Recording State Rites in Words and Images Yi Song-mi, 2024-02-20 A beautifully illustrated, interdisciplinary look at the ceremonies and protocols of the dynastic court of Joseon Korea *Recording State Rites in Words and Images* provides an engaging and in-depth exploration of the large corpus of court statutes compiled during the Joseon dynasty of Korea. The term *uigwe*, commonly translated as “royal protocols,” is the name given to the collection of nearly four thousand books that were commissioned and written to document the customs, rituals, rules, protocols, and ceremonial practices of the Joseon dynasty. In this generously illustrated book, Yi Song-mi introduces readers to the rich and varied documentary tradition embodied in the *uigwe*, sharing invaluable insights into time-honored court customs through text and images and analyzing changes in ritual practice over time. The first comprehensive study of its kind in English, *Recording State Rites in Words and Images* presents groundbreaking research that opens a window on Korean history and art and will serve as an inspiration to students, scholars, and anyone interested in topics such as dynastic customs, court artists, and bookmaking. Published in association with the P. Y. and Kinmay W. Tang Center for East Asian Art at Princeton University

Urban Planning and Development in China and Other East Asian Countries Guanzeng Zhang, Lan Wang, 2018-10-29 This book examines urban development and its role in planning in China and other Asian cities. Starting with a substantial narrative on the history, development philosophy, and urban form of ancient Asian cities, it then identifies the characteristics of urban society and different phases of development history. It then discusses urbanization patterns in China with a focus on spatial layout of the city clusters in the Yangtze River Delta since the 20th Century. Lastly, it explores institutional design and the legal system of urban planning in China and other Asian cities. As a textbook for the “Model Course in English” for international students listed by the Ministry of Education in China, it helps international researchers and students to understand urban development and planning in Asian cities.

Korean Modern: The Matter of Identity Peter G. Rowe,Yun Fu,Jihoon Song,2021-08-02 The development of modern architecture in Korea and, more recently, South Korea, is closely tied to the country's dramatic transformations since the late 19th century. The authors interrogate major periods from the Late Joseon Dynasty to the vibrant democratic present, showing how architecture, by making technological and stylistic leaps, has played a important role in the construction of the nation's identity. The architectural analyses, ranging from Hwaseong Fortress to 21st-century constructions like Paju Book City, Ssamziegil Shopping Center, the Boutique Monaco skyscraper, and the Bauzium Sculpture Museum, focus on buildings in which the formation of a specifically Korean modernism is particularly observable. The appendix includes biographical descriptions of major architectural figures.

K-architecture Lim Jinyoung,Ryoo Seong Lyong,2014-04-16 This book offers an exploration of the lesser-known aspects of this dynamically changing field, starting with a look at the paradigmatic forms of traditional architecture before moving on to examining the issues and currents that have unfolded in architecture as it developed on Korean soil in the era of postmodernism?and began to find its way into the world. By taking a historical approach with the more noteworthy developments in Korean architecture, it seeks to support a new understanding, a rediscovery, of a field in full flux.
