after the First Anglo-Chinese war - the original 'Opium War'. As premier power in Europe and an expansionist empire, Britain first created in Hong Kong a major naval station and the principal base to open the Celestial Chinese Empire to trade. Working in parallel with the locals, the British built it up to become a focus for investment in the region and an international centre with global shipping, banking and financial interests. Yet by far the most momentous change in the history of this prosperous, capitalist colony was its return in 1997 to 'Mother China', the most powerful Communist state in the world.

**Made in Hong Kong** Peter E. Hamilton,2021-01-05 Between 1949 and 1997, Hong Kong transformed from a struggling British colonial outpost into a global financial capital. Made in Hong Kong delivers a new narrative of this metamorphosis, revealing Hong Kong both as a critical engine in the expansion and remaking of postwar global capitalism and as the linchpin of Sino-U.S. trade since the 1970s. Peter E. Hamilton explores the role of an overlooked transnational Chinese elite who fled to Hong Kong amid war and revolution. Despite losing material possessions, these industrialists, bankers, academics, and other professionals retained crucial connections to the United States. They used these relationships to enmesh themselves and Hong Kong with the U.S. through commercial ties and higher education. By the 1960s, Hong Kong had become a manufacturing powerhouse supplying American consumers, and by the 1970s it was the world's largest sender of foreign students to American colleges and universities. Hong Kong's reorientation toward U.S. international leadership enabled its transplanted Chinese elites to benefit from expanding American influence in Asia and positioned them to act as shepherds to China's reengagement with global capitalism. After China's reforms accelerated under Deng Xiaoping, Hong Kong became a crucial node for China's export-driven development, connecting Chinese labor with the U.S. market. Analyzing untapped archival sources from around the world, this book demonstrates why we cannot understand postwar globalization, China's economic rise, or today's Sino-U.S. trade relationship without centering Hong Kong.

**The Hong Kong Basic Law** Ming K. Chan,David J. Clark,1991-01-01 Analyses how China's socialist legal principles are incorporated into the Basic Law, and examines the conflicts in the drafting process between maintaining China's control and achieving genuine democracy and autonomy..

**Hong Kong in Chinese History** Jung-fang Tsai,1993 This historical study traces unrest and social transformation in Hong Kong and explores how merchants, the intelligentsia and labourers played important roles in China's social and political movements from the mid-19th century until the first years of the Chinese Republic.

**A Concise History of Hong Kong** John M. Carroll,2007-06-07 When the British occupied the tiny island of Hong Kong during the First Opium War, the Chinese empire was well into its decline, while Great Britain was already in the second decade of its legendary Imperial Century. From this collision of empires arose a city that continues to intrigue observers. Melding Chinese and Western influences, Hong Kong has long defied easy categorization. John M. Carroll's engrossing and accessible narrative explores the remarkable history of Hong Kong from the early 1800s through the post-1997 handover, when this former colony became a Special Administrative Region of the People's Republic of China. The book explores Hong Kong as a place with a unique identity, yet also a crossroads where Chinese history, British colonial history, and world history intersect. Carroll concludes by exploring the legacies of colonial rule, the consequences of Hong Kong's reintegration with China, and significant developments and challenges since 1997.

A Profile of Hong Kong Bruce Herschensohn,2022-04-05 A Profile of Hong Kong provides a detailed history of colonialism in Hong Kong that still reverberates today. Despite this tumultuous history, there are many things that make Hong Kong special and worth fighting for. For over 100 years, the Hong Kong people have been fighting for liberty despite the constant oppression from other countries. Bruce Herschensohn shows how years of riots and protests demonstrate the resilience of the Hong Kong people and the determination to make their country belong to them. With compelling firsthand accounts, A Profile of Hong Kong explores the history of this political entity from a 99-year treaty to the handover to the recent powerful protests for liberty. Herschensohn emphasizes the irony of the Chinese government coming to Hong Kong, the majority of whose people had fled from that same government, and how these very people are once again facing oppression from this repressive government.Herschensohn includes through descriptions of the changes for Hong Kong people that were put into place 100 years ago as well as descriptions of major international figures in the complicated history of Hong Kong. While there are large effects of other countries on Hong Kong, Hong Kong has also had effects on other countries. "Once you have visited Hong Kong. it would never stop visiting you."

**Making Hong Kong China** Michael Davis,2020-10 How can one of the world's most free-wheeling cities transition from a vibrant global center of culture and finance into a subject of authoritarian control?As Beijing's anxious interference has grown, the one country, two systems model China promised Hong Kong has slowly drained away in the yearssince the 1997 handover. As one country seemed set to gobble up two systems, the people of Hong Kong riveted the world's attention in 2019 by

defiantly demanding the autonomy, rule of law and basic freedoms they were promised. In 2020, the new National Security Law imposed by Beijing aimed to snuff out such resistance. Will the Hong Kong so deeply held in the people's identity and the world's imagination be lost? Professor Michael Davis, who has taught human rights and constitutional law in this city for over three decades, and has been one of its closest observers, takes us on this constitutional journey.

*Colonial Hong Kong and Modern China* Pui-tak Lee, 2005-09-01 Essays examine the relationship between Hong Kong and China.

**The First Decade** Yue-man Yeung, 2007 Many people have doubts about the return of sovereignty over Hong Kong to China in 1997. They were not optimistic about the one country, two systems formula. How should Hong Kong be judged as a Special Administrative Region within China in the first decade of its existence? This book has set out to answer this question. Renowned scholars from outside Hong Kong, largely from countries with close links to Hong Kong's handover or other links, have addressed this question from their perspectives. These views are supplemented by introspective reviews by Hong Kong academics, who examine different sectors that have undergone important changes during this period. It is a major contribution to the study of Hong Kong after its return to the motherland.

*Hong Kong's History* Tak-Wing Ngo, 1999 Drawing together contributions from historians, sociologists and political scientists the book highlights the role played by a variety of social actors in Hong Kong's history.

*Voices from the Past* Solomon Bard, 2002-01-01 Through excerpts from the earliest English language newspapers in Hong Kong, accompanied by Solomon Bard's insightful comments, *Voices From the Past* provides unique glimpses into Hong Kong's history. Illustrated with interesting photographs, chiefly from the Hong Kong Museum of History's photographic library, the pages bring Hong Kong's colonial past vividly to life. The newspaper excerpts, in chronological order, are faithful to the original text, reproducing its quaint prose and spelling and even occasional errors. Focusing mainly on Hong Kong, the excerpts also touch on Macao, mainland China and the rest of the world. They reflect the changes over the years in language, style of writing, even in humour. Of special interest are the public responses to the many inventions which today we take for granted, such as electric lighting, the motor car, or the first attempts at flying. Most importantly, they reveal the gradual changes in Hong Kong's colonial attitudes as these slowly adjust to the new contemporary values and social and political changes.

*Hong Kong* Alan Birch, 1991 Tells the tale of an historical ambiguity. The Colony That Never Was can be read as shorthand for all the political anomalies, constitutional complexities and geographical surprises that make the story of Hong Kong unique.

*Hong Kong as an International Financial Centre* Dr Catherine Schenk, 2002-01-04 Based on previously unpublished archival records, this book studies the origins of Hong Kong's post war rise to global prominence. It explores the expansion of the gold market, stock market, banking system, foreign exchange market, and insurance in the years 1945-1965. This book makes a significant contribution to our understanding of the development of Hong Kong, the impact of financial regulation and, more broadly, the role of financial centres in the international economy in the post war period.

*Hong Kong in the Shadow of China* Richard C. Bush, 2016-10-11 A close-up look at the struggle for democracy in Hong Kong. *Hong Kong in the Shadow of China* is a reflection on the recent political turmoil in Hong Kong during which the Chinese government insisted on gradual movement toward electoral democracy and hundreds of thousands of protesters occupied major thoroughfares to push for full democracy now. Fueling this struggle is deep public resentment over growing inequality and how the political system—established by China and dominated by the local business community—reinforces the divide between those who have profited immensely and those who struggle for basics such as housing. Richard Bush, director of the Brookings Institution's Center on East Asia Policy Studies, takes us inside the demonstrations and the demands of the demonstrators and then pulls back to critically explore what Hong Kong and China must do to ensure both economic competitiveness and good governance and the implications of Hong Kong developments for United States policy.

*Fortune's Bazaar* Vaudine England, 2023-05-16 A timely, well-researched, and "illuminating" (The New York Times Book Review) new history of Hong Kong that reveals the untold stories of the diverse peoples who have made it a multicultural world metropolis—and whose freedoms are endangered today. Hong Kong has always been many cities to many people: a seaport, a gateway to an empire, a place where fortunes can be dramatically made or lost, a place to disappear and reinvent oneself, and a melting pot of diverse populations from around the globe. A British Crown Colony for 155 years, Hong Kong is now ruled by the Chinese Communist Party. Here, renowned journalist Vaudine England delves into Hong Kong's complex history and its people—diverse, multi-cultural, cosmopolitan—who have made this one-time fishing village into the world port city it is today. Rather than a traditional history describing a town led by British Governors or a mere offshoot of a collapsing Chinese empire, *Fortune's Bazaar* is "a winning portrait of Hong Kong's vibrant mosaic" (Publishers Weekly). While British traders and Asian merchants had long been busy in the Indian and South East Asian seas, many people from different cultures and ethnic backgrounds arrived in Hong Kong, met, and married—despite all taboos—and created a distinct community. Many of Hong Kong's most influential figures during its first century as a city were neither British nor Chinese—they were Malay or Indian, Jewish or Armenian, Parsi or Portuguese, Eurasian or Chindian—or simply, Hong Kongers. England describes those overlooked in history, including the opium traders who built synagogues and churches; ship owners carrying gold-rush migrants; the half-Dutch, half-Chinese gentleman with two wives who was knighted by Queen Victoria; and the gardeners who settled Kowloon, the mainland peninsula facing the island of Hong Kong, and became millionaires. A story of empire, race, and sex, *Fortune's Bazaar* presents a "fresh...essential" (Ian Buruma), "formidable and important" (The Correspondent) history of a special place—a unique city made by diverse people of the world, whose part in its creation has never been properly told until now.

**Hong Kong in China** Gungwu Wang, John Wong, 1999 The dramatic handover of Hong Kong to the People's Republic of China on July 1, 1997, amid much tension and speculation, closes one significant colonial chapter in Asia. At the same time, it also sets the stage for new political and economic possibilities with China closely involved with a key financial center in Asia. *Hong Kong in China* comprises a collection of papers evaluating the situation in Hong Kong SAR over the last two years. The handing over of Hong Kong to China presents a challenge to the legal system which is intrinsically and delicately linked to the political vision of one country, two systems. While politicians and legalists seek to work out the model, the people of Hong Kong confront the dilemma of an identity crisis, on top of the contentious social problems presented by the immigration of Chinese mainlanders.

This is likewise one of the factors by obtaining the soft documents of this **Hong Kong** by online. You might not require more era to spend to go to the ebook initiation as with ease as search for them. In some cases, you likewise accomplish not discover the notice Hong Kong that you are looking for. It will enormously squander the time.

However below, past you visit this web page, it will be consequently unquestionably simple to get as capably as download guide Hong Kong

It will not take many epoch as we tell before. You can reach it while measure something else at house and even in your workplace. so easy! So, are you question? Just exercise just what we have the funds for below as skillfully as evaluation **Hong Kong** what you gone to read!

## Hong Kong Introduction

In the digital age, access to information has become easier than ever before. The ability to download Hong Kong has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Hong Kong has opened up a world of possibilities. Downloading Hong Kong provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Hong Kong has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Hong Kong. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Hong Kong. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical

downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Hong Kong, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Hong Kong has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### FAQs About Hong Kong Books

1. Where can I buy Hong Kong books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Hong Kong book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
