Hyacinth Macaw. Hyacinth Macaws As Pets. Hyacinth Macaws Pros and Cons, Care, Housing, Diet and Health Roger Rodendale,2016-07-07 These magnificent birds are the largest of the parrots but are not in the slightest bit intimidating. Hyacinth Macaws are, in fact, known for the shape of the beak that makes them look like they are sporting a mischievous grin eternally. These gentle giants are known for being super goofy and extremely affectionate pets. Like most parrots, the Hyacinth Macaw also forms very strong bonds with its owners and becomes a valuable part of the family in just a few days of its arrival. Blue Tara; Or, How Is a Hyacinth Macaw Parrot Like a Tibetan Goddess? Michael Ostrogorsky,2017-03-24 I originally got a parrot because an old black guy with parrots told me it would help me pick up chicks. And I don't mean the poultry kind. Picked out a parrot at this old black guy's bird store here in Seattle that was big, blue, and loud. And a princess. The loudness I didn't learn about until it was too late. But that was the least of my problems. First of all, turns out I didn't actually pick out the parrot. The parrot picked me. Not only was the parrot big, blue, and loud. And a princess. The parrot was a witch. Not a figurative or allegorical witch. A literal witch. A witch of the spell casting kind. The abracadabra kind. A witch with a coffee addiction. Once I entered the bird store the parrot cast a spell. The kind of spell that caused me to open my wallet for a big, blue, loud witch. The kind of witch that didn't abide with girlfriends. The kind of witch that didn't abide with not getting her way. The kind of witch that turned out to be my guardian angel and a proverbial albatross around my neck at the same time. A witch named Princess Tara.Princess Tara was on a mission to save the world from a diabolically evil shapeshifting warlord and his zombie minions. She needed the help of a couple of history professors, one retired, the other struggling to achieve tenure. Me, the retired one, all I wanted to do was roast coffee and snag a date with a hot barista I knew. But there's an old Chinese proverb. Save a life, and you're responsible for that life forever.

Then her child's father returns, dogging her search for understanding and throwing her deep into fear and confusion. Garr's ready to bring the intriguing woman into his small family but Birdie keeps her search, the threats, and hidden relationships to herself. Will discovering the truth of events nine years in the past bring Garr and Birdie closer? Or forever tear them apart?

This Second Edition has been reformatted for easier use and now features quick-find tabs and an index. The first section of the book comprehensively covers the history, biology and behavior of birds. Bird physiology, biological systems and anatomy are explained in easy-to-understand terms and annotated illustrations. Other topics include: Fossil history of birds Reproduction and mortality Threatened and endangered species Major birding festivals and competitions How to attract specific species to the backyard Extensive resources for bird-lovers including the top birding locations in America Birding code of ethics The second section consists of an authoritative world checklist of bird species. The birds are organized by taxonomic order and listed by common and Latin name. The valuable information in The Bird Almanac fills in the gaps in knowledge of even the most seasoned birder.
