Paperbacks from Hell Grady Hendrix, 2017-09-19 An affectionate, nostalgic, and unflinchingly funny celebration of the horror fiction boom of the 1970s and '80s Take a tour through the horror paperback novels of two iconic decades . . . if you dare. Page through dozens and dozens of amazing book covers featuring well-dressed skeletons, evil dolls, and knife-wielding killer crabs! Read shocking plot summaries that invoke devil worship, satanic children, and haunted real estate! Horror author and vintage paperback book collector Grady Hendrix offers killer commentary and witty insight on these trashy thrillers that tried so hard to be the next Exorcist or Rosemary's Baby. Complete with story summaries and artist and author profiles, this unforgettable volume dishes on familiar authors like V. C. Andrews and R. L. Stine, plus many more who've faded into obscurity. Also included are recommendations for which of these forgotten treasures are well worth your reading time and which should stay buried.

Horror and the Horror Film Bruce F. Kewin, 2012 Horror films can be profound fables of human nature and important works of art, yet many people dismiss them out of hand. 'Horror and the Horror Film' conveys a mature appreciation for horror films along with a comprehensive view of their narrative strategies, their relations to reality and fantasy and their cinematic power. The volume covers the horror film and its subgenres - such as the vampire movie - from 1896 to the present. It covers the entire genre by considering every kind of monster in it, including the human.

A History of Horror Wheeler W. Dixon, 2010 Ever since horror leapt from popular fiction to the silver screen in the late 1890s, viewers have experienced fear and pleasure in exquisite combination. A History of Horror,

with rare stills from classic films, is the only book to offer a comprehensive survey of this ever-popular film genre. Chronologically examining over fifty horror films from key periods, this one-stop sourcebook unearths the historical origins of legendary characters and explores how the genre fits into the Hollywood studio system and how its enormous success in American and European culture expanded globally over time.

The Horror Film Stephen Prince, 2004-02-09 In this volume, Stephen Prince has collected essays reviewing the history of the horror film and the psychological reasons for its persistent appeal, as well as discussions of the developmental responses of young adult viewers and children to the genre. The book focuses on recent postmodern examples such as The Blair Witch Project. In a daring move, the volume also examines Holocaust films in relation to horror. Part One features essays on the silent and classical Hollywood eras. Part Two covers the postWorld War II era and discusses the historical, aesthetic, and psychological characteristics of contemporary horror films. In contrast to horror during the classical Hollywood period, contemporary horror features more graphic and prolonged visualizations of disturbing and horrific imagery, as well as other distinguishing characteristics. Prince's introduction provides an overview of the genre, contextualizing the readings that follow. Stephen Prince is professor of communications at Virginia Tech. He has written many film books, including Classical Film Violence: Designing and Regulating Brutality in Hollywood Cinema, 1930-1968, and has edited Screening Violence, also in the Depth of Field Series.

Horror Brigid Cherry, 2009-02-09 Horror cinema is a hugely successful, but at the same time culturally illicit genre that spans the history of cinema. It continues to flourish with recent cycles of supernatural horror and torture porn that span the full range of horror styles and aesthetics. It is enjoyed by audiences everywhere, but also seen as a malign influence by others. In this Routledge Film Guidebook, audience researcher and film scholar Brigid Cherry provides a comprehensive overview of the horror film and explores how the genre works. Examining the way horror films create images of gore and the uncanny through film technology and effects, Cherry provides an account of the way cinematic and stylistic devices create responses of terror and disgust in the viewer. Horror examines the way these films construct psychological and cognitive responses and how they speak to

audiences on an intimate personal level, addressing their innermost fears and desires. Cherry further explores the role of horror cinema in society and culture, looking at how it represents various identity groups and engages with social anxieties, and examining the way horror sees, and is seen by, society.

My Favorite Horror Movie Christian Ackerman, 2018-05-22 *My Favorite Horror Movie* is a ghoulish celebration of how a singular horror film can inspire someone to find their identity and artistic spirit. Featuring legends of horror with some of the most prolific and unique new voices in the genre such as Felissa Rose, Cerina Vincent, Tony Timpone, Jeffrey Reddick, Dave Parker, Rolfe Kanefsky, Ryan Lambert and Michael Gingold, *My Favorite Horror Movie* is an intimate glimpse into the development of their horror-obsessed minds.

Horror Noire Robin R. Means Coleman, 2013-03 From King Kong to Candyman, the boundary-pushing genre of the horror film has always been a site for provocative explorations of race in American popular culture. In *Horror Noire: Blacks in American Horror Films from 1890's to Present*, Robin R. Means Coleman traces the history of notable characterizations of blackness in horror cinema, and examines key levels of black participation on screen and behind the camera. She argues that horror offers a representational space for black people to challenge the more negative, or racist, images seen in other media outlets, and to portray greater diversity within the concept of blackness itself. *Horror Noire* presents a unique social history of blacks in America through changing images in horror films. Throughout the text, the reader is encouraged to unpack the genre's racialized imagery, as well as the narratives that make up popular culture's commentary on race. Offering a comprehensive chronological survey of the genre, this book addresses a full

range of black horror films, including mainstream Hollywood fare, as well as art-house films, Blaxploitation films, direct-to-DVD films, and the emerging U.S./hip-hop culture-inspired Nigerian Nollywood Black horror films. *Horror Noire* is, thus, essential reading for anyone seeking to understand how fears and anxieties about race and race relations are made manifest, and often challenged, on the silver screen.

Horror Films of the 1970s John Kenneth Muir, 2012-11-22 The seventies were a decade of groundbreaking horror films: *The Exorcist*, *Carrie*, and *Halloween* were three. This detailed filmography covers these and 225 more. Section One provides an introduction and a brief history of the decade. Beginning with 1970 and proceeding chronologically by year of its release in the United States, Section Two offers an entry for each film. Each entry includes several categories of information: Critical Reception (sampling both '70s and later reviews), Cast and Credits, P.O.V., (quoting a person pertinent to that film's production), Synopsis (summarizing the film's story), Commentary (analyzing the film from Muir's perspective), Legacy (noting the rank of especially worthy '70s films in the horror pantheon of decades following). Section Three contains a conclusion and these five appendices: horror film clichés of the 1970s, frequently appearing performers, memorable movie ads, recommended films that illustrate how 1970s horror films continue to impact the industry, and the 15 best genre films of the decade as chosen by Muir.

horrors, and offers a history that draws parallels between current events and the nightmares unfolding on cinema screens. Each of the 300 films is discussed with detailed credits, a brief synopsis, a critical commentary, and where applicable, notes on the film's legacy beyond the 80s. Also included is the author's ranking of the 15 best horror films of the 80s.

Each month has a different theme and offers a variety of films within that theme for your viewing enjoyment. And they're not the ones you've seen

Horror Film Murray Leeder, 2018-01-25 Throughout the history of cinema, horror has proven to be a genre of consistent popularity, which adapts to different cultural contexts while retaining a recognizable core. Horror Film: A Critical Introduction, the newest in Bloomsbury's Film Genre series, balances the discussions of horror's history, theory, and aesthetics as no introductory book ever has. Featuring studies of films both obscure and famous, Horror Film is international in its scope and chronicles horror from its silent roots until today. As a straightforward and convenient critical introduction to the history and key academic approaches, this book is accessible to the beginner but still of interest to the expert.

Horror Film and Otherness Adam Lowenstein, 2022-07-19 What do horror films reveal about social difference in the everyday world? Criticism of the genre often relies on a dichotomy between monstrosity and normality, in which unearthly creatures and deranged killers are metaphors for society's fear of the "others" that threaten the "normal." The monstrous other might represent women, Jews, or Blacks, as well as Indigenous, queer, poor, elderly, or disabled people. The horror film's depiction of such minorities can be sympathetic to their exclusion or complicit in their oppression, but ultimately, these images are understood to stand in for the others that the majority dreads and marginalizes. Adam Lowenstein offers a new account of horror and why it matters for understanding social otherness. He argues that horror films reveal how the category of the other is not fixed. Instead, the genre captures ongoing metamorphoses across "normal" self and "monstrous"

other. This “transformative otherness” confronts viewers with the other’s experience—and challenges us to recognize that we are all vulnerable to becoming or being seen as the other. Instead of settling into comforting certainties regarding monstrosity and normality, horror exposes the ongoing struggle to acknowledge self and other as fundamentally intertwined. Horror Film and Otherness features new interpretations of landmark films by directors including Tobe Hooper, George A. Romero, John Carpenter, David Cronenberg, Stephanie Rothman, Jennifer Kent, Marina de Van, and Jordan Peele. Through close analysis of their engagement with different forms of otherness, this book provides new perspectives on horror’s significance for culture, politics, and art.

Behind the Horror Dr. Lee Mellor, 2020-07-28 Uncover the twisted tales that inspired the big screen's greatest screams. Which case of demonic possession inspired The Exorcist? What horrifying front-page story generated the idea for A Nightmare on Elm Street? Which film was based on the infamous skin-wearing murderer Ed Gein? Unearth the terrifying and true tales behind some of the scariest Horror movies to ever haunt our screens, including the Enfield poltergeist case that was retold in The Conjuring 2 and the serial killers who inspired Hannibal Lecter in The Silence of the Lambs. Behind the Horror dissects these and other bizarre tales to reveal haunting real-life stories of abduction, disappearance, murder, and exorcism.

100 American Horror Films Barry Keith Grant, 2022-03-24 [A] well-plotted survey. Total Film In 100 American Horror Films, Barry Keith Grant presents entries on 100 films from one of American cinema's longest-standing, most diverse and most popular genres, representing its rich history from the silent era - D.W. Griffith's The Avenging Conscience of 1915 - to

contemporary productions – Jordan Peele's 2017 *Get Out*. In his introduction, Grant provides an overview of the genre's history, a context for the films addressed in the individual entries, and discusses the specific relations between American culture and horror. All of the entries are informed by the question of what makes the specific film being discussed a horror film, the importance of its place within the history of the genre, and, where relevant, the film is also contextualized within specifically American culture and history. Each entry also considers the film's most salient textual features, provides important insight into its production, and offers both established and original critical insight and interpretation. The 100 films selected for inclusion represent the broadest historical range, and are drawn from every decade of American film-making, movies from major and minor studios, examples of the different types or subgenres of horror, such as psychological thriller, monster terror, gothic horror, home invasion, torture porn, and parody, as well as the different types of horror monsters, including werewolves, vampires, zombies, mummies, mutants, ghosts, and serial killers.

The Dunwich Horror H. P. Lovecraft, 2016-12-06 A classic tale of terror and grotesquerie by the original master of horror H. P. Lovecraft proclaimed his *Dunwich Horror* so fiendish that his editor at *Weird Tales* may not dare to print it. The editor, fortunately, knew a good thing when he saw it. One of the core Cthulhu stories, *The Dunwich Horror* introduces us to the grim village of Dunwich, where each member of the Whateley family is more grotesque than the other. There's the grandfather, a mad old sorcerer; Lavinia, the deformed, albino woman; and Wilbur, a disgusting specimen who reaches full manhood in less than a decade. And above all, there's the mysterious presence in the farmhouse, unseen but horrifying, which seems to

be growing . . . Wilbur tracks down an original edition of the Necronomicon and breaks into a library to steal it. But his reward eludes him: he gets caught, and the result is death by guard dog. Meanwhile, left unattended, the monster at the Whateley house keeps expanding, until the farmhouse explodes and the beast is unleashed to terrorize the poor, aggrieved village of Dunwich. As chilling today as it was upon its publication in 1929, The Dunwich Horror is a horrifying masterwork by the man Stephen King called the twentieth century's greatest practitioner of the classic horror tale.
