The Last London Iain Sinclair, 2017-09-07 A New Statesman Book of the Year London. A city apart. Inimitable. Or so it once seemed. Spiralling from the outer limits of the Overground to the pinnacle of the Shard, Iain Sinclair encounters a metropolis stretched beyond recognition. The vestiges of secret tunnels, the ghosts of saints and lost poets lie buried by developments, the cycling revolution and Brexit. An electrifying final odyssey, *The Last London* is an unforgettable vision of the Big Smoke before it disappears into the air of memory.

The Bloomsbury Handbook of Radio Kathryn McDonald, Hugh Chignell, 2023-01-26 The Bloomsbury Handbook of Radio presents exciting new research on radio and audio, including broadcasting and podcasting. Since the birth of radio studies as a distinct subject in the 1990s, it has matured into a second wave of inquiry and scholarship. As broadcast radio has partly given way to podcasting and as community initiatives have pioneered more diverse and innovative approaches so scholars have embarked on new areas of inquiry. Divided into seven sections, the Handbook covers: - Communities - Entertainment - Democracy - Emotions - Listening - Studying Radio - Futures The Bloomsbury Handbook of Radio is designed to offer academics, researchers and practitioners an international, comprehensive collection of original essays written by a combination of well-established experts, new scholars and industry practitioners. Each section begins with an introduction by Hugh Chignell and Kathryn McDonald, putting into context each contribution, mapping the discipline and capturing new directions of radio research, while providing an invaluable resource for radio studies.

Retroactivity and Contemporary Art Craig Staff, 2018-04-19 Contemporary art is often preoccupied with time, or acts in which the past is recovered. Through specific case studies of artists who strategically work with historical moments, this book examines how art from the last two decades has sought to mobilize these particular histories, and to what effect, against the backdrop of Modernism. Drawing on the art theory of Rosalind Krauss and the philosophies of Paul Ricoeur, Gerhard Richter, and Pierre Nora, *Retroactivity and Contemporary Art* interprets those works that foreground some aspect of retroactivity – whether re-enacting, commemorating, or re-imagining – as key artistic strategies. This book is striking philosophical reflection on time within art and art within time, and an indispensable read for those attempting to understand the artistic significance of history, materiality, and memory.

On Reenactment Cristina Baldacci, Susanne Franco, 2022-12-13 This book brings together dance and visual arts scholars to investigate the key methodological and theoretical issues concerning reenactment. Along with becoming an effective and widespread contemporary artistic strategy, reenactment is taking shape as a new anti-positivist approach to the history of dance and art, undermining the notion of linear time and suggesting new temporal encounters between past, present, and future. As such, reenactment has contributed to a move towards different forms of historical thinking and understanding that embrace cultural studies – especially intertwining gender, postcolonial, and environmental issues – in the redefinition of knowledge, historical discourses, and memory. This approach also involves questioning canons and genealogies by destabilising authorship and challenging both institutional and direct forms of transmission. The structure of the book playfully recalls that of a theatrical performance, with both an overture and prelude, to provide space for a series of theoretical and practice-based insights – the solos – and conversations – the duets – by artists, critics, curators, and theorists who have dealt with reenactment. The main purpose of this book is to demonstrate how reenactment as a strategy of appropriation, circulation, translation, and transmission can contribute to understanding history both in its perpetual becoming and as a process of reinvention, renarration, and resignification from an interdisciplinary perspective.

The Inbetweeners A-Z Matthew Richardson, 2011-07-04 A is for ... Awards. The Inbetweeners has proved a huge comedy hit and has won a host of well deserved awards. Among their haul of gongs was, in 2010, the Audience Award at the British Academy Television Awards, the only award voted for by the viewers. B is for . . . Blake Harrison. Blake plays Neil Sutherland, not the brightest spark in the foursome. Learn all about Blake's childhood, growing up in Peckham, South London, and how when he was at school, he was the romantic type, not the stupid one! C is for . . . Carli D'Amato, the long-standing object of Simon's desire. To Simon's annoyance, clever, sweet Carli has a boyfriend so he'll never be able to get as close to her as he wants. Or will he? Everything you have ever wanted to know about the best comedy show in years is within these pages! Find yourself knee-deep in Inbetweeners facts as you read all about how the show came to be such a success, where it is filmed, and who watched it, as well as the inside stories of the cast and characters we have come to know and love.

After Effects and Photoshop Jeff Foster, 2006-07-14 ... a book that needs to be on every motion graphic designer's shelf. —Scott Kelby, President, National Association of Photoshop Professionals Author Jeff Foster appeared on the DV Guys, a weekly radio show devoted to DV professionals and enthusiasts, for a LIVE online interview on Thursday, June 17, 2004. If you missed it, you can still listen to their archive. If you're in the business of motion graphics or desktop digital video production, you know that Adobe's After Effects and Photoshop are two of the most indispensable content creation tools. More integrated than ever before, the world's number-one compositing and image-editing programs can be used in tandem to create quality work at a relatively low cost. But it takes years of experience to figure out how to get the most out of this remarkable duo. With *After Effects and Photoshop: Animation and Production Effects for DV and Film*, graphics guru Jeff Foster has created the first book devoted to showing how you can use these two programs together to produce animations and effects on the desktop. This practical guide focuses exclusively on techniques commonly used in the field as well as cutting-edge production tricks. These hands-on projects will demystify cool Hollywood effects and help you solve your daily challenges. And they'll inspire you to think more artistically when approaching your creations. Inside, you'll discover pro techniques for motion graphics and video production, including how to: Add depth and realism to your animations by mimicking real motion Use exaggerated movements to enhance characterization Apply 3-D animation to 2-D images Remove background fodder with blue-screen garbage mattes Employ rotoscoping techniques for frame-by-frame retouching Construct realistic composites and scene locations using matte painting techniques Make movies from stills by simulating 3-D camera motion Utilize perspective, speed, and scale to create believable moving objects Produce realistic special effects such as noise, clouds, and smoke Practice imaginative motion titling effects that grab people's attention Develop professional scene transitions using 3-D layer animations And much more! Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

How to Make Great Radio David Lloyd, 2015-05-19 There is no such thing as perfect radio - and therein lies its delicious unpredictability. In fact, so charming is this quality that 90 per cent of UK adults tune into the medium every week. Like many things, radio done well sounds effortless. It is not. Producing great radio is partly down to instinct and partly down to learning then mastering the basics. Drawing upon his thirty years spent working with some of the finest talents in British radio, David Lloyd shares a plethora of valuable tips and tricks of the trade in this unique and authoritative guide to broadcasting success. Covering speech and music formats, local and national stations, technical and artistic skills, content and style considerations, and much, much more, this how-to is essential and accessible reading for all - whether you are taking your tentative first steps in radio or refreshing your existing industry knowledge. Lloyd's

hugely entertaining selection of anecdotes, examples, research, insight and pointers sets out to bottle the very essence of memorable radio, determining the factors that differentiate a truly great broadcaster from a distinctly average one, and helping budding hopefuls achieve their radio goals.

e-Pedia: Game of Thrones (season 6) Wikipedia Contributors,2017-02-22 This carefully crafted ebook is formatted for your eReader with a functional and detailed table of contents. The sixth season of the fantasy drama television series Game of Thrones premiered on HBO on April 24, 2016, and concluded on June 26, 2016. It consists of ten episodes, each of approximately 50–60 minutes, largely of original content not found in George R. R. Martin's A Song of Ice and Fire series. Some material is adapted from the upcoming sixth novel The Winds of Winter and the fourth and fifth novels, A Feast for Crows and A Dance with Dragons. The series was adapted for television by David Benioff and D. B. Weiss. HBO ordered the season on April 8, 2014, together with the fifth season, which began filming in July 2015 primarily in Northern Ireland, Spain, Croatia, Iceland and Canada. Each episode cost over \$10 million. This book has been derived from Wikipedia: it contains the entire text of the title Wikipedia article + the entire text of all the 593 related (linked) Wikipedia articles to the title article. This book does not contain illustrations. e-Pedia (an imprint of e-artnow) charges for the convenience service of formatting these e-books for your eReader. We donate a part of our net income after taxes to the Wikimedia Foundation from the sales of all books based on Wikipedia content.

A Licence to be Different Maggie Brown,2020-12-10 Traces the history and development of Channel 4, one of the UK's best loved and most controversial TV channels. Identifies key figures and signature programmes such as 'Brookside,' 'The Big Breakfast' and 'Wife Swap,' as well as successful American imports including 'Friends' and 'Sex and the City.'

The Science of Storytelling Will Storr,2020-03-10 The compelling, groundbreaking guide to creative writing that reveals how the brain responds to storytelling Stories shape who we are. They drive us to act out our dreams and ambitions and mold our beliefs. Storytelling is an essential part of what makes us human. So, how do master storytellers compel us? In *The Science of Storytelling*, award-winning writer and acclaimed teacher of creative writing Will Storr applies dazzling psychological research and cutting-edge neuroscience to our myths and archetypes to show how we can write better stories, revealing, among other things, how storytellers—and also our brains—create worlds by being attuned to moments of unexpected change. Will Storr's superbly chosen examples range from Harry Potter to Jane Austen to Alice Walker, Greek drama to Russian novels to Native American folk tales, King Lear to Breaking Bad to children's stories. With sections such as "The Dramatic Question," "Creating a World," and "Plot, Endings, and Meaning," as well as a practical, step-by-step appendix dedicated to "The Sacred Flaw Approach," *The Science of Storytelling* reveals just what makes stories work, placing it alongside such creative writing classics as John Yorke's *Into the Woods: A Five-Act Journey into Story* and Lajos Egri's *The Art of Dramatic Writing*. Enlightening and empowering, *The Science of Storytelling* is destined to become an invaluable resource for writers of all stripes, whether novelist, screenwriter, playwright, or writer of creative or traditional nonfiction.

The International Dictionary of Data Communications Robert A. Saigh,1998 Defines some 3,500 terms related to on-line and off-line data communication, for users at all levels. Includes some 70 pages of appendices listing data communications sources, government agencies, internal telecommunications carriers, international data communications and network hardware and software

Kateryn Parr Laura Adkins,2024-05-16 Katheryn Parr is mainly remembered today as being the sixth

wife of King Henry VIII, the one who 'survived'. Katheryn was not only a wife but a queen, mother, reformer, and author. Katheryn would face a number of events in her lifetime including being held to ransom during the Pilgrimage of Grace, being placed as regent while Henry was in France, a role which only one of his five previous wives held, her namesake Katherine of Aragon, and overcame a plot which would have led to her arrest and execution. While Queen she was able to unite the Tudor family and establish some form of happiness for Henry VIII's three children. Raised by her mother Maud Parr, under a humanist education, Katheryn was intelligent enough to understand her role in life and was not afraid to do her research. Although raised a Catholic, Katheryn became a reformer and went on to write a number of religious texts, being the first female in England to ever have a book published under her own name. She was loyal not only to her family but her servants and the women of her court. She loved her stepchildren and provided them with a mother's love and a role model which her stepdaughters could learn from. Her views on what was expected of her placed her into an open conflict with her brother-in-law Edward Seymour and his wife Anne. This book explores the various roles she had in her lifetime and the passion and duty she put into them, even if it meant putting others first. It will explore her love for Thomas Seymour and how it blindsided her and led to a sad end of her life, and the book will finally look at her legacy - the influence she had on Princess Elizabeth, the future Queen Elizabeth I.

The Radio Handbook John Collins,Arran Bee,2021-03-29 Updated and revised, the fourth edition of The Radio Handbook is a comprehensive guide to the medium of radio and the radio industry in the UK. Featuring new chapters on social media and podcasting, this book offers a thorough breakdown of the knowledge and skills needed to work within the contemporary radio industry. Using examples, case studies and transcripts, it examines the various building blocks that make radio, from music scheduling to news values and from phone-ins to sports commentaries. The latest trends in contemporary audio practice are referenced throughout, including the increased adoption of smartphone technology, further consolidation within commercial radio, and the ongoing debate about the future funding of the BBC against the backdrop of an accelerated move towards remote working, the rise in popularity of podcasting and an ever more crowded media landscape. Combining theory and practice, this textbook is ideally suited for students of radio, media, communications and journalism. It equips readers with the skills they need to not only produce good radio themselves, but to have the knowledge they need to become a critical friend of the medium.

The 100 Greatest Retro Videogames Future Publishing Ltd,2020-04 Love video games? Here's a huge countdown of the 100 greatest retro games of all time--along with developer interviews, behind-the-scenes stories, and amazing facts and trivia From platformers and puzzlers to shooters and racing games, this brilliantly illustrated book showcases the 100 greatest retro video games, as chosen by the experts at Retro Gamer magazine. The Guardian Index ,2003

The Life of Lee Lee Evans,2011-09-29 Lee Evans is one of the best-loved comedians in the country; a Hollywood star able to sell out arenas in the blink of eye. But he was not always such a roaring success. The

Life of Lee is an utterly hilarious and very moving autobiography charting his ups and downs on the way to the top. Lee takes us on a darkly humorous journey through his childhood spent running wild on a Bristol housing estate and his unconventional school days, when he was publicly derided as 'a failure' by a sadistic teacher. In this brilliantly entertaining and engaging tale, he also guides us through a grim teenage period of numerous dead-end jobs. When he was cleaning toilets and plucking turkeys, he could never have imagined that one day he would be playing to thousands of adoring fans at the O2 Arena. The book also reveals how as a boy Lee got his first taste of showbiz, living out of a suitcase and accompanying his entertainer father around the smoky, rowdy, unforgiving working-men's club and theatre circuit. Desperately struggling to be accepted, this quiet young loner always saw himself as an outsider. But he finally met the love of his life and accidentally discovered the one place where he felt at home: the stage. The Life of Lee is a story that is like its subject: compelling, touching, charming and, above all, fantastically funny.
