Young-old Deane Simpson,2015 'Young-Old' examines contemporary architectural and urban mutations that have emerged as a consequence of one of the key demographic transformations of our time: population aging. Distinguishing between different phases of old age, it identifies the group known as the Young-Old as a remarkable petri dish for experimental forms of subjectivity, collectivity, and environment. In investigating this field of latent urban and architectural novelty, 'Young-Old' asserts both the escapist and emancipatory dimensions of these practices. Richly illustrated with drawings, maps, and photographs, the volume documents phenomena ranging from the continuous, golf cart accessible urban landscapes of the world's largest retirement community in Florida and the mono-national urbanizaciones of the retirement home of Europe on Costa del Sol, to the Dutch-themed residential community at Huis Ten Bosch in the south of Japan. AUTHOR: Deane Simpson is an architect and urbanist teaching at the Royal Danish Academy School of Architecture Copenhagen and at BAS Bergen, where he is professor of architecture and urbanism. 250 illustrations

Cultural Heritage and Tourism in Japan Takamitsu Jimura,2021-08-15 This book offers a comprehensive understanding of cultural heritage in Japan and its relationship with both domestic and international tourism. Japan has witnessed an increase in tourism, with rising visitor numbers to both established destinations and lesser known sites. This has generated greater attention towards various aspects of Japanese culture, heritage and society. This book explores these diverse aspects of everyday life in Japan and their interconnections with tourism. It begins with a conceptual framework of key theories related to heritage and tourism, serving as a useful apparatus for further discussions in the following chapters. Each chapter studies a specific aspect of Japan's cultural heritage, from the history of Japan, the development of war sites, such as Hiroshima and Nagasaki, to tourist destinations, indigenous communities and their places of residence, festivals such as matsuri, to popular culture and media. Each chapter discusses a certain type of cultural heritage first in a global context and then examines it in a Japanese context, aiming to demonstrate the relation between these two different contexts. In each chapter, furthermore, how a particular kind of Japan's cultural heritage is utilised as tourism resources and how it is perceived and consumed by international and domestic tourists are discussed. Finally, the book revisits the conceptual framework to suggest future directions for cultural heritage and tourism in Japan. Written in an informative and accessible style, this book will be of interest to scholars, students and practitioners in the fields of tourism, cultural studies and heritage studies.

Covering painting, printmaking, and patronage, authors highlight the contributions of women art makers in the Netherlands, showing that women were prominent as creators in their own time and deserve to be recognized as such today.

Theme Park Landscapes Terence G. Young,Terence Young,Robert B. Riley,2002 The prevalence and influence of theming increased so dramatically during the 1990s that theme parks have become a metaphor for postmodern urban life. But few scholarly studies focus on the landscapes in theme parks. This volume's authors examine themed landscapes in Asia, Europe, and North America in response to this worldwide development.

The Bettencourt Affair Tom Sancton,2018-08-07 An NPR Best Book of 2017 Heiress to the nearly forty-billion-dollar L'Oréal fortune, Liliane Bettencourt was the world's richest woman and the fourteenth wealthiest person. But her gilded life took a dark yet fascinating turn in the past decade. At ninety-four, she was embroiled in what has been called the Bettencourt Affair, a scandal that dominated the headlines in France. Why? It's a tangled web of hidden secrets, divided loyalties, frayed relationships, and fractured families, set in the most romantic city—and involving the most glamorous industry—in the world. The Bettencourt Affair started as a family drama but quickly became a massive scandal, uncovering L'Oréal's shadowy corporate history and buried World War II secrets. From the Right Bank mansions to the Left Bank artist havens; and from the Bettencourts' servant quarters to the office of President Nicolas Sarkozy; all of Paris was shaken by the blockbuster case, the shocking reversals, and the surprising final victim. It all began when Liliane met François-Marie Banier, an artist and photographer who was, in his youth, the toast of Paris and a protégé of Salvador Dalí. Over the next two decades, Banier was given hundreds of millions of dollars in gifts, cash, and insurance policies by Liliane. What, exactly, was their relationship? It wasn't clear, least of all to Liliane's daughter and only child, Françoise, who became suspicious of Banier's motives and filed a lawsuit against him. But Banier has a far different story to tell... The Bettencourt Affair is part courtroom drama; part upstairs-downstairs tale; and part characterdriven story of a complex, fascinating family and the intruder who nearly tore it apart.

Jan van der Heyden Peter C. Sutton,Jonathan Bikker,Rijksmuseum (Netherlands),Bruce Museum of Arts and Science (Greenwich, Estados Unidos),2006-01-01 A remarkably versatile man, Jan van der Heyden (1637-1712) was the preeminent painter of cityscapes in the Netherlands and the first artist to capture all the beauty of the urban scene. Notwithstanding his achievements as an artist, Van der Heyden was even more famous in his own time as an inventor and engineer: he invented firefighting equipment that set the standard throughout Europe for two centuries, and he perfected the streetlamp. This is the first book in English devoted to Van der Heyden. It includes recent discoveries about his fascinating life and offers an introduction to his ravishing art. The book includes a general discussion of Van der Heyden's work, entries on 40 of his paintings, illustrations of about 100 of his paintings, as well as supplemental drawings and prints. Focusing mainly on the bustling city of Amsterdam, he also recorded other Dutch, Flemish, and German cities with a brilliant palette and exceptionally detailed technique. Often innovative in his composition, he was the first artist to create imaginary scenes by rearranging existing city views and known buildings.

The Cambridge Companion to the Dutch Golden Age Helmer J. Helmers,Geert H. Janssen,2018-08-31 During the seventeenth century, the Dutch Republic was transformed into a leading political power in Europe, with global trading interests. It nurtured some of the period's greatest luminaries, including Rembrandt, Vermeer, Descartes and Spinoza. Long celebrated for its religious tolerance, artistic innovation and economic modernity, the United Provinces of the Netherlands also became known for their involvement with slavery and military repression in Asia, Africa, and the Americas. This Companion provides a compelling overview of the best scholarship on this much debated era, written by a wide range of experts in the field. Unique in its balanced treatment of global, political, socio-economic, literary, artistic, religious, and intellectual history, its nineteen chapters offer an indispensable guide for anyone interested in the world of the Dutch Golden Age.

Illywhacker Peter Carey,2010-09-01 In Australian slang, an illywhacker is a country fair con man, an unprincipled seller of fake diamonds and dubious tonics. And Herbert Badgery, the 139-year-old narrator of Peter Carey's uproarious novel, may be the king of them all. Vagabond and charlatan, aviator and car salesman, seducer and patriarch, Badgery is a walking embodiment of the Australian national character—especially of its

proclivity for tall stories and barefaced lies. As Carey follows this charming scoundrel across a continent and a century, he creates a crazy quilt of outlandish encounters, with characters that include a genteel dowager who fends off madness with an electric belt and a ravishing young girl with a dangerous fondness for rooftop trysts. Boldly inventive, irresistibly odd, Illywhacker is further proof that Peter Carey is one of the most enchanting writers at work in any hemisphere.

Intercultural Organizational Communication Lisbeth Clausen,2006 This book addresses cross-cultural issues in business communication between corporate headquarters in Denmark and subsidiaries and alliance partners in Japan. Japan is an important and interesting market for Danish companies, as it is a highly profitable one and the quality expectations of Japanese consumers mean that products accepted in Japan are quality-stamped worldwide. Experience in the Japanese market also provides an advantageous stepping stone with respect to the rapidly developing Chinese market. Nevertheless, cultural issues and the complexities of penetrating the Japanese market provide substantial challenges for Danish companies. This book presents and analyzes the cultural lessons learned from the perspective of both Danish headquarters and their Japanese subsidiaries and alliance partners. The book is targeted at bachelor, master and MBA students in cross-cultural communication and management. Business professionals will also find inspiration and interesting insights applicable to their own organizations concerning the management of cross-cultural communication between headquarters and subsidiary/alliances.

The Learned Eye Marieke van den Doel,2005 The 'learned eye' or oculus eruditus was a concept used by seventeenth-century writers on painting. It illustrated their view that the ideal artist was not only skilled in painting techniques, but also had knowledge of the history of art and an interest i.

Jordaens and the Antique Joost vander Auwera,Irene Schaudies,Koenraad Brosens,Musées royaux des beaux-arts de Belgique,Museumslandschaft Hessen Kassel,2012 Jacob Jordaens (1593-1678) was a Flemish Baroque painter whose work has largely been overshadowed by his contemporaries Peter Paul Rubens and Anthony van Dyck. Providing new insight on the artist as well as art historical context for his works, Jacob Jordaens and Antiquity emphasizes his strategic intelligence with respect to imagery and the art market and challenges the common characterization of Jordaens as a bourgeois artist of genre scenes. Jordaens's work is examined as an example of classical culture being introduced into the commercial and intellectual life of Antwerp. He was an artist with an unusual talent for conveying imagery from classical literature, ranging from Satyr and Peasant to Diogenes Searching for an Honest Man. Focusing on the theme of antiquity, this volume features eighty paintings, drawings, tapestries, and sculptures from private collections and major museums, including the Museo Nacional del Prado in Spain and the Statens Museum for Kunst in Denmark.--Publisher's website.
