**Milkin' Hunny** Veda Dalsette,2019-01-12 Two original stories inspired by classic cinema. If you liked the movie, you'll love its Cinspiration. MILKIN' HUNNY was inspired by the 1962 film It's Only Money starring Jerry Lewis and Joan O'Brien. April Fools' Day, 1961, leaves TV repairman Gil Hunny Hunnicutt stiffed on a service call, and he'll be damned if doesn't get paid. His mission nearly kills him at the gun-toting hands of a crazy lady, not the only crazy lady to pull a gun on him. While he envisions an unappealing future and has a slippery hold on a new-found love, he's still tethered to his two polar-opposite sisters and isn't sure, at his core, which of them he's more like. His wandering antenna has had a chokehold on him for much of his life, but now he's ready for love's chokehold. However, he first has to free himself from the chokehold of the Albanian Mob. His journey leads him to Judy Garland and Carnegie Hall, a hitman in drag, questionable deaths, FBI spooks, and his very own felony--courtesy of the Mob--all while juggling family demands, true love, homophobia, racism, and the curse of shadow puppet shows. Hunny learns growing up is hard, especially for an old dog used to running in circles and chasing tail.

Unfortunately, for Krete bad habits die slowly—especially if the price was right. Greed gives way to reason without regards to the impact it would have on the lives of the people in his tightknit circle. Amidst the growing chaos, Krete finds himself blessed and cursed by the love of two women, which could later prove dangerous for all involved. Many lies were told in an effort to balance the demands of multiple relationships as both worlds begin to collide. "*The Perfect Spoken English & Phonetics with the Best Concise English Grammar for Learners*" Hener Nayak,2020-07-24 ABOUT THE BOOK:- This book has been compiled concisely and written English to English. This book contains three books such as; 1. A key to the Perfect Spoken English, 2. The Perfect English Phonetics, 3. The Best Concise English Grammar & composition. Addition of three kinds of small books is finally produced as a complete book which is sub titled "A key to the Perfect Spoken English & Phonetics with the best concise English Grammar & Composition for keen learners" mostly needed not only for students of high school and college but also for keen learners. As far as I am concerned that it may be very useful up to college students and for keen learners those who do not know proper English and correct phonetics. I think this kind of book is rarely found in the market. As far as I know and hope that this kind of book might not have published before. There is no limit of level or age or class and duration for learning it; one who is eager to learn can learn at anywhere/any time/any year by having this book. This book gives you not only fundamental but also how you will be able to speak the perfect English throughout the world. It's the primary key to success. The book has been written with the sole purpose of enlightening & enriching the readers about English grammar & Phonetics with the process of spoken English which will be very useful to all those who go through it; especially to new learners to get some ideas and knowledge in English language which is mostly used in spoken in day today's life. ABOUT THE PERFECT ENGLISH PHONETICS:- Phonetics is the symbols to represent each different speech sounds, their pronunciation & script. The English language is meaningless without the phonetics; so one should know the correct sound of each word; otherwise he won't be able to get what someone speaks or expresses. This kind of book is rarely found in the market for Indian students & keen learners those who really need it. Thus I have collected the phonetics from Oxford Dictionary & different kinds of books to make you easy to get. I hope that it will help us to get what someone wants to say meaningfully. It is also very important to know because there are some words which don't sound but have to be spelt as-tsunami /tsu:'nɑ:mi/ here 't' is silent, bristle /'brɪsl/ here also 't' silent; so in this case one can't come to know all the words without studying phonetics . If one knows the phonetics perfectly then he/she can speak or write in English frankly without fearing about it & everyone gets him that what he/she says. The basic knowledge of phonetics is enough to help us to acquire correct pronunciation. If we speak phonetically; then we may not face problem in writing or speaking in any necessary action. It is the only one language by knowing one can travel all over the world where English is used as a second or a foreign language. ABOUT THE BEST CONCISE ENGLISH GRAMMAR AND COMPOSITION:- This book is written concisely in perfection from Mr.Wren & Martin'S English Grammar Book from fundamental Grammar (root level). You can extend your thoughts and examples from it to get the thorough knowledge. It is up to you whether you grow branches from your root; I mean creativity, extendable thoughts and grasping examples. The more you practice the more you get; beacue we all know that there is saying Practice makes a man perfect. It is great personal & professional satisfaction brought you by a new compilation. In our country the English language is taught as second language. This book develops communicative skills & elocution. It has been written in brief & concisely so that students can grasp quickly without taking long duration apart from their studies; especially for keen learners who don't get enough time being in their busy life & profession can give less time for learning proper English & Phonetics. I hope & i am sure that you will find English as easy if you really go through it thoroughly & put in practice giving more interest. I am hopeful that this book will be found useful mostly in our Odisha, India and in other places too; especially in India where English is used as a second or foreign language. I have been endeavored to refer writings of several authors in the form of books to bring this book out. By Hener Compiler
